

A woman is depicted from the chest up, wearing a vibrant pink sari with a gold border. She is adorned with extensive gold jewelry, including a large, ornate headpiece with a central gemstone, a matching necklace, and wide armlets on both arms. Her face is partially covered by a pink veil (dupatta) that leaves only her eyes and nose visible. She has a serious expression and is looking directly at the viewer. The background is a textured, light-colored wall with some architectural details.

A Psychedelic Carousel

The Paul Joel Martin Orchestra

A beautiful collection of retro/psychedelic pop songs, love ballads and soft rock music by The Paul Joel Martin Orchestra. Available to listen to on YouTube at "Paul Martin's Fine Films," along with many other genres of music produced by Paul Joel Martin.

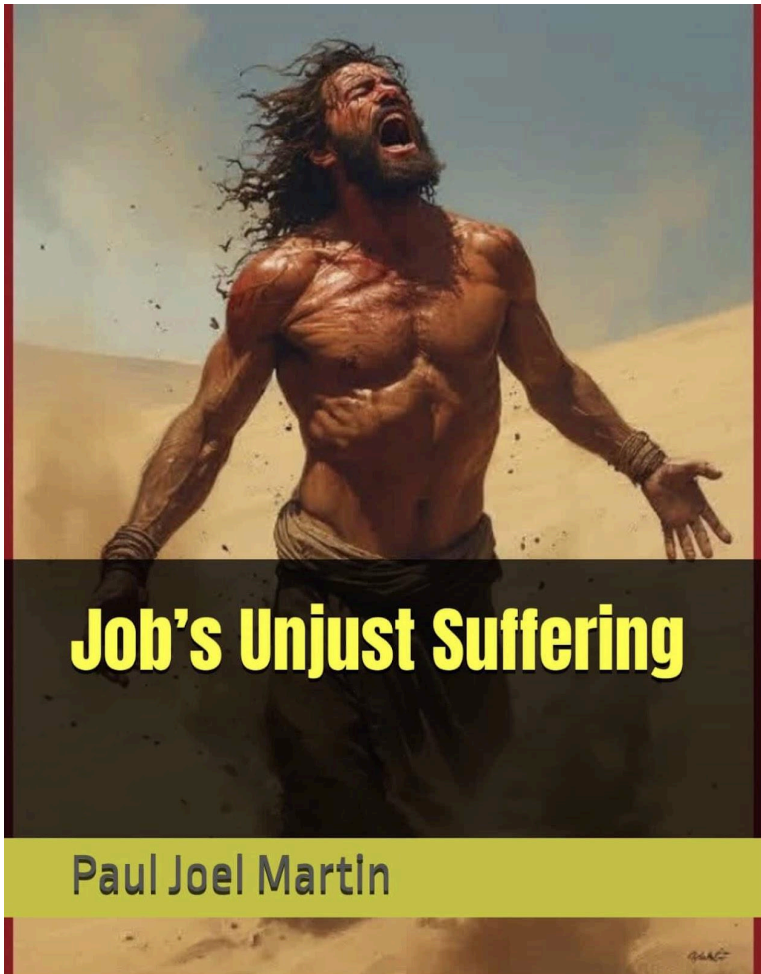

A holy king or a monster? A man after God's own heart, or a master manipulator?

Was Samuel a false prophet and an illegitimate priest? Was King David a murderous psychopath, who unjustly usurped the throne from King Saul? Was King Saul as evil as scripture portrays him? Was Solomon doing the will of God when he built the temple?

Paul Joel Martin takes a close look at the Bible for hints. Join him in this detective work of examining the most exalted king in history. Here we will look at the biographies of Israel's last Judge, Samuel, and their first kings: Saul, David and Solomon. This mystery has been hiding in plain sight for over three millennia.

A definitive biography of Samuel, Saul, David and Solomon.

A brand new commentary and analysis of the book of Job. Why does God allow suffering? Why did God test Job so harshly? Did he deserve it? Was Satan God's archenemy or his loyal servant? Was Job more righteous than the God he worshipped? These questions are examined here, as we study Job and its beautiful lesson in empathy and compassion.

***Was King Ahab the worst king in Israel's history, as the Bible claims?
Did he and Queen Jezebel persecute the prophets?***

***Was Elijah a mass-murderer? Did Elisha have secret dealings with Syria
against his own nation? Did Elijah & Elisha make false predictions or
prophecy lies?***

***These mysteries have been hiding in plain sight for many centuries.
Let's examine the text in First & Second Kings, apply logic and uncover
this mystery.***

Pinup Girls

One thing people find attractive is pinups. Here's a bunch of them.

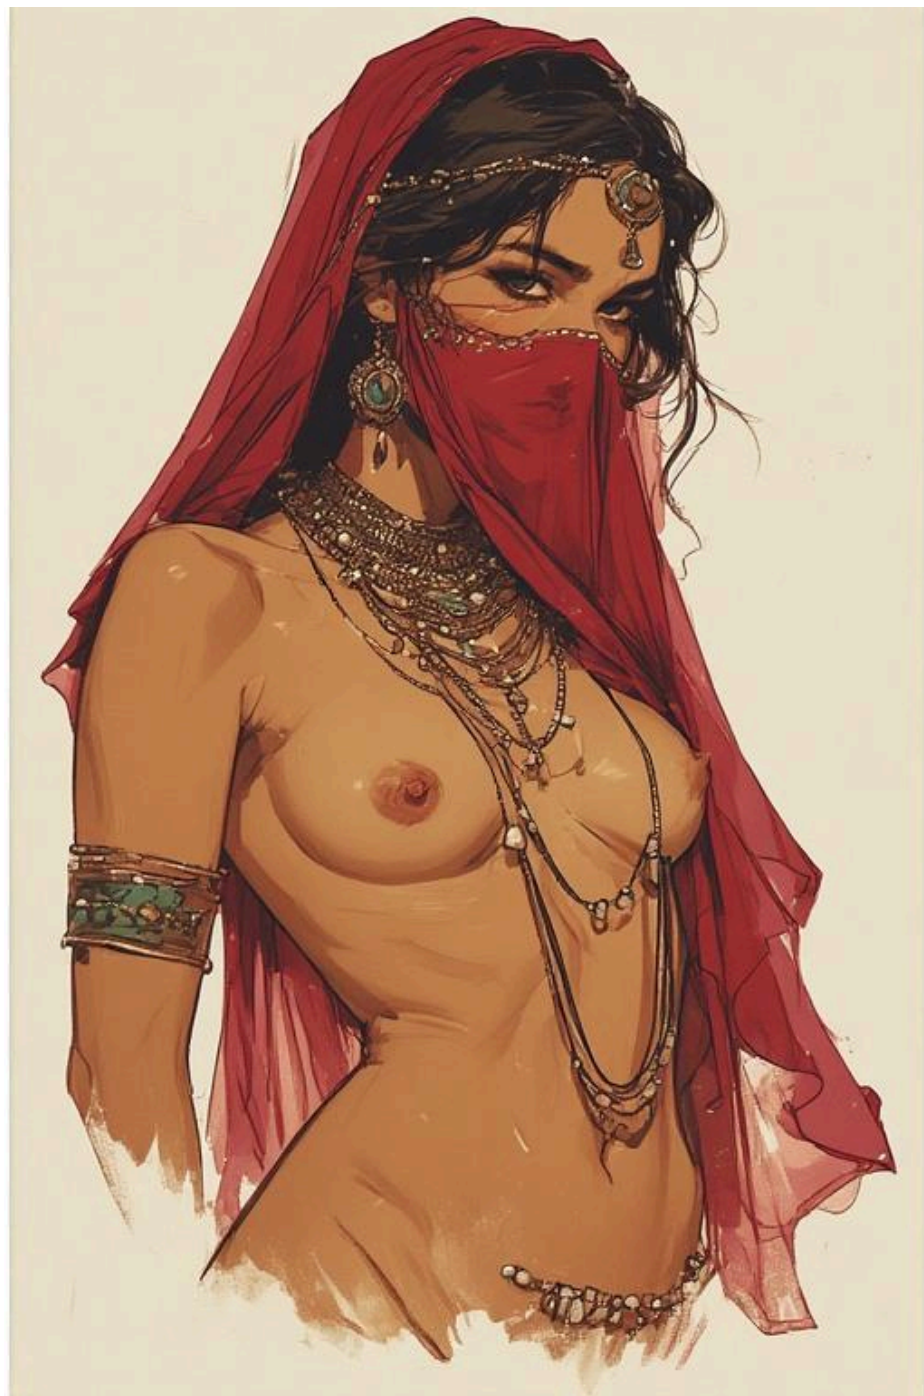

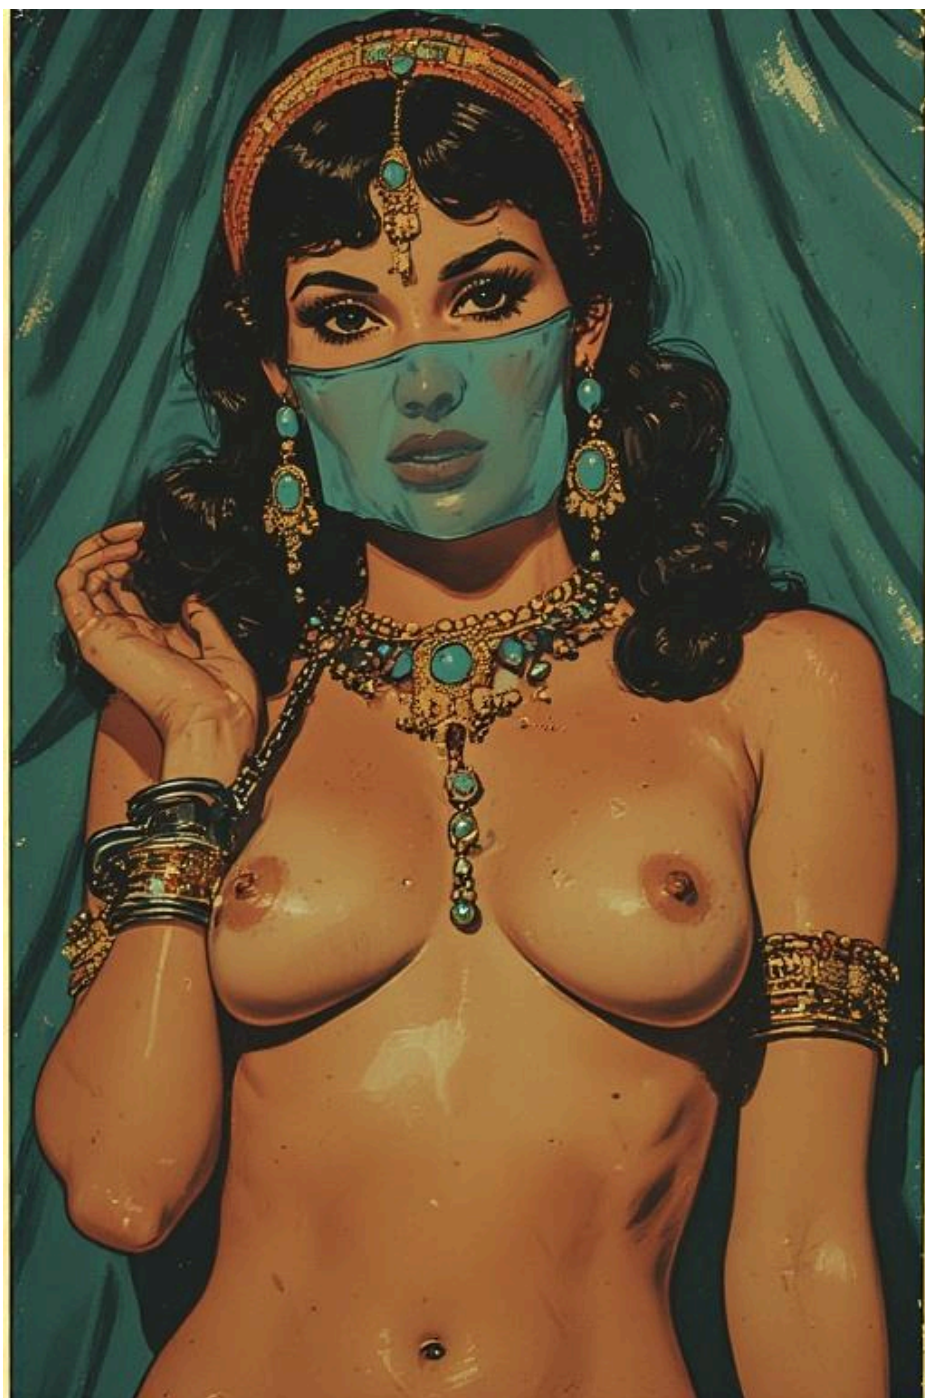

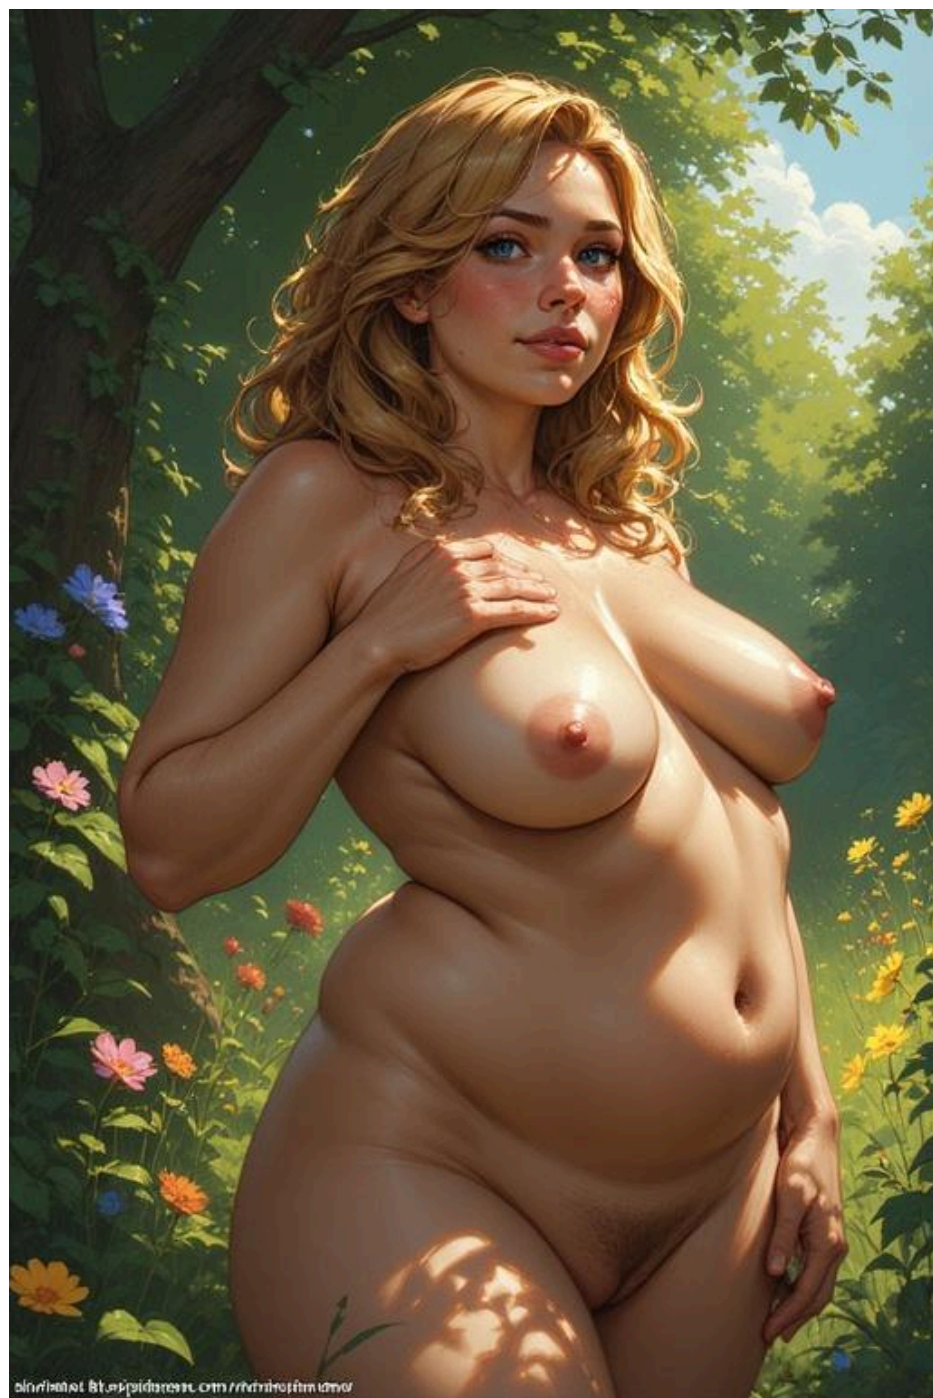

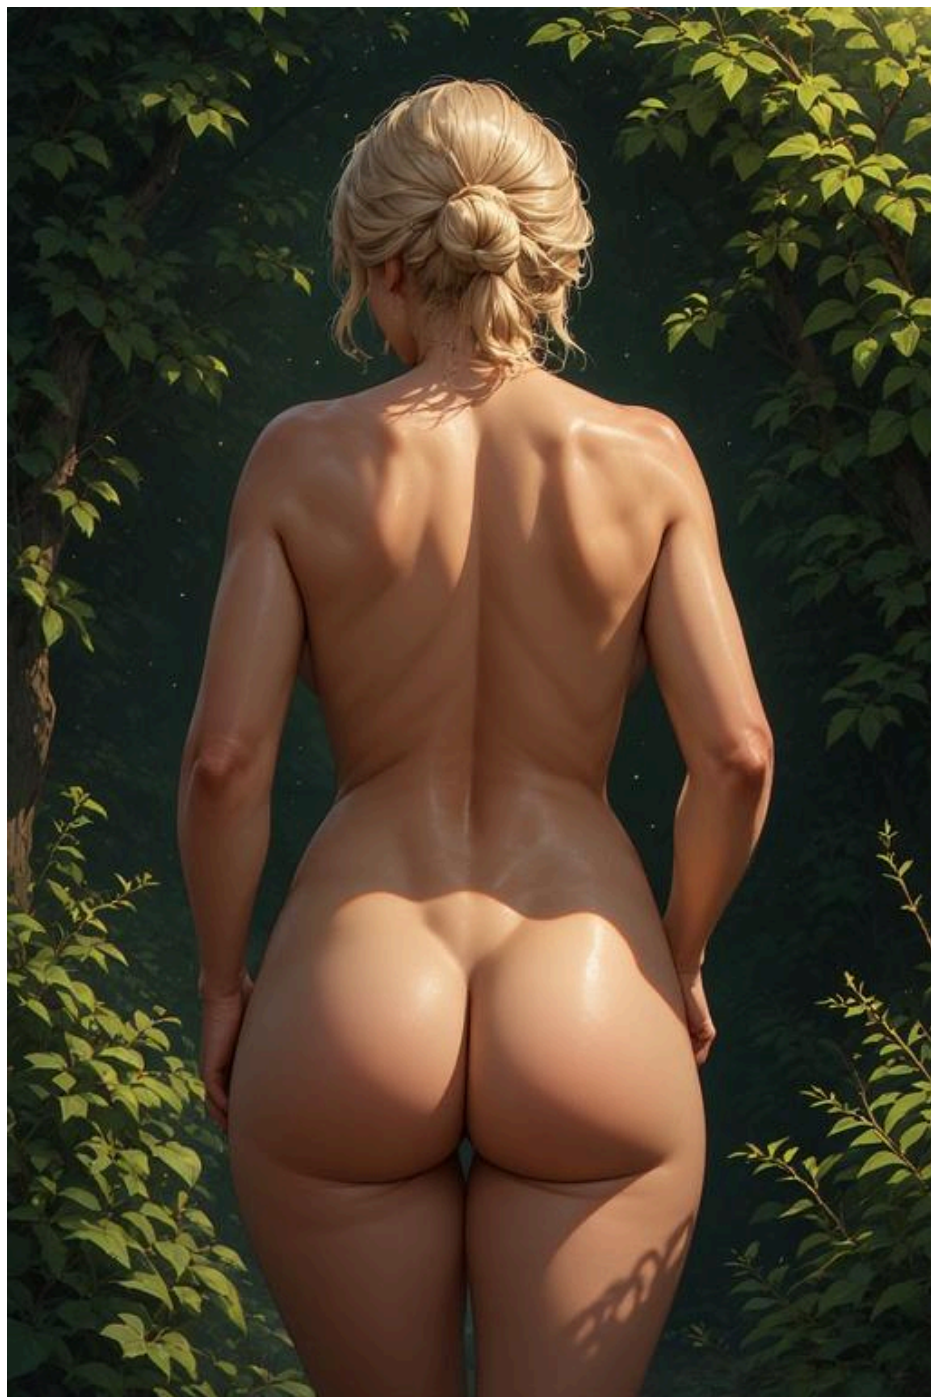

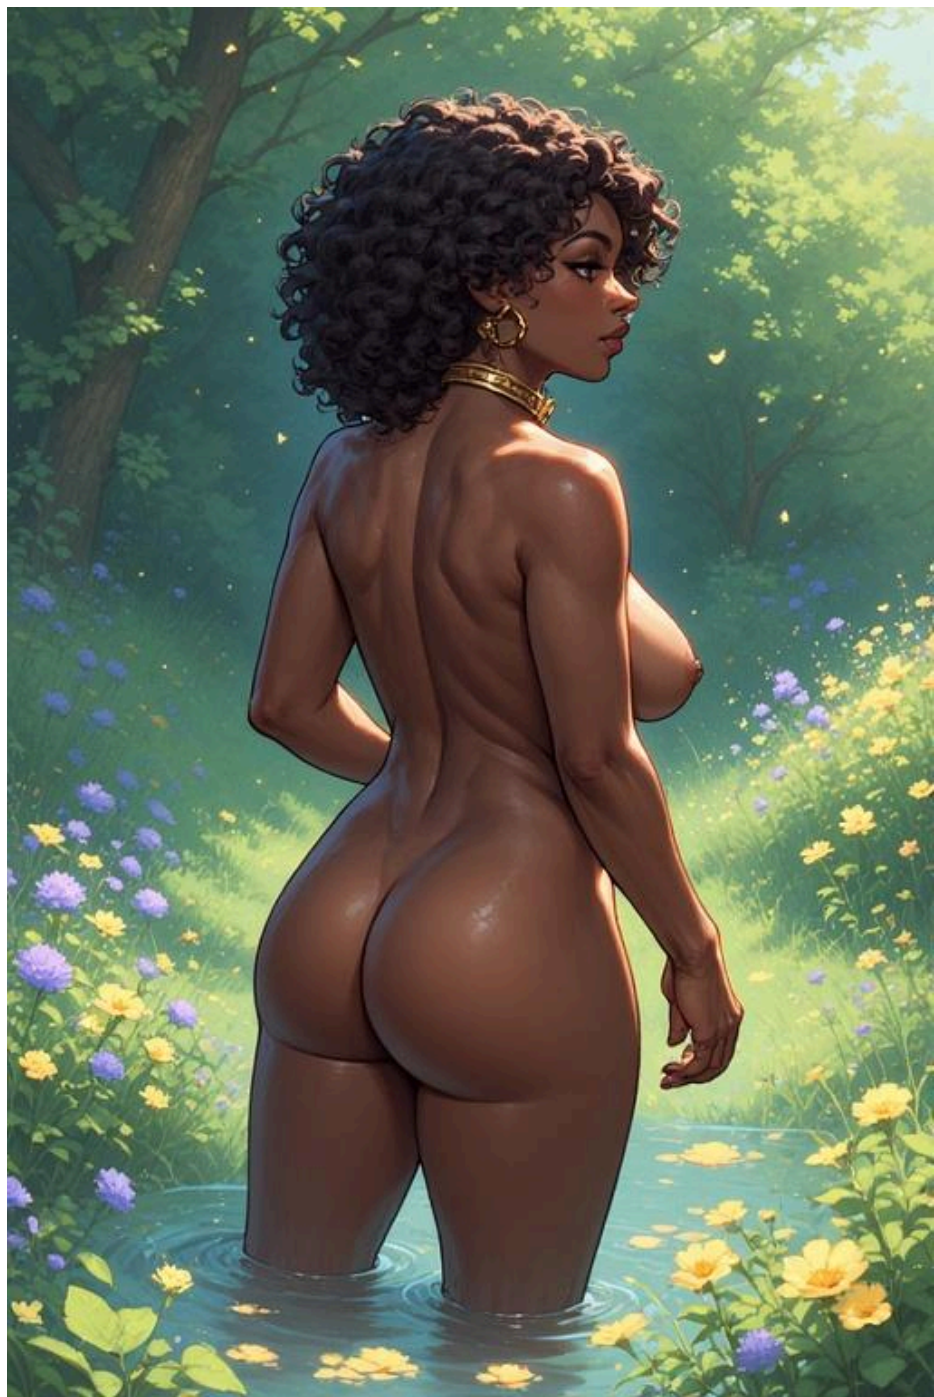

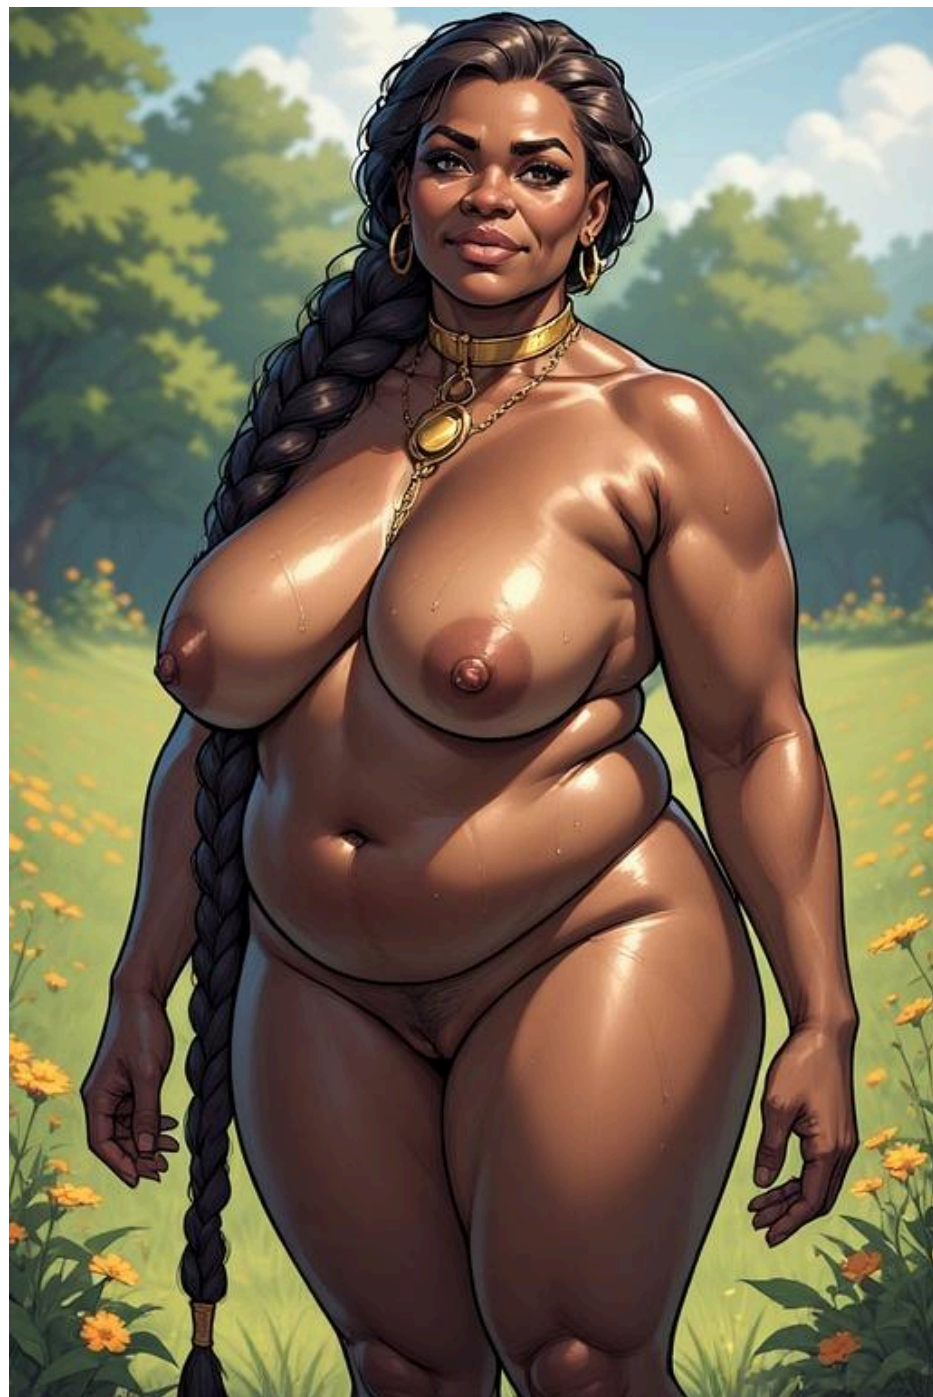

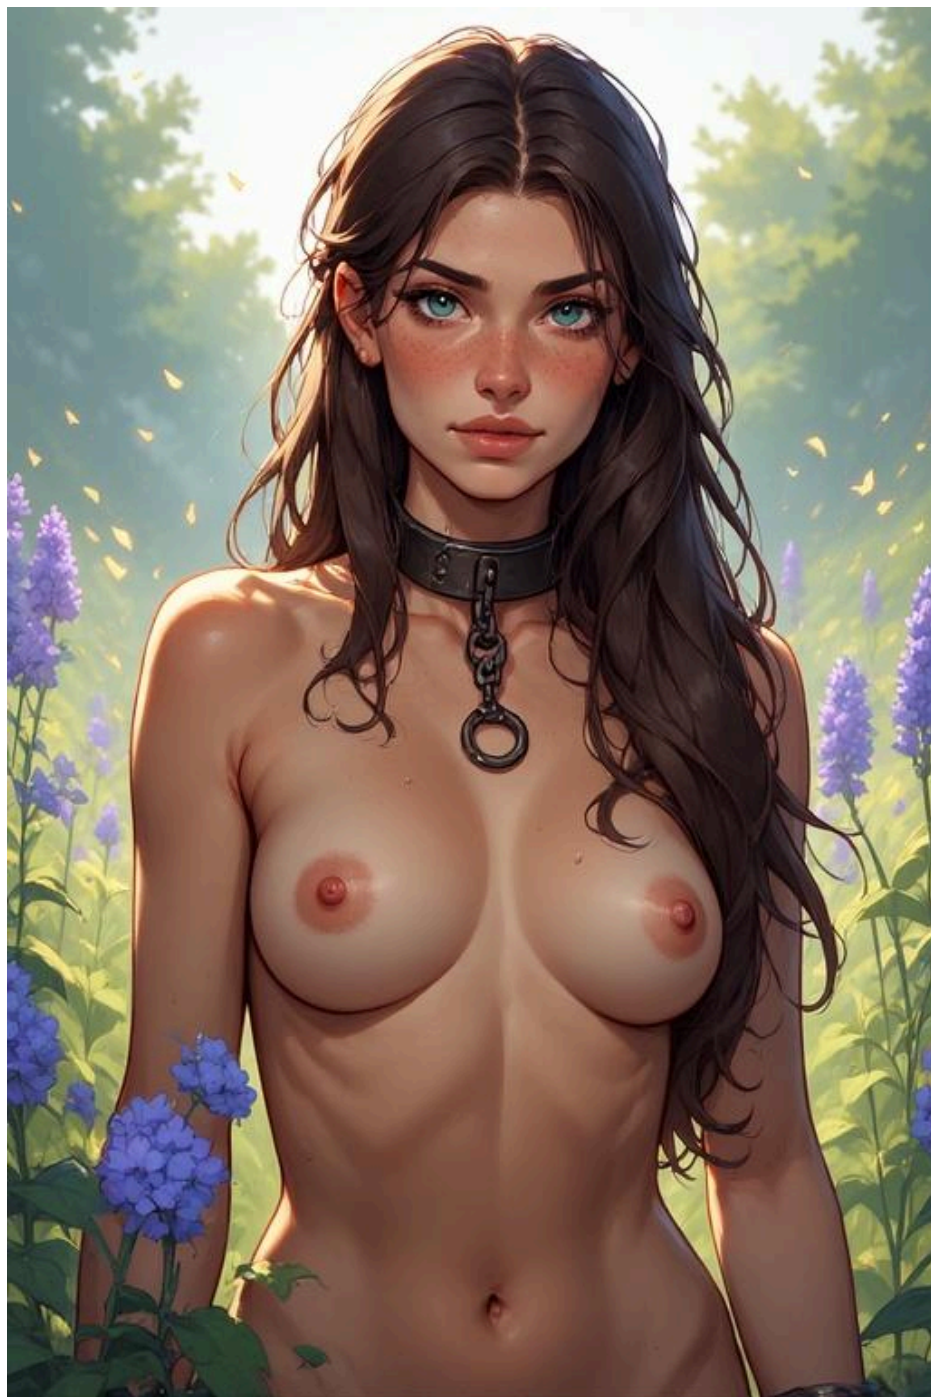

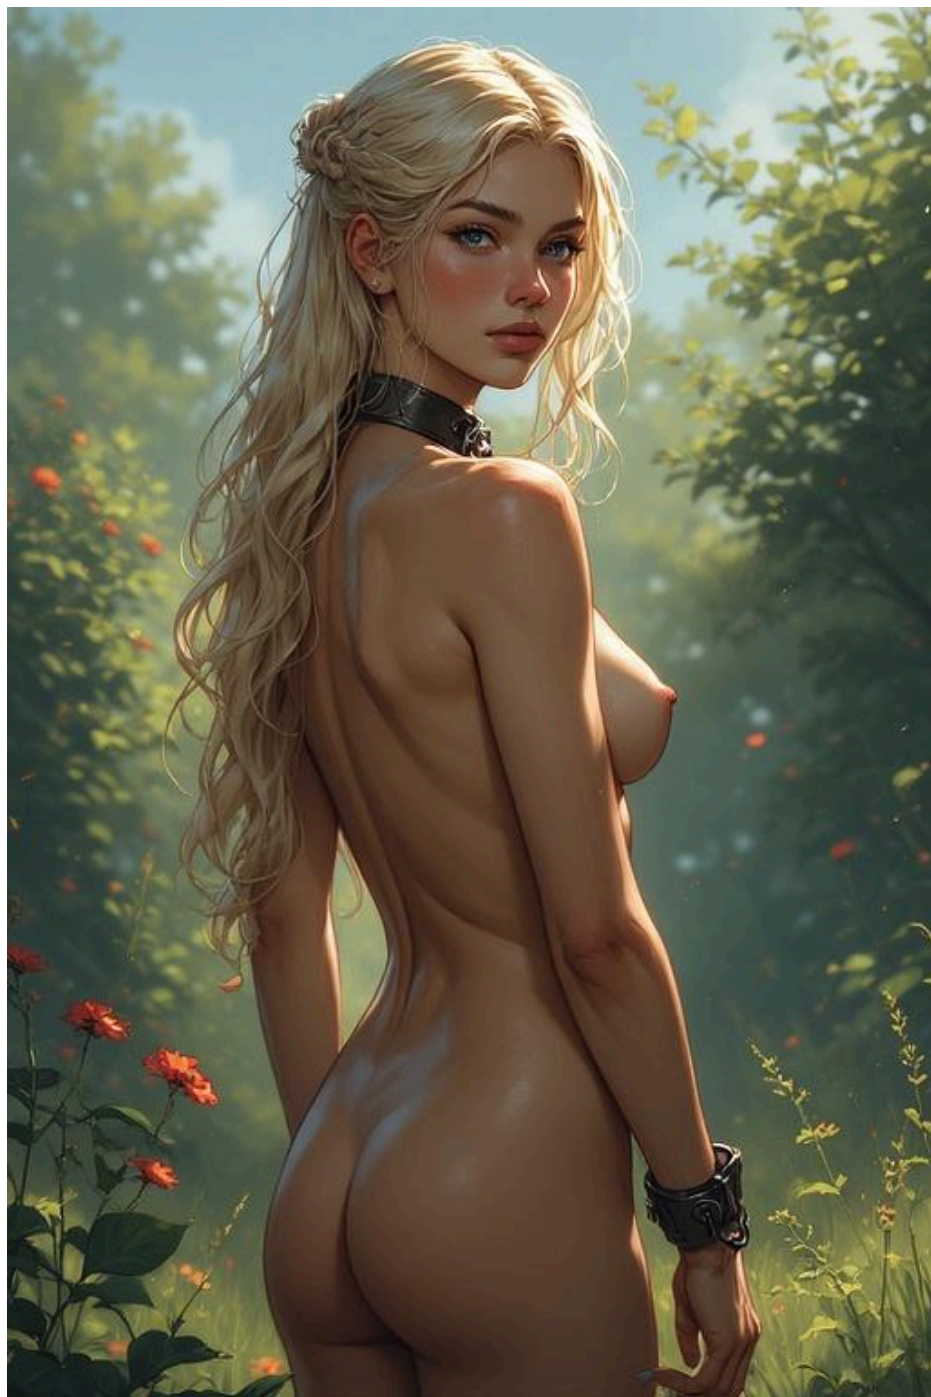

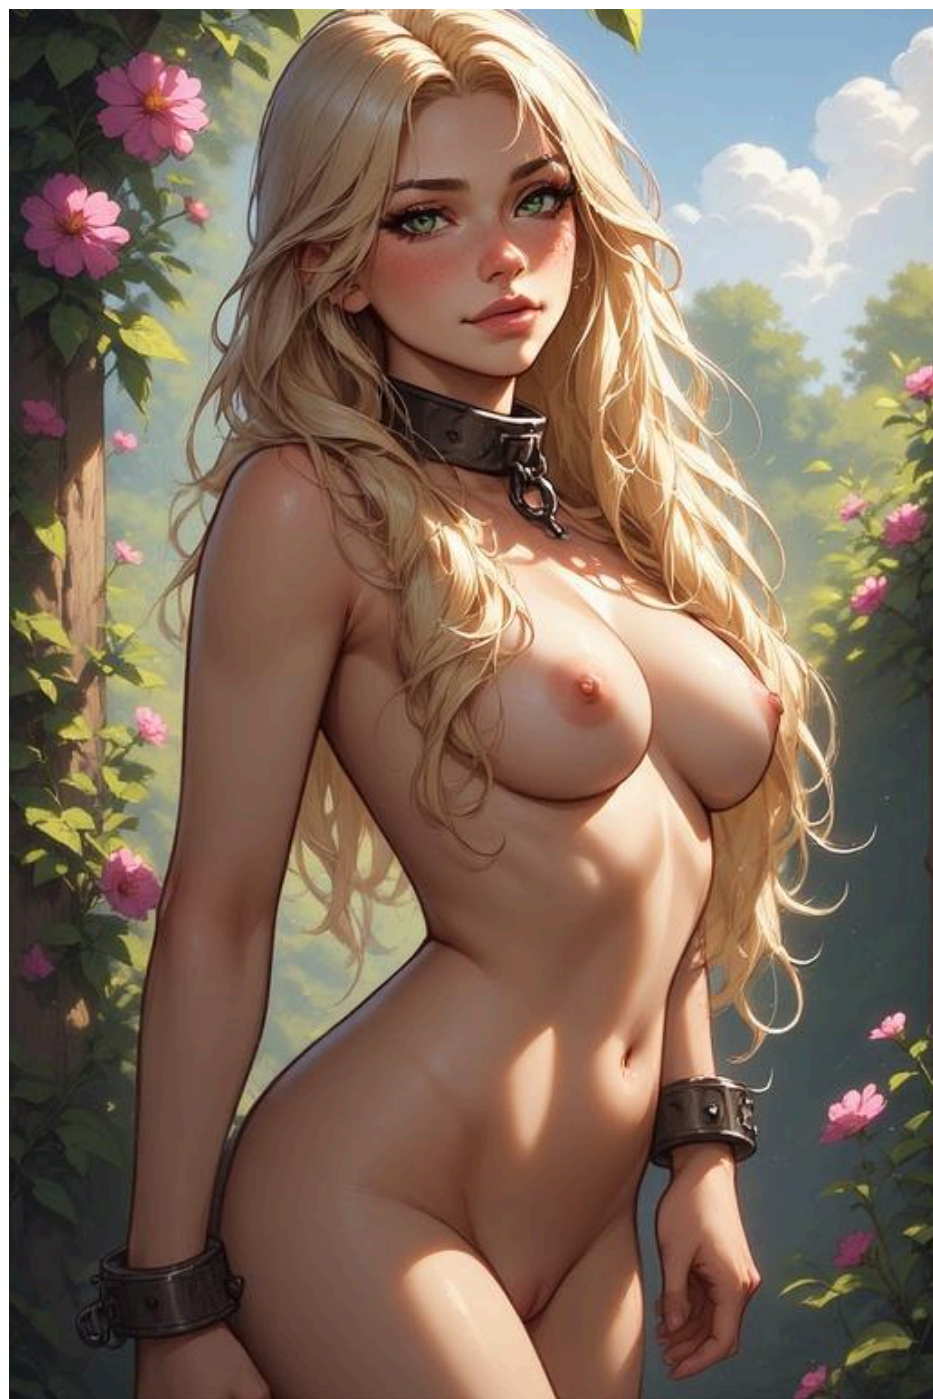

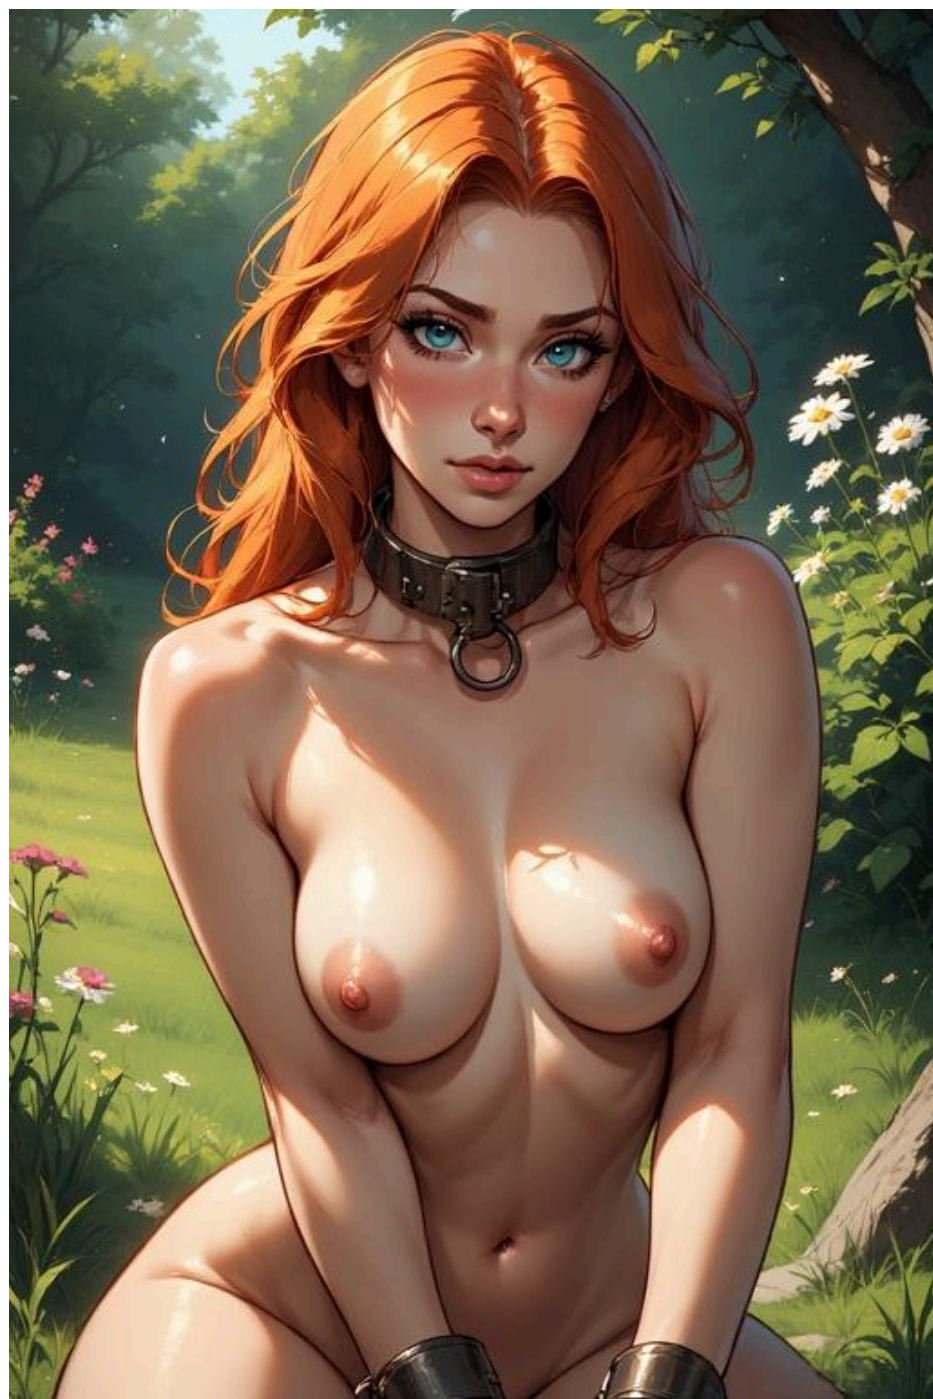

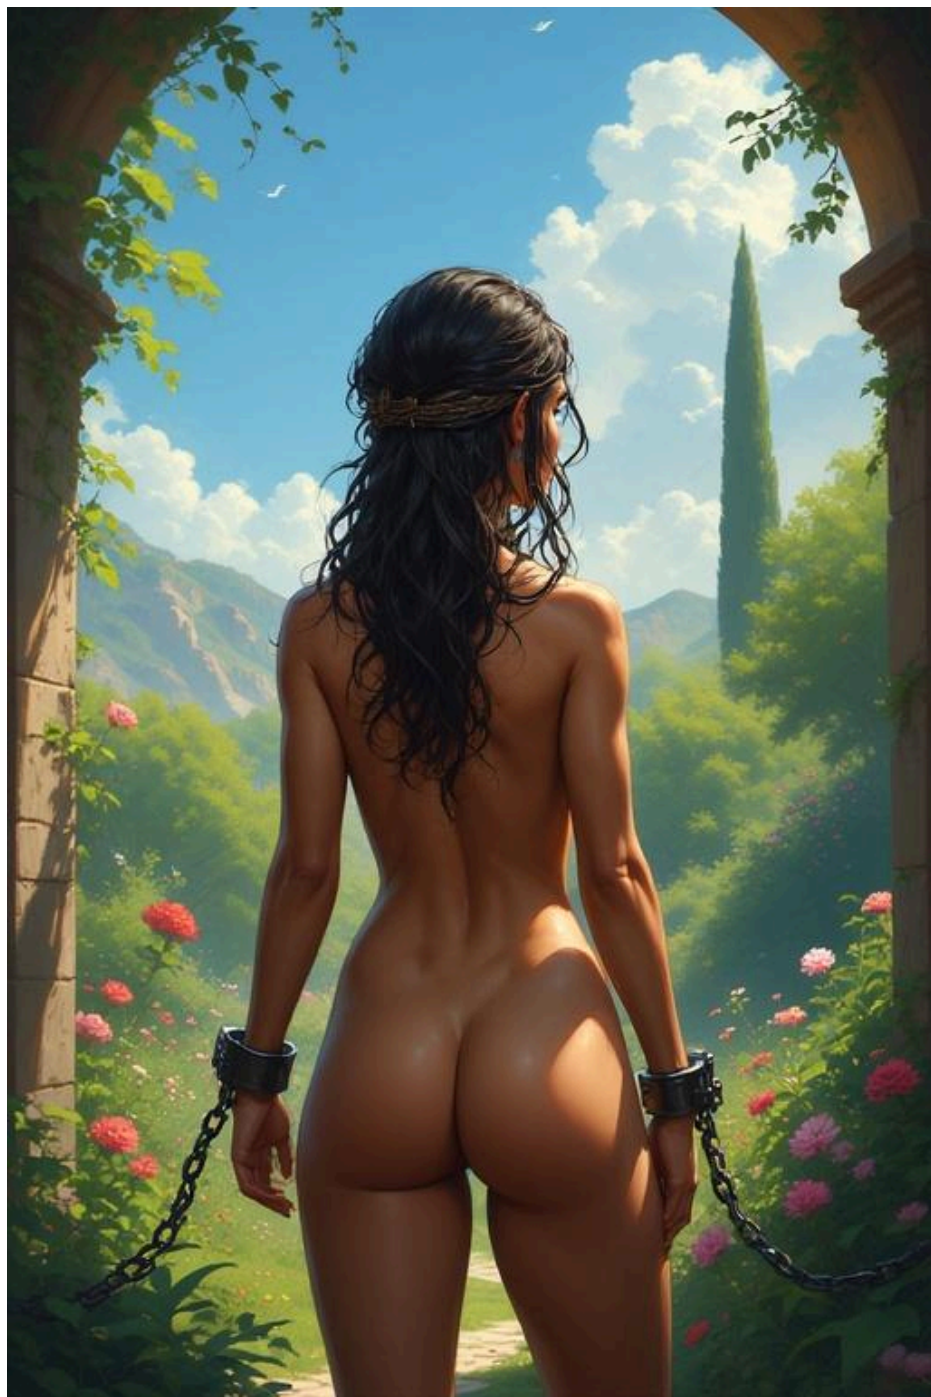

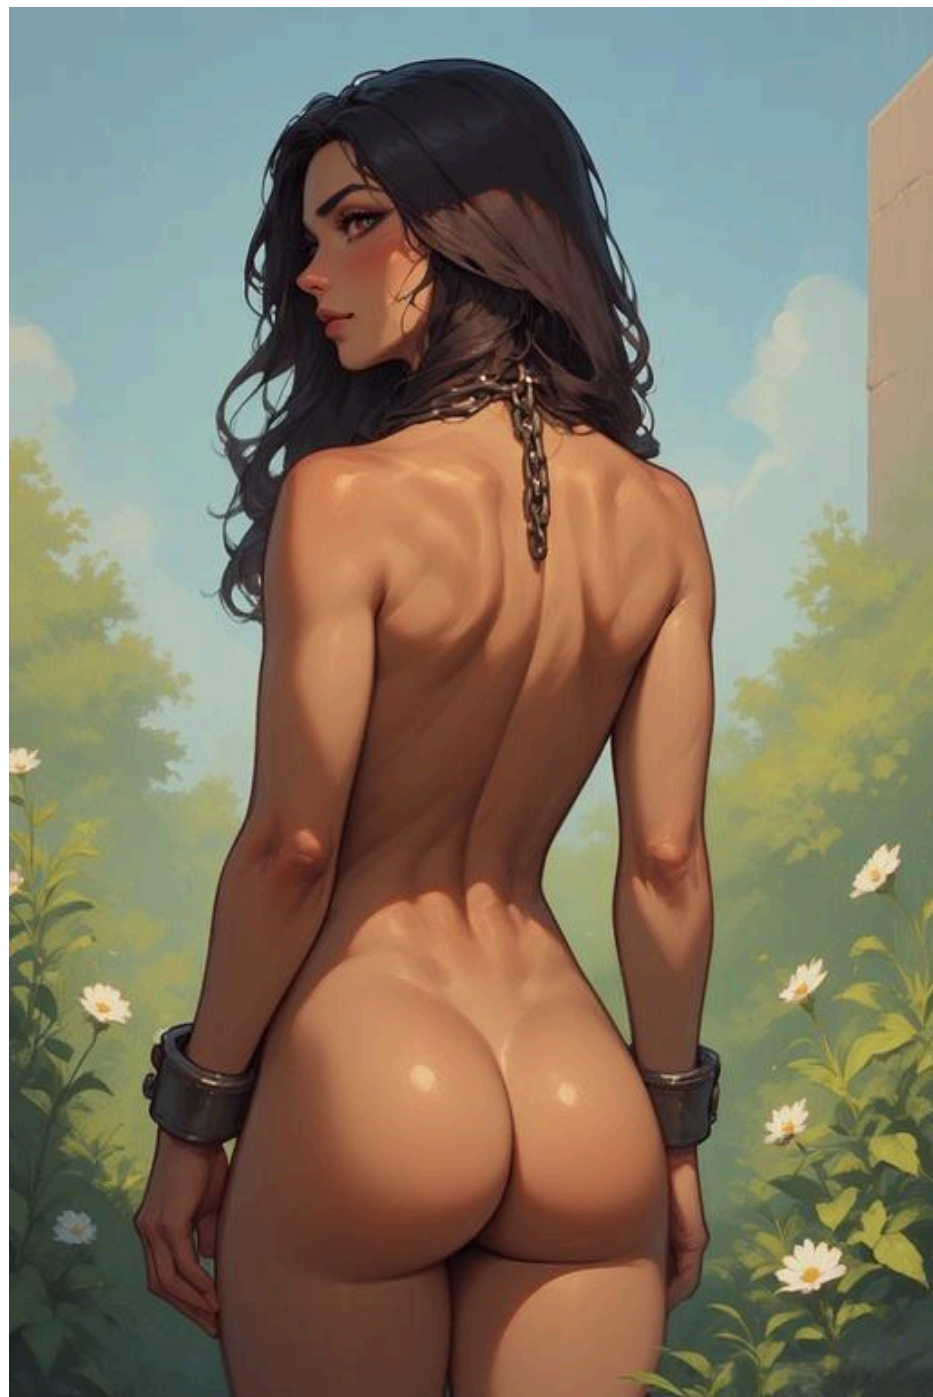

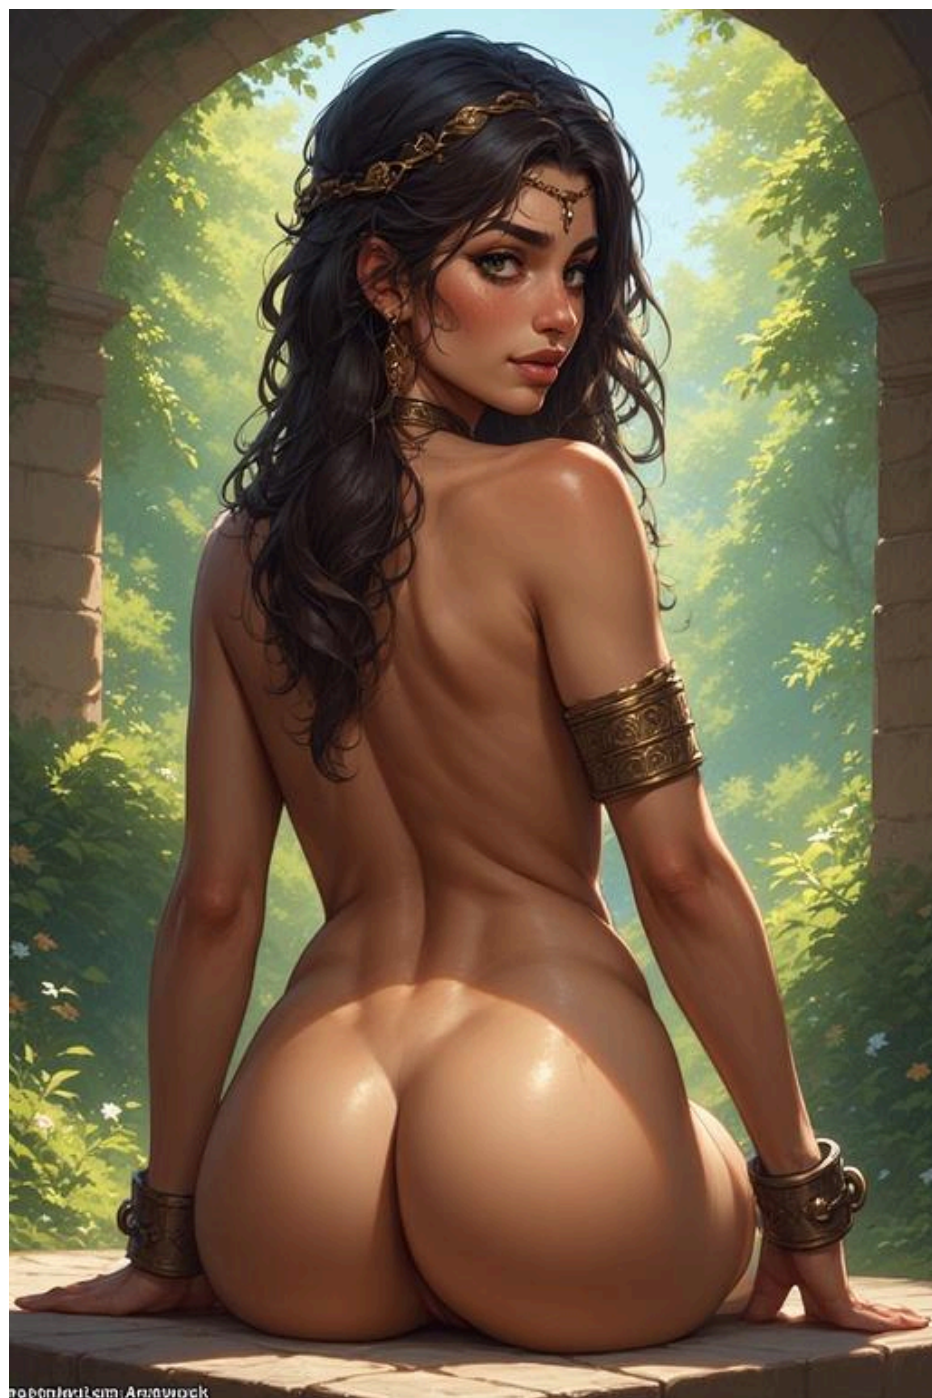

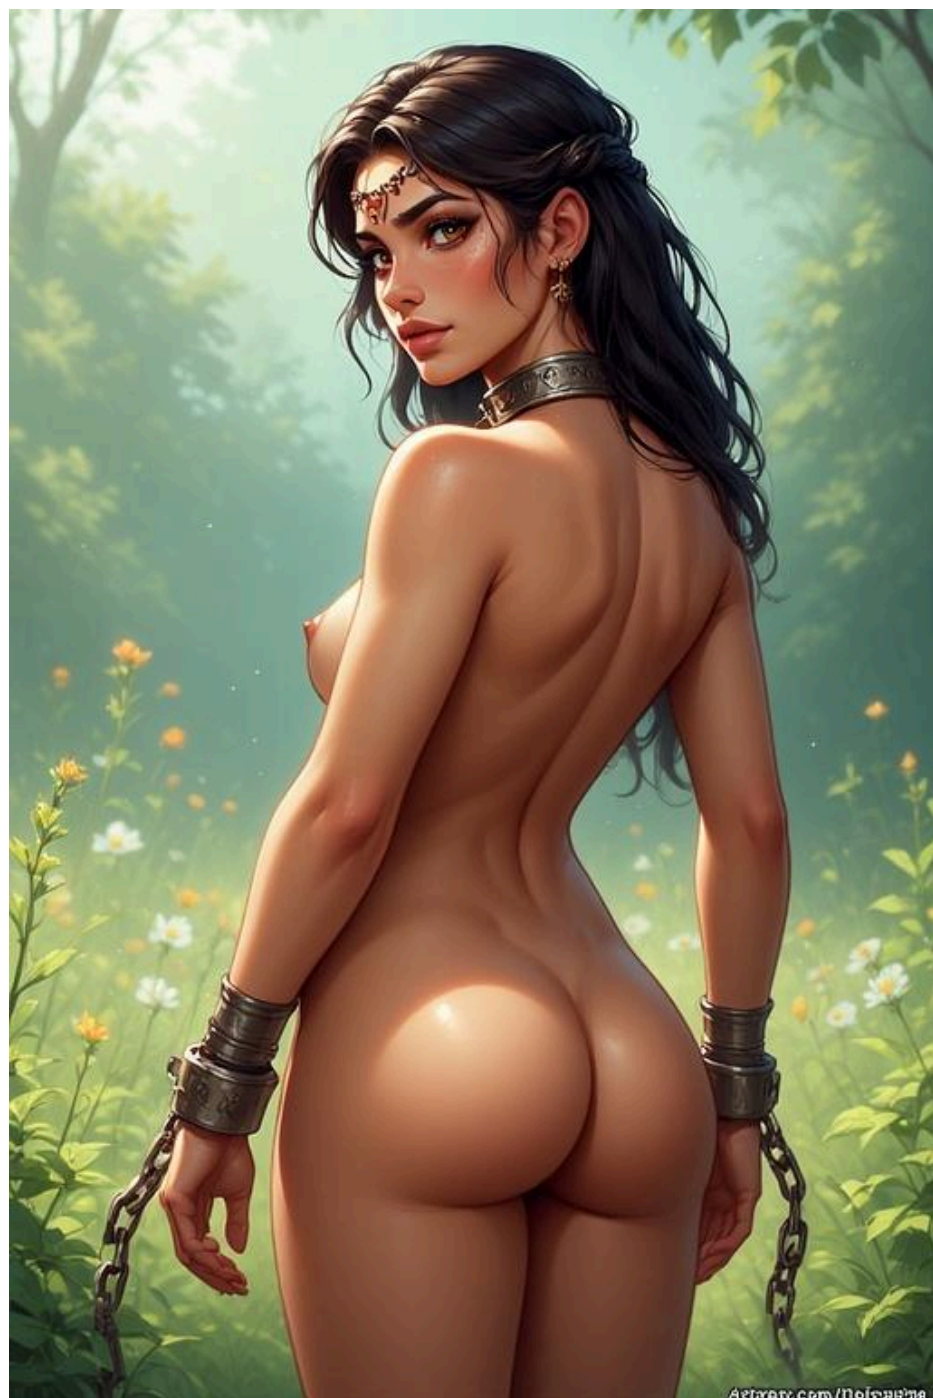

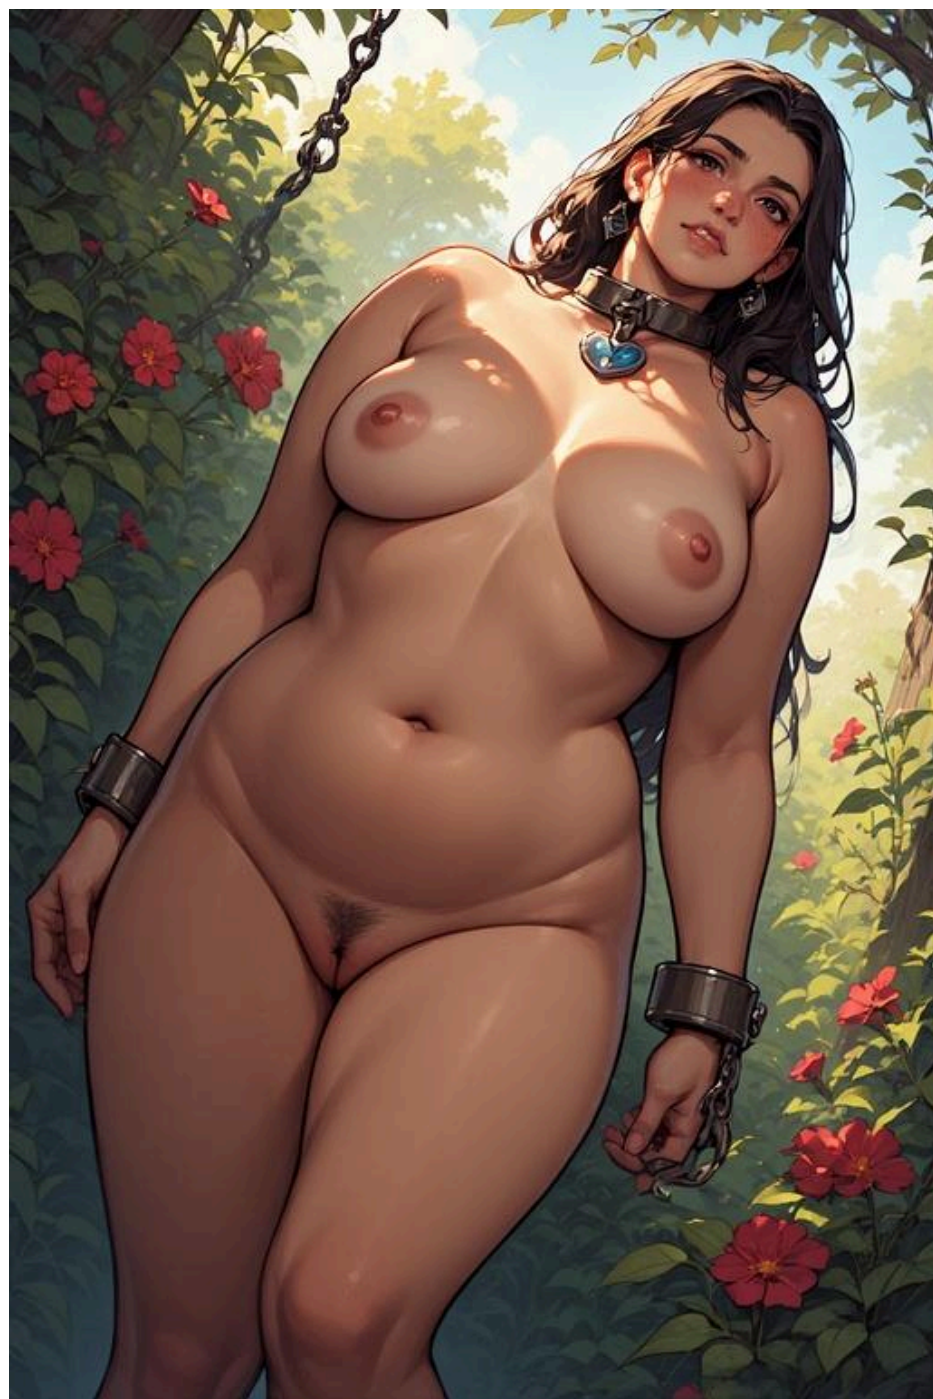

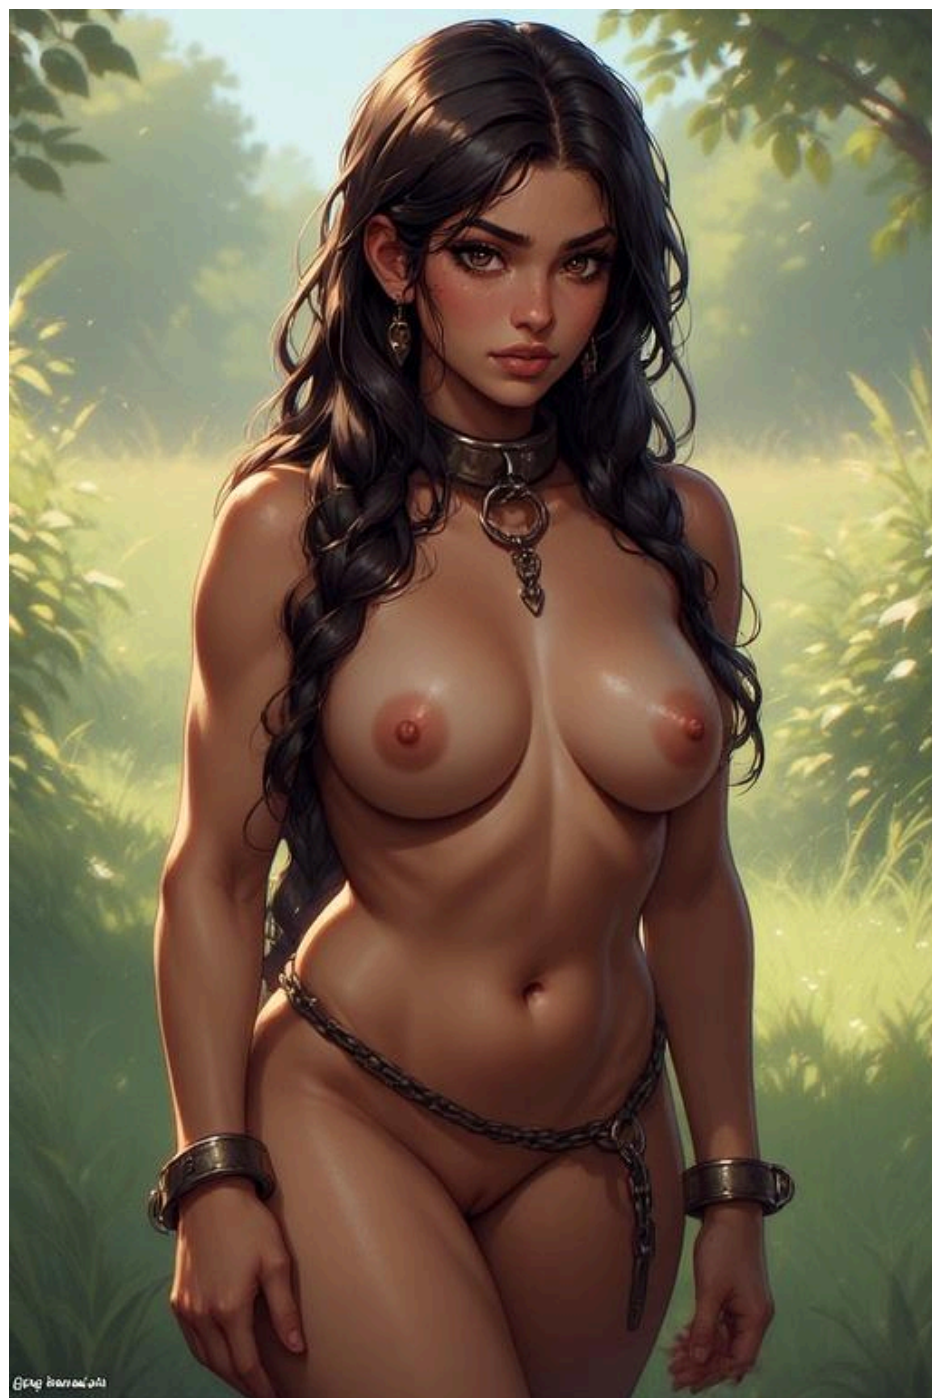

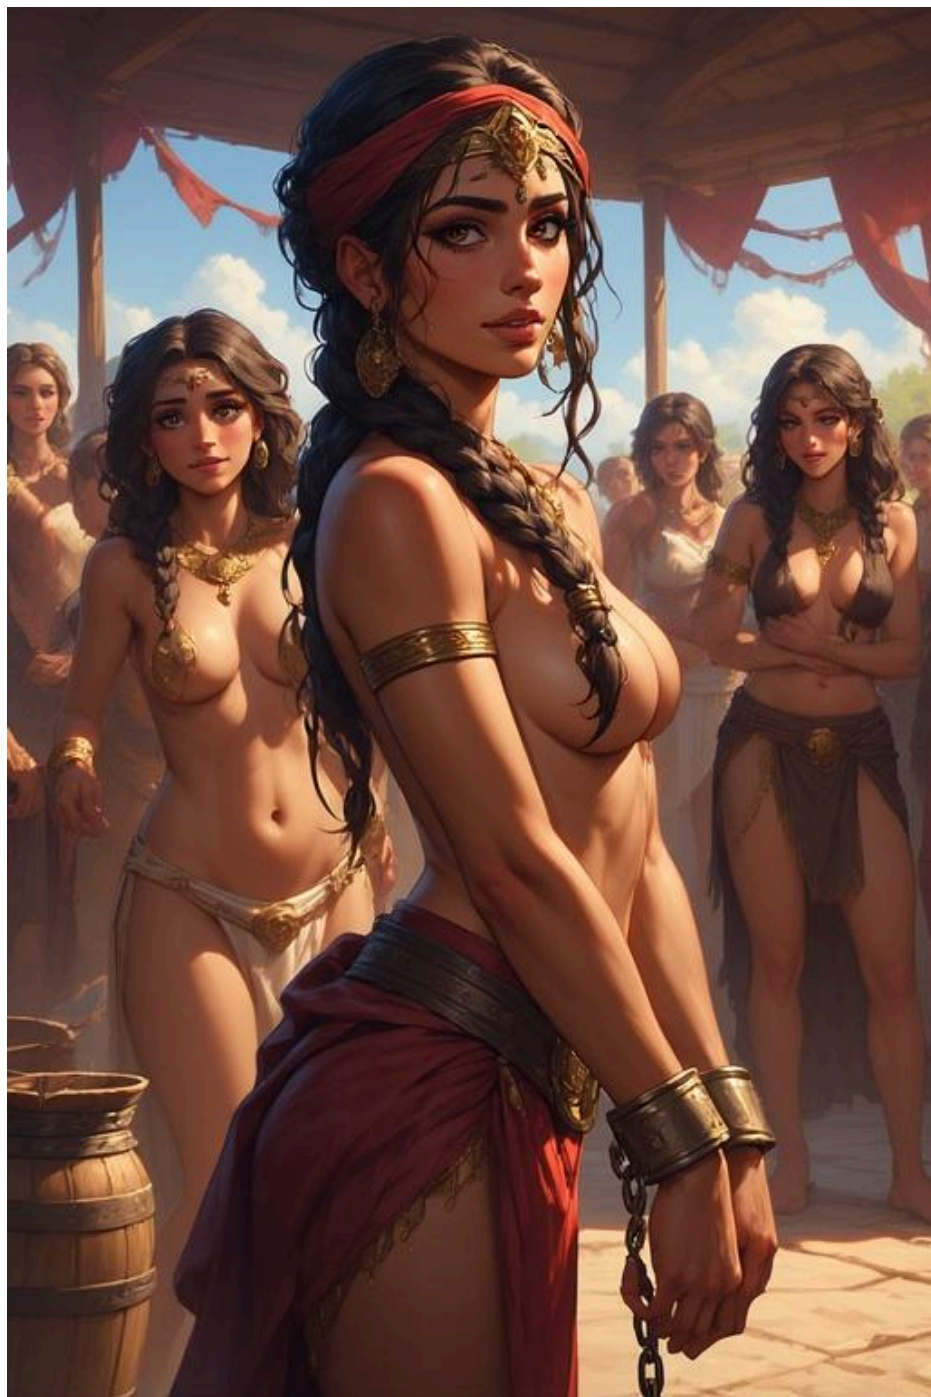

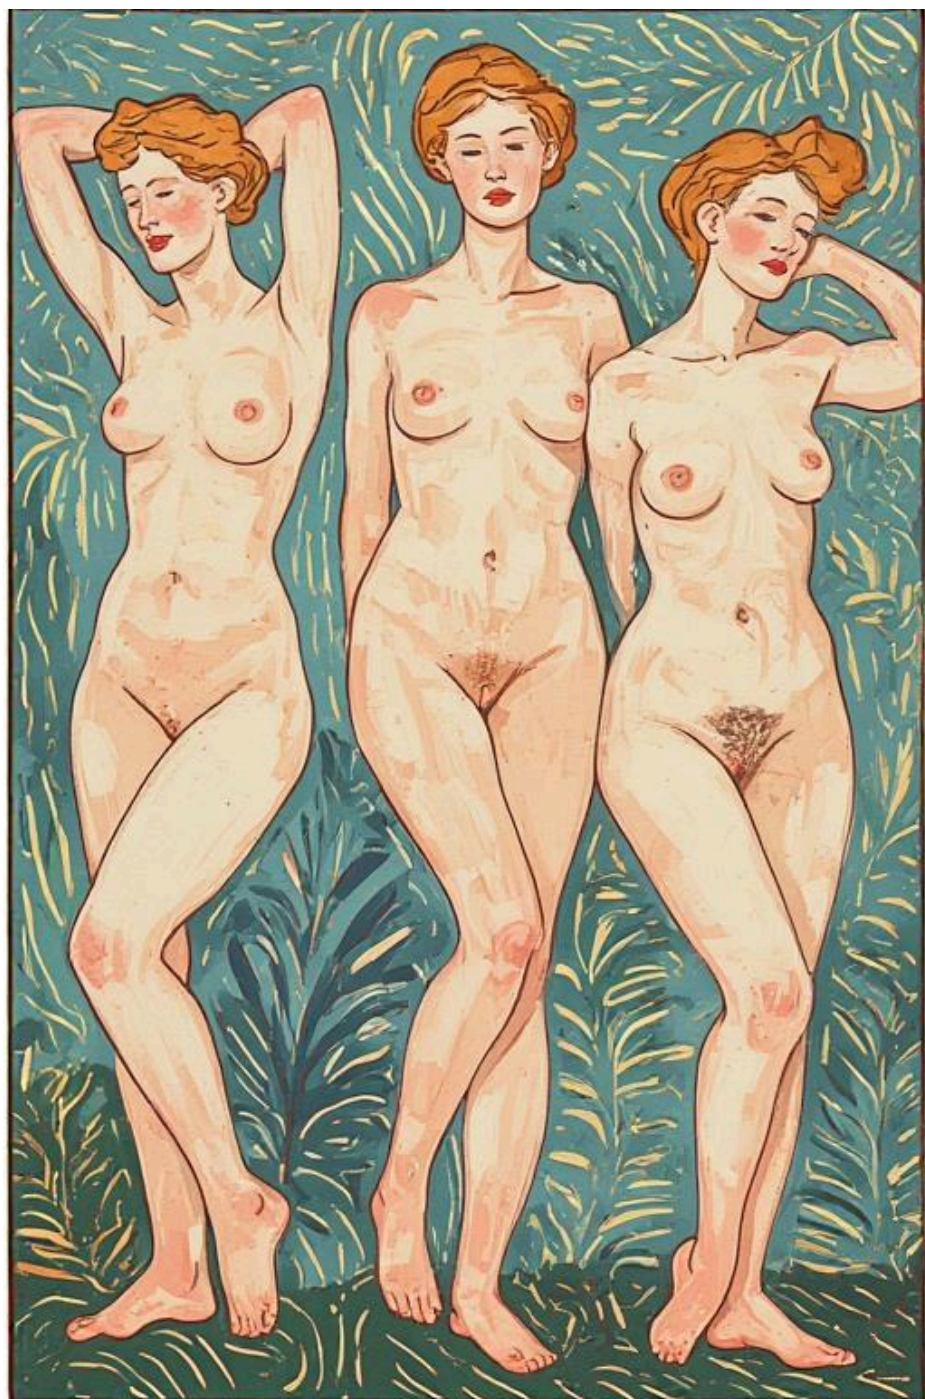

Arty Women

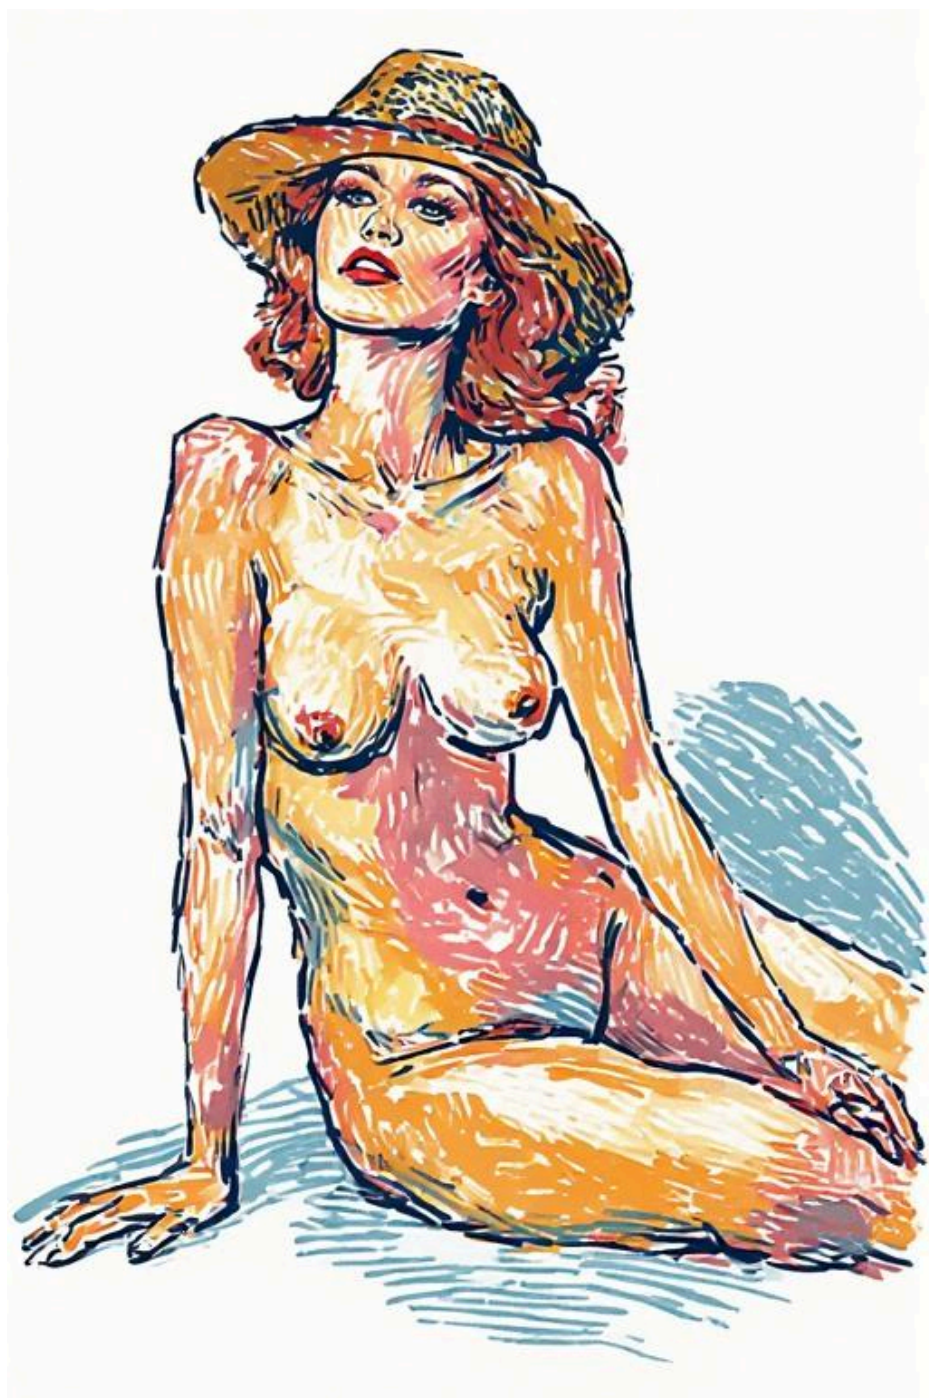

Art has inspired humans ever since the first people drew cave paintings 30,000+ years ago. What seems to inspire artists more than anything else is the nude woman.

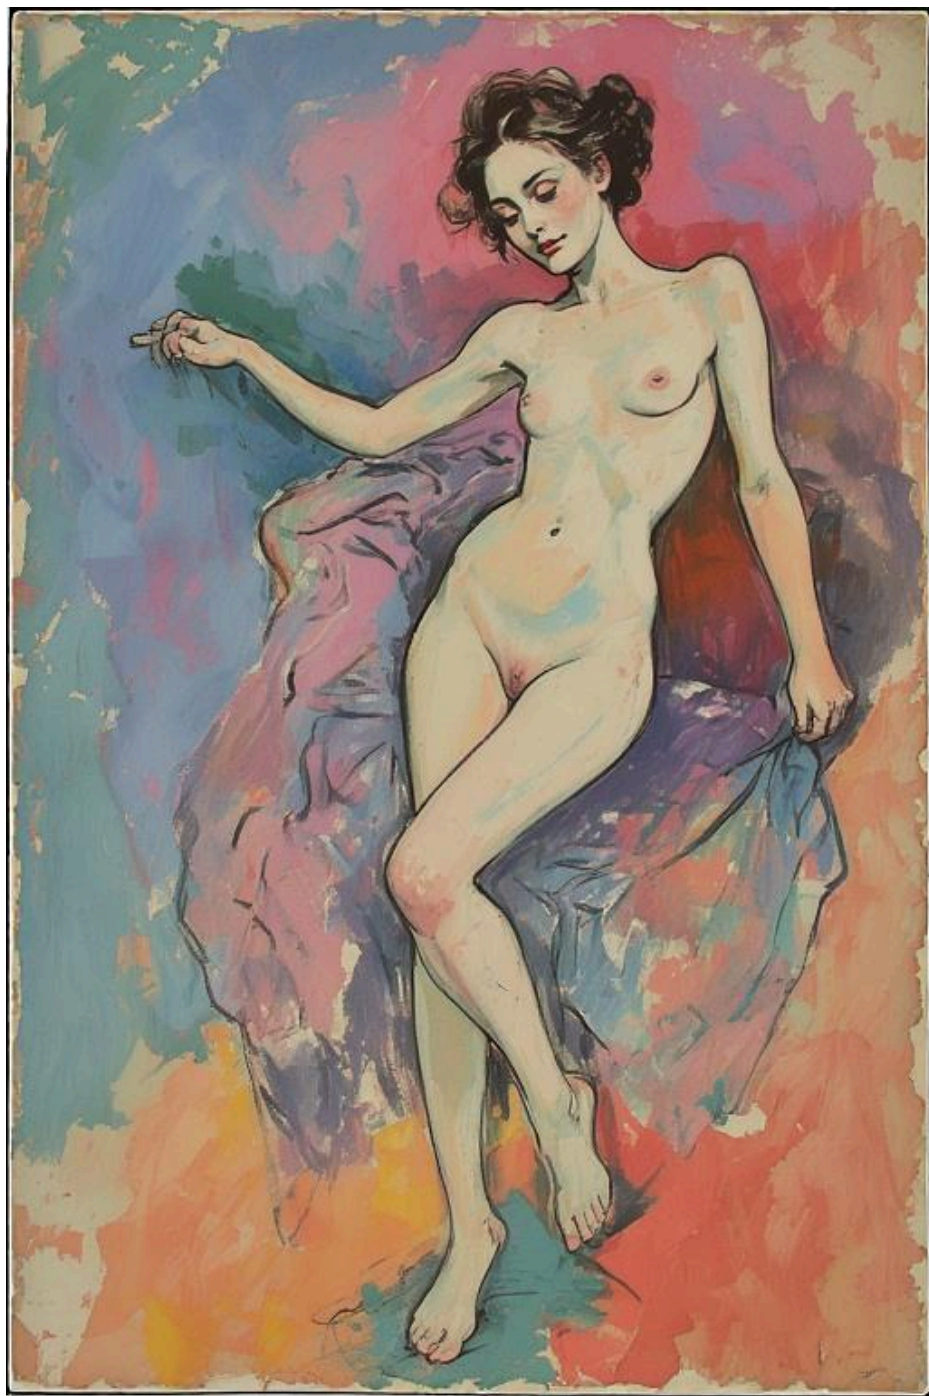

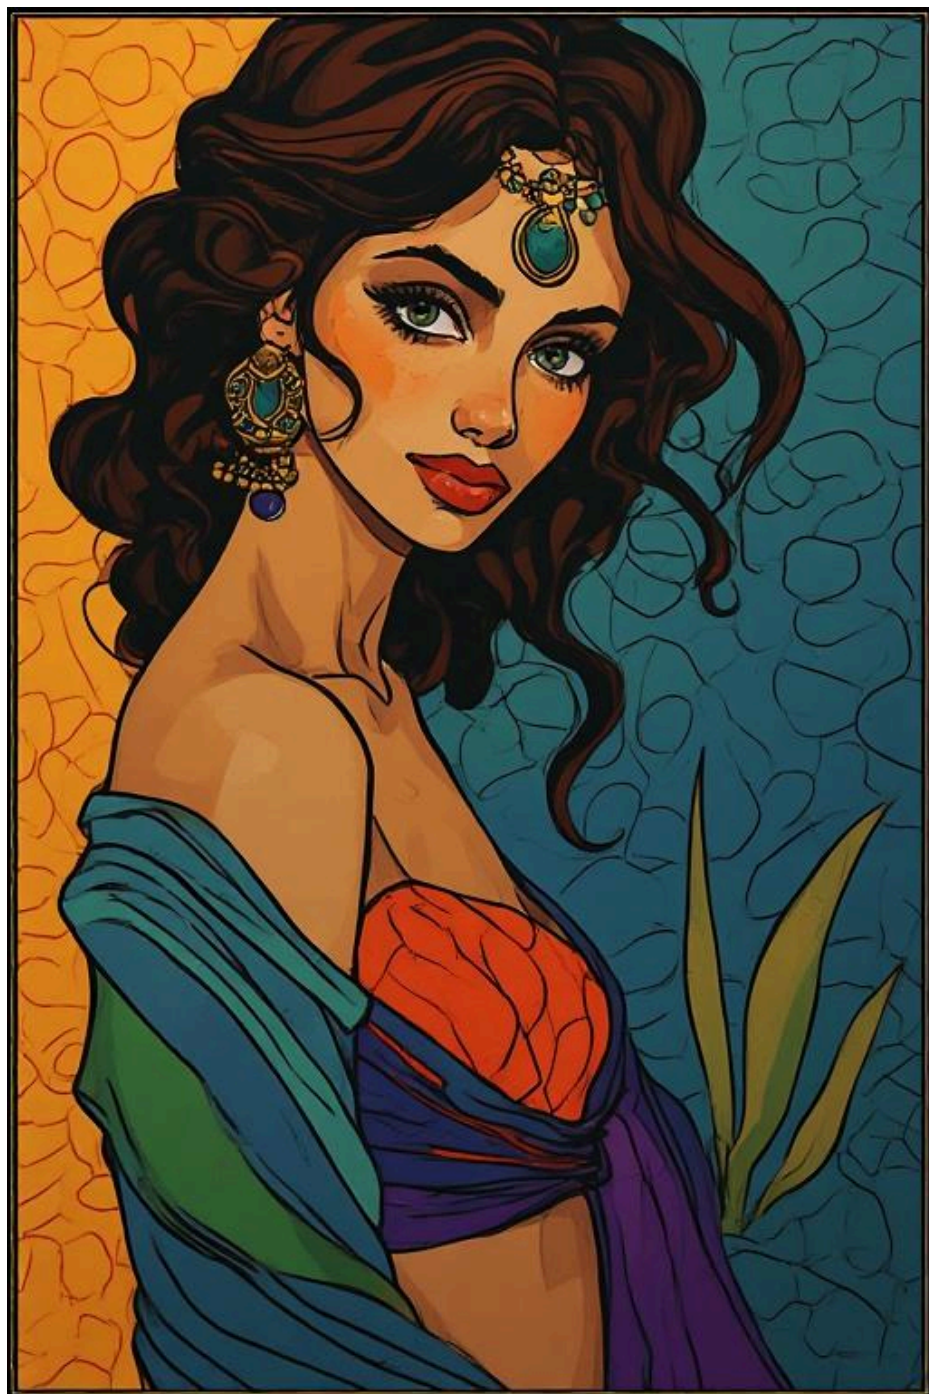

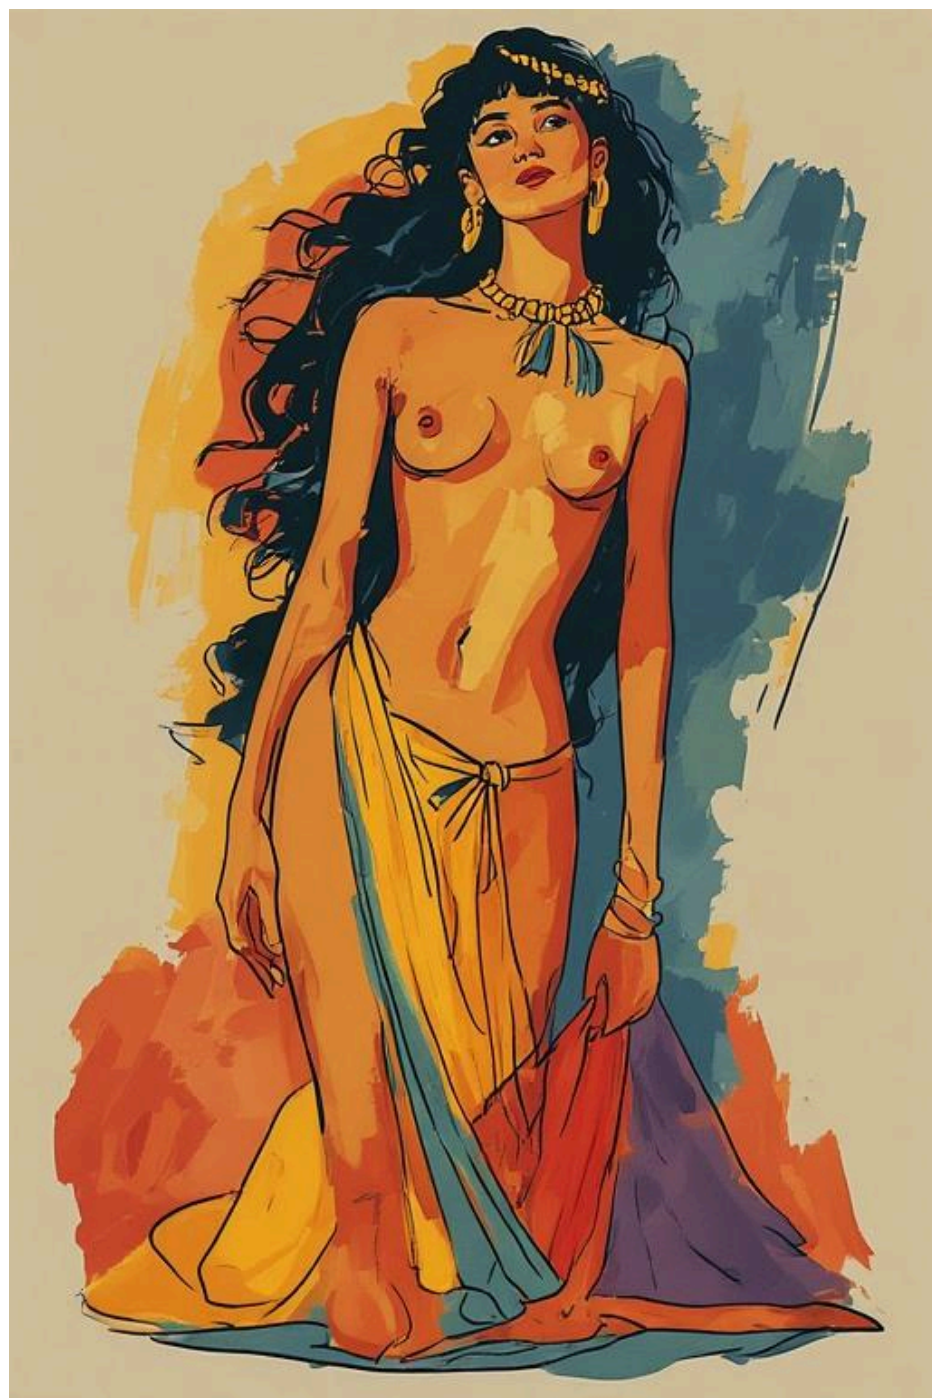

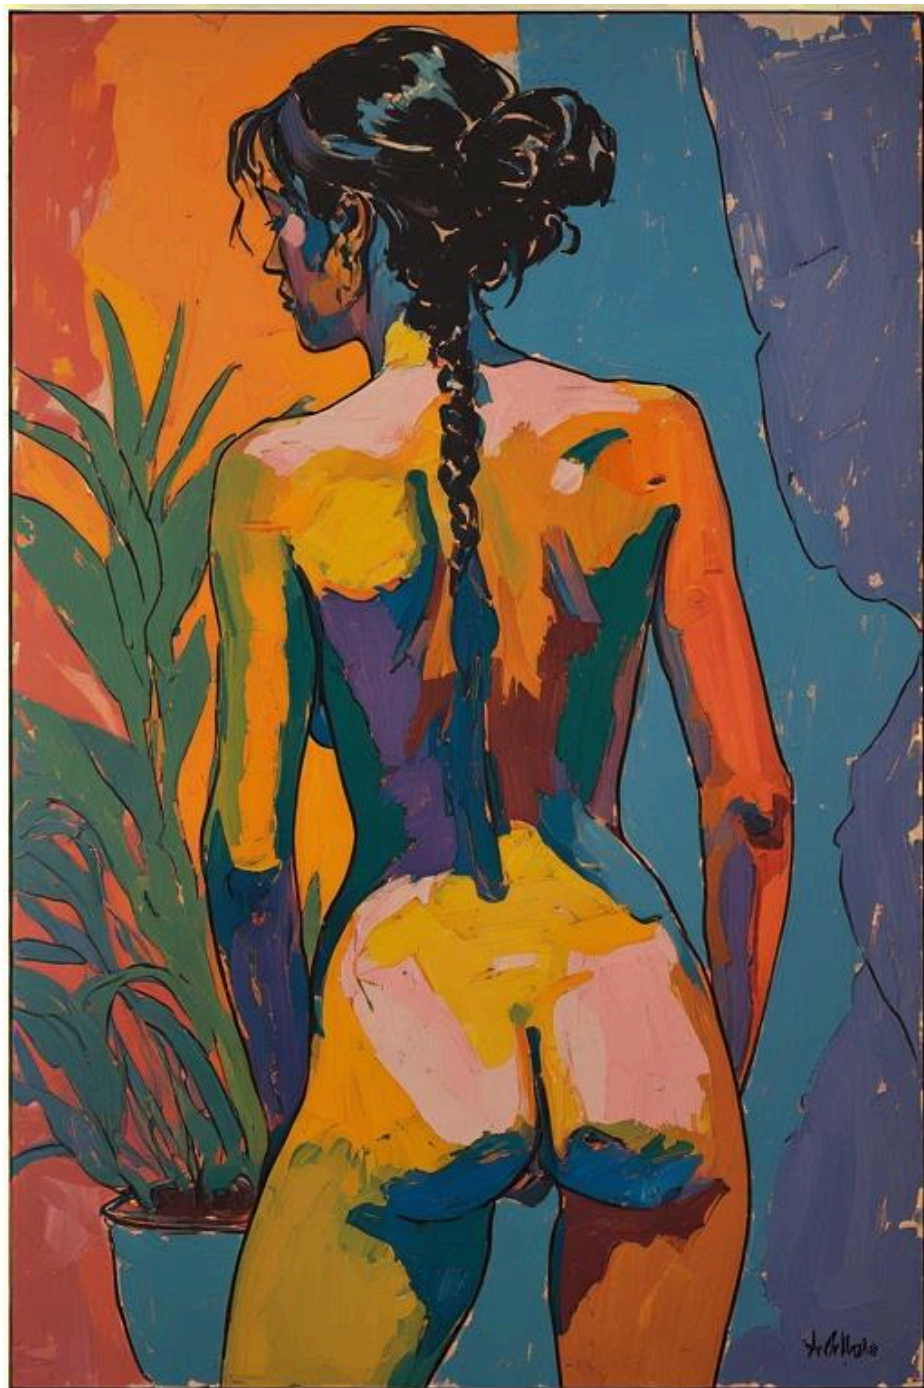

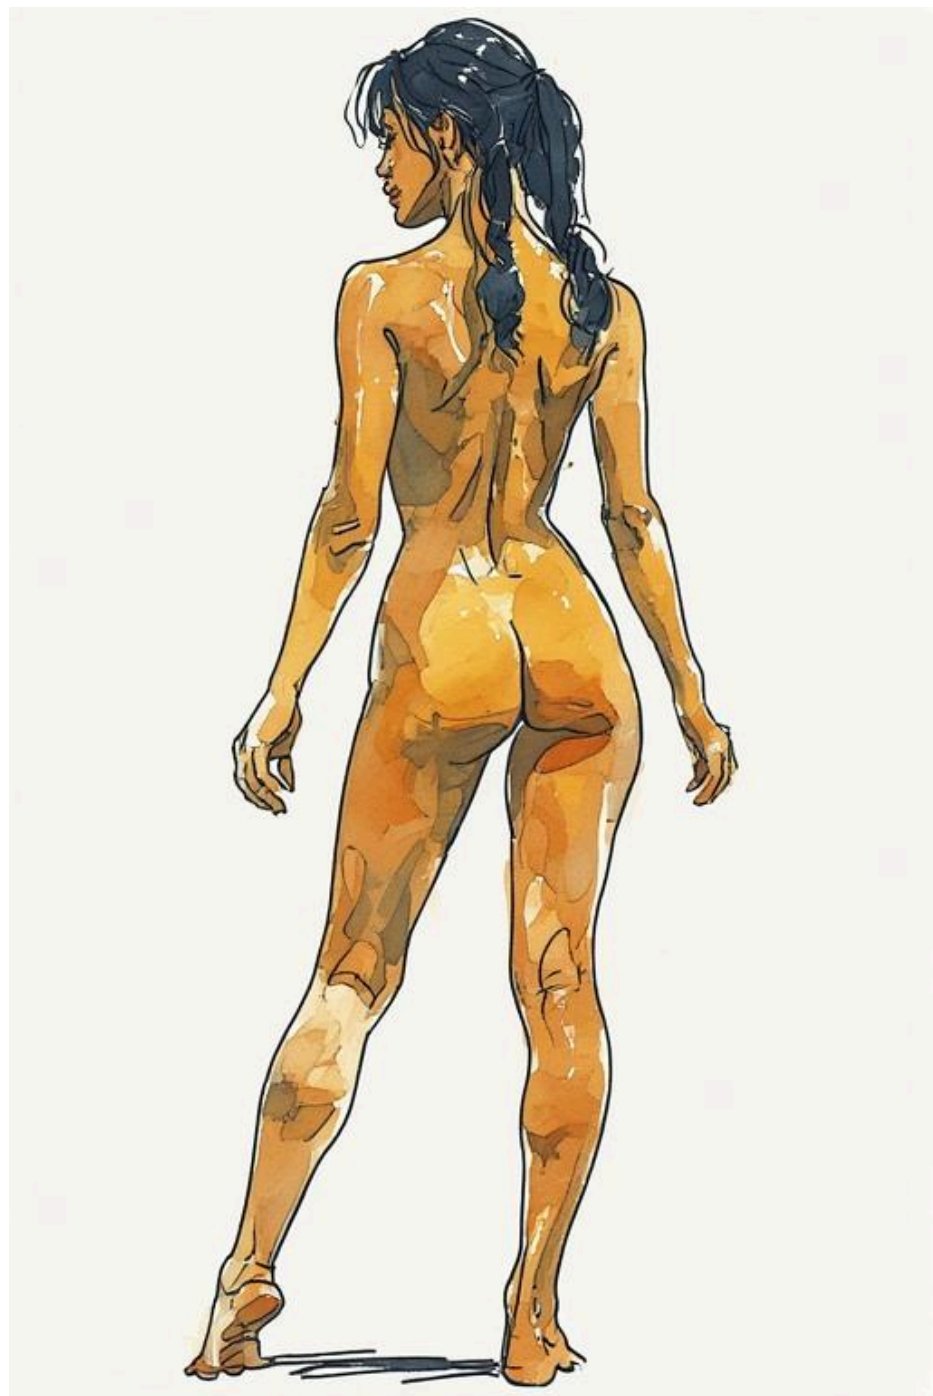

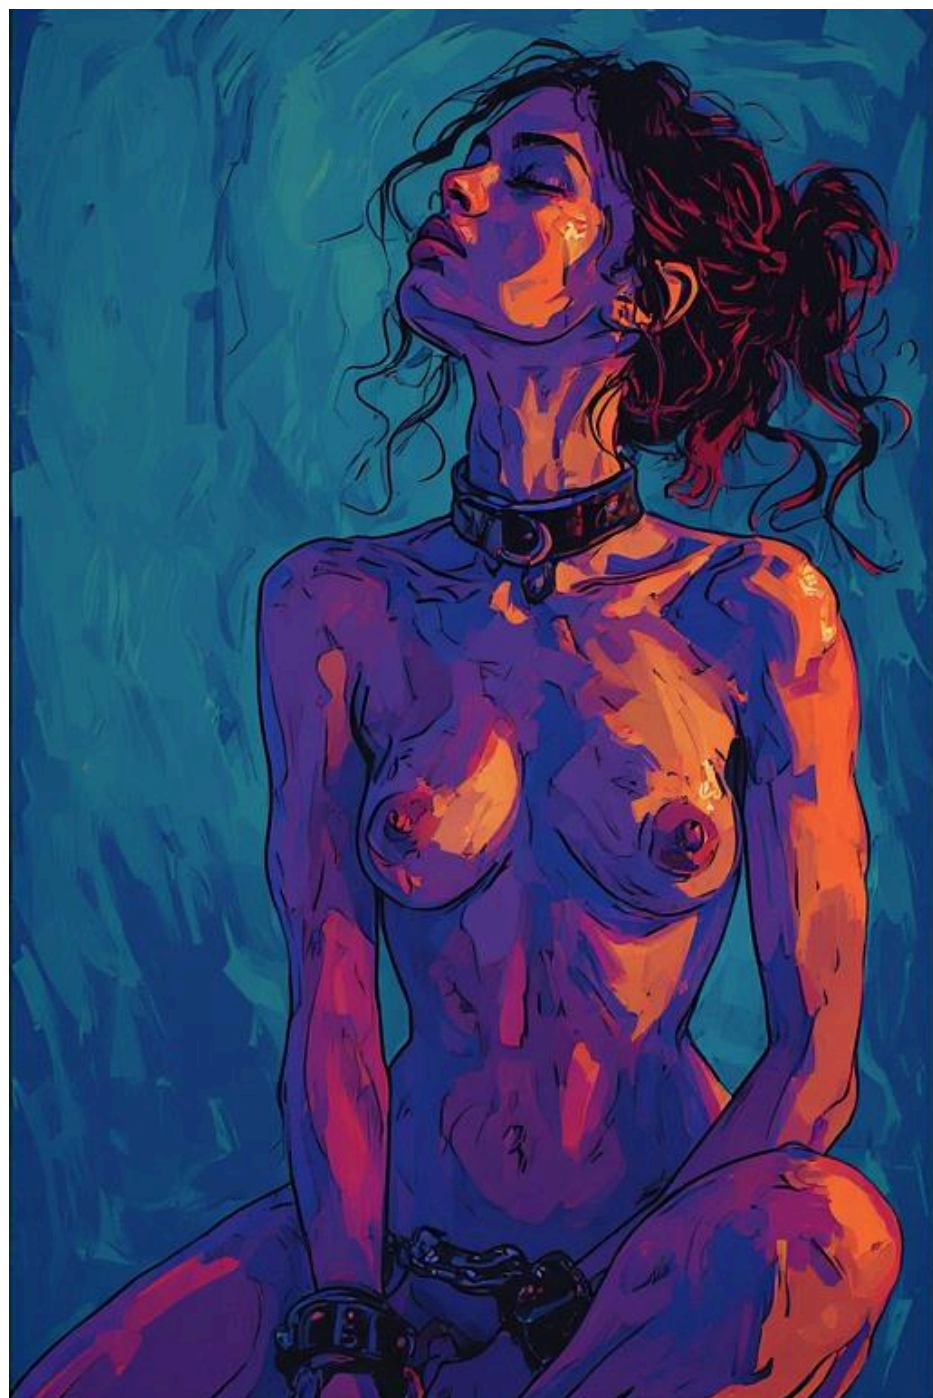

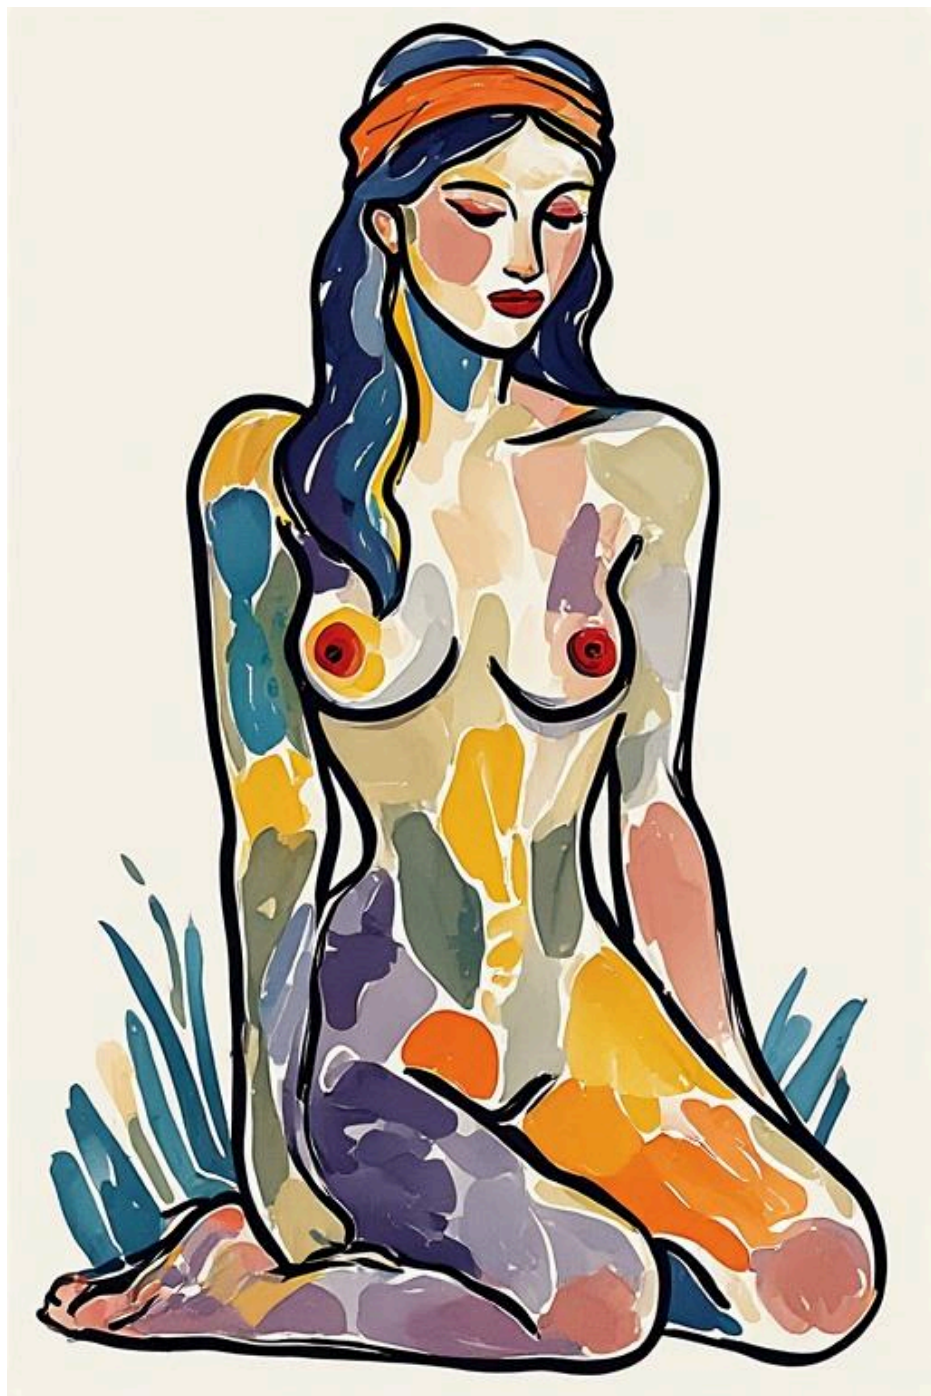

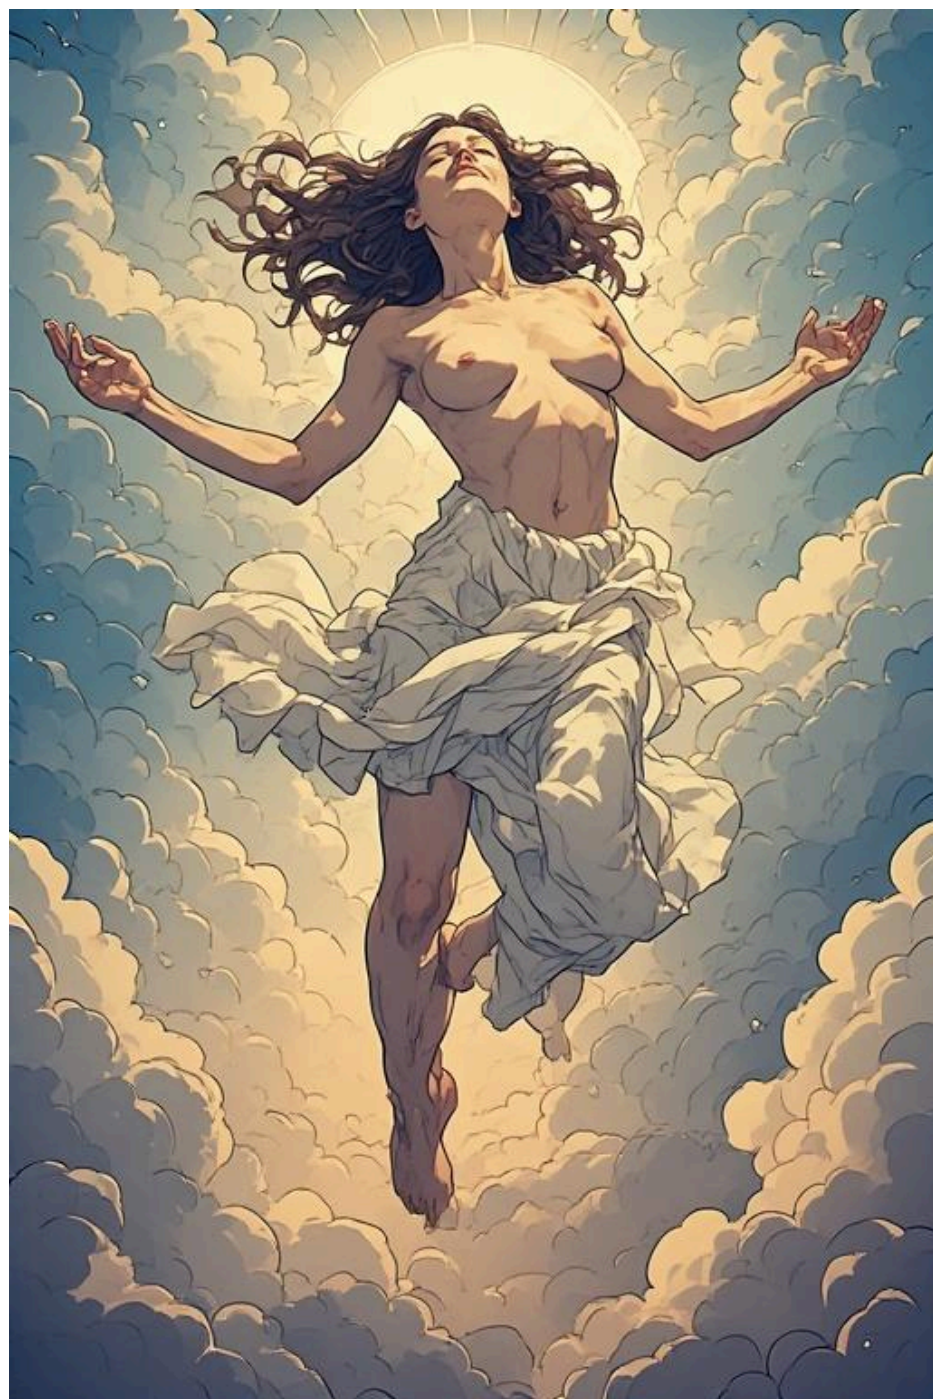

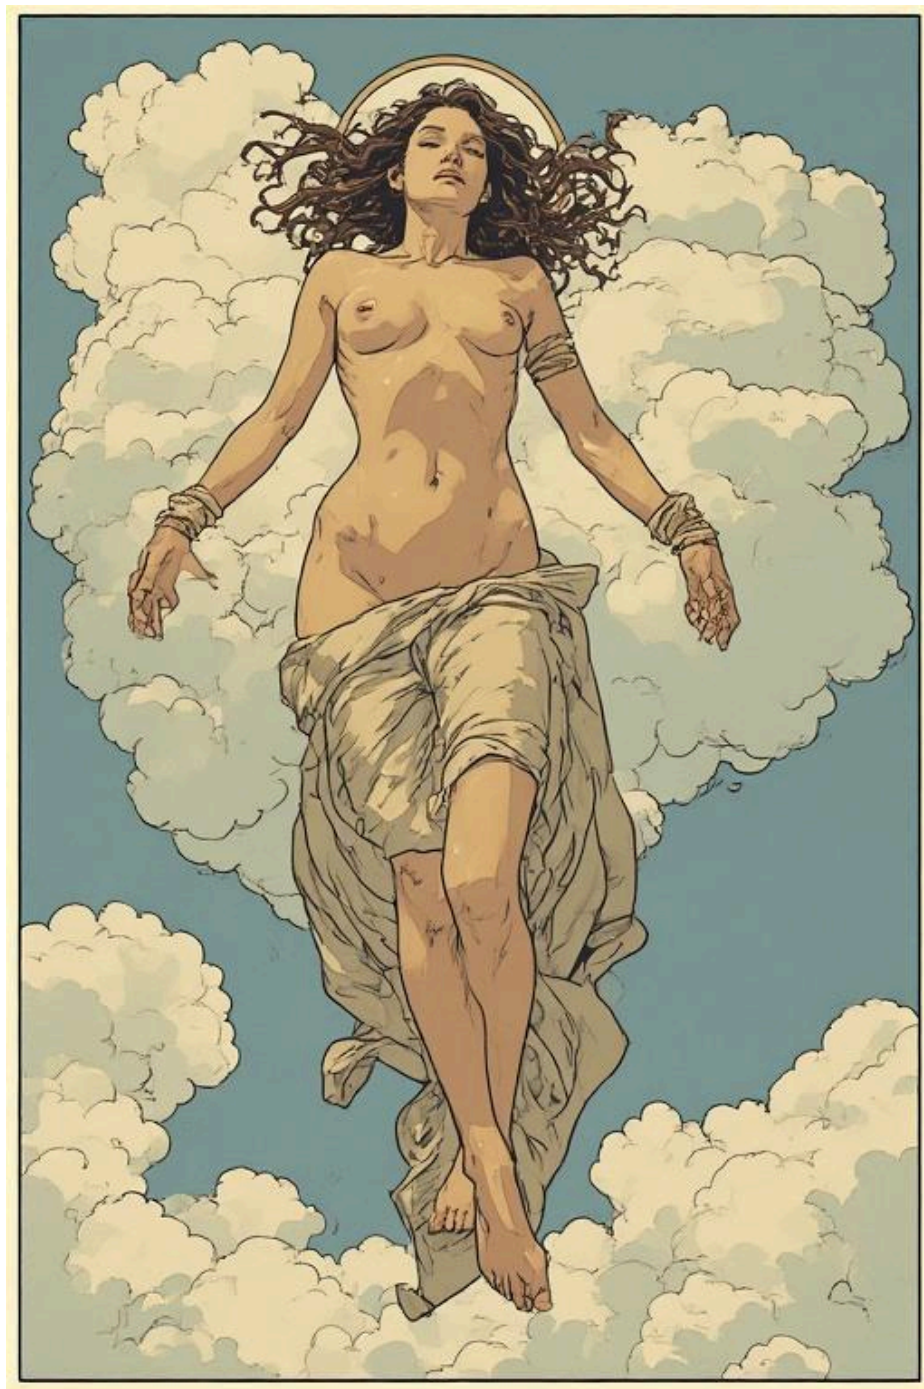

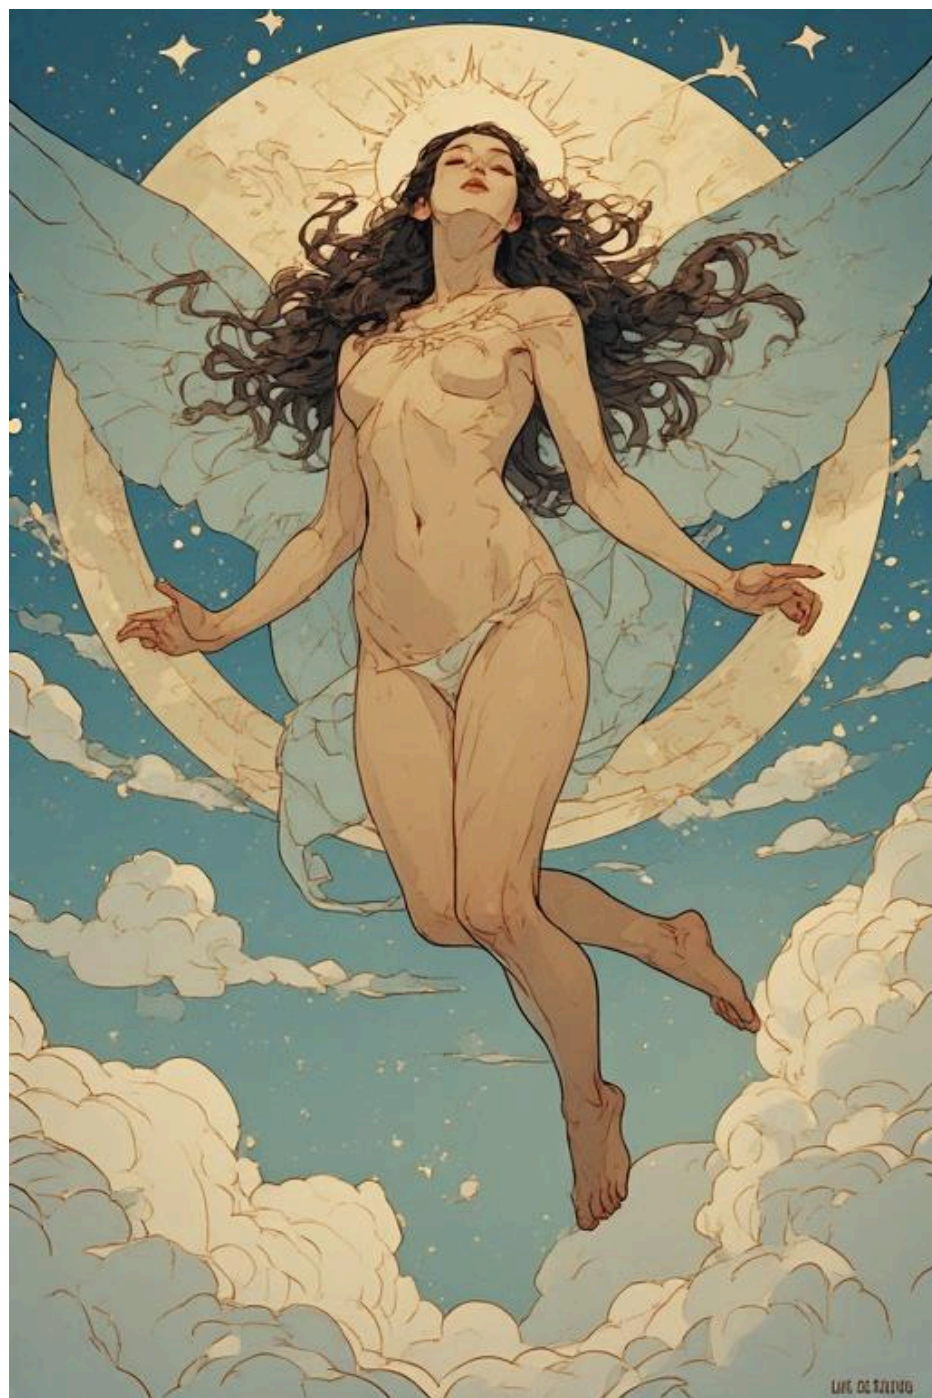

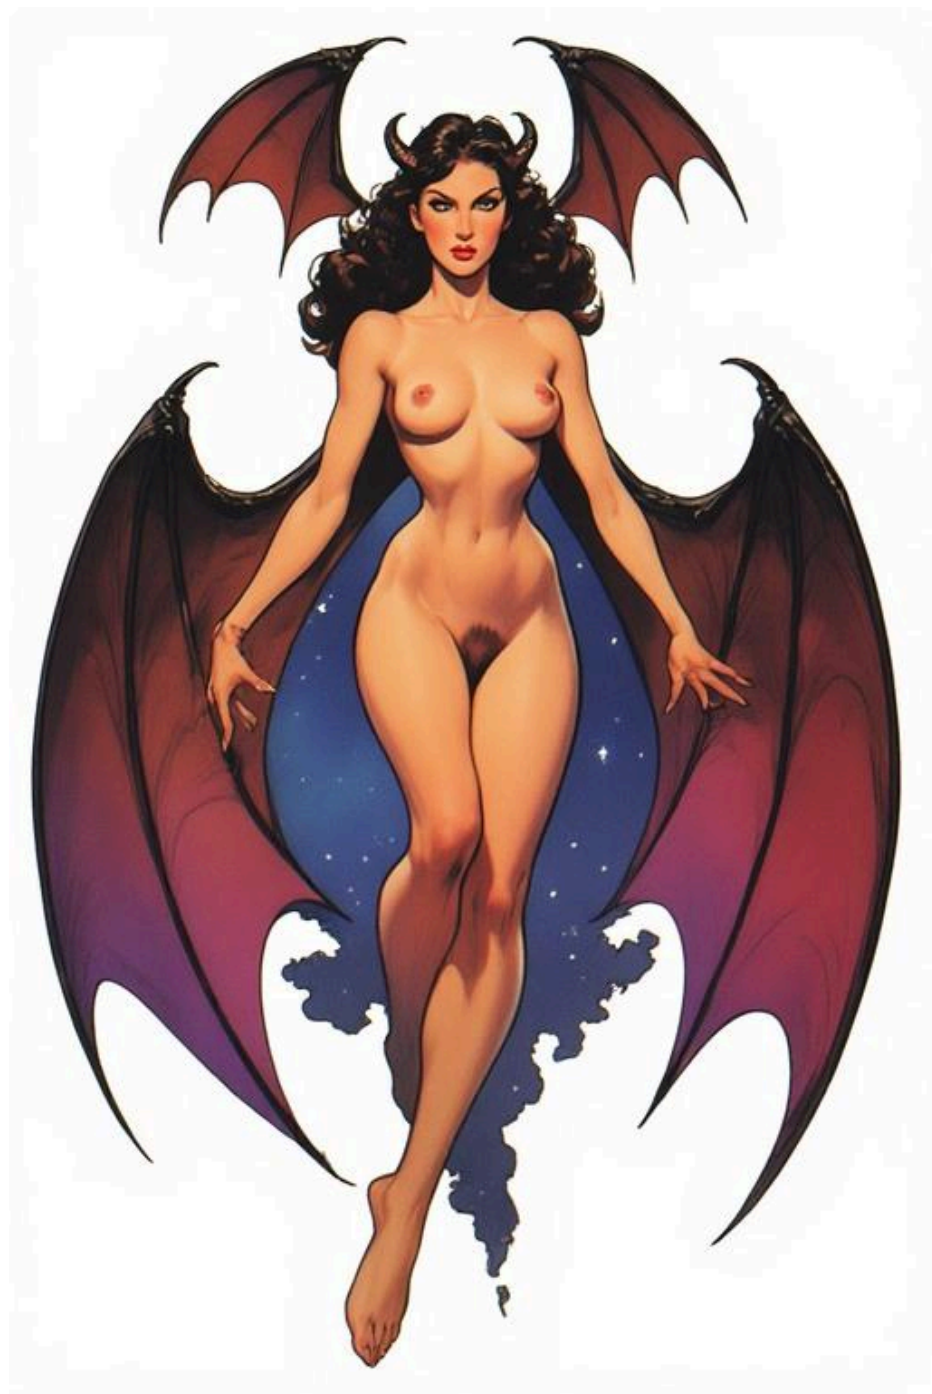

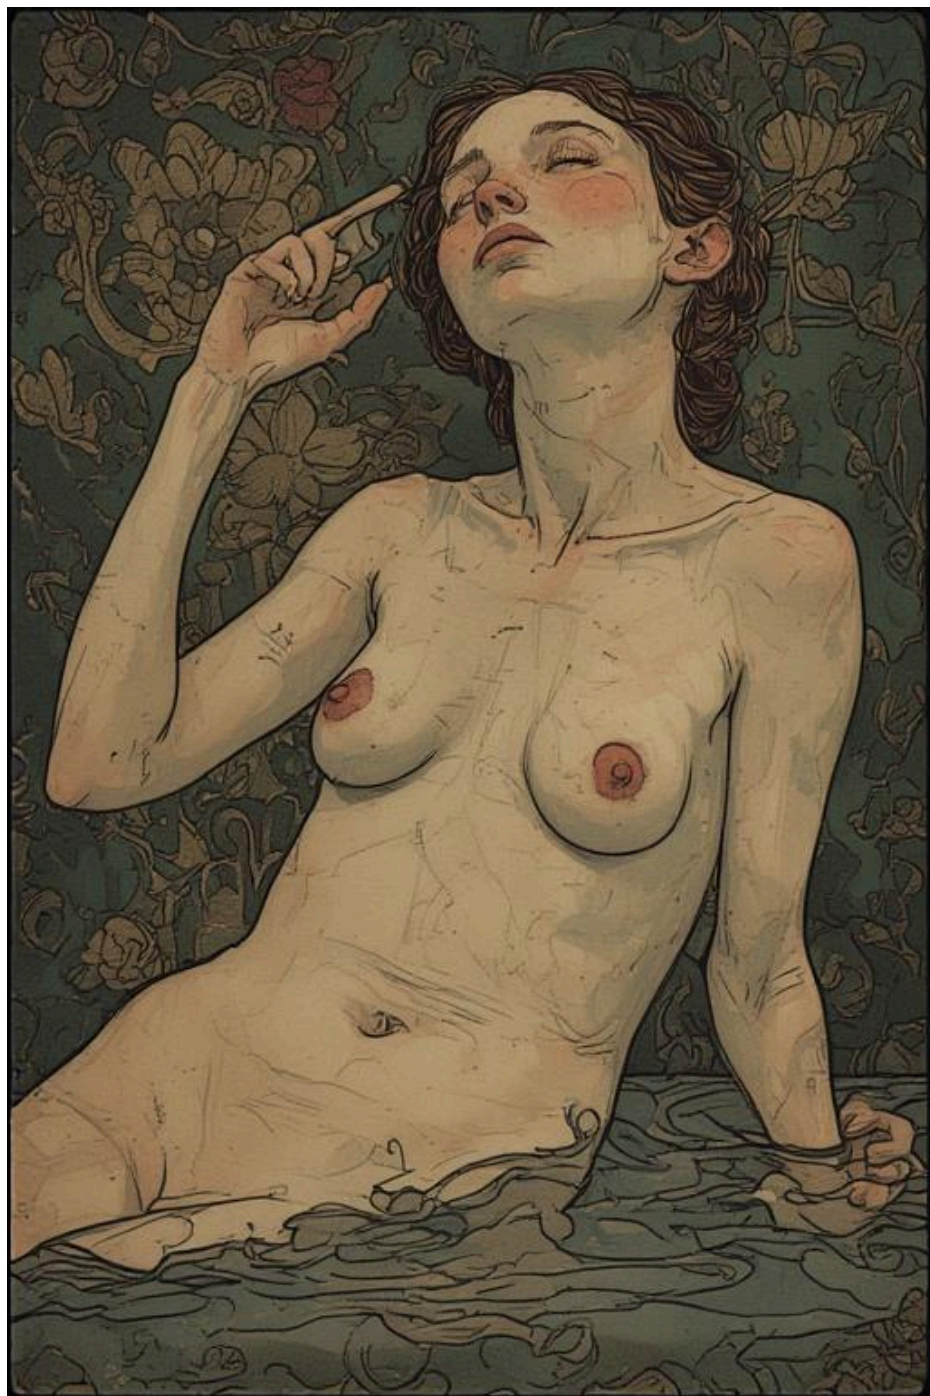

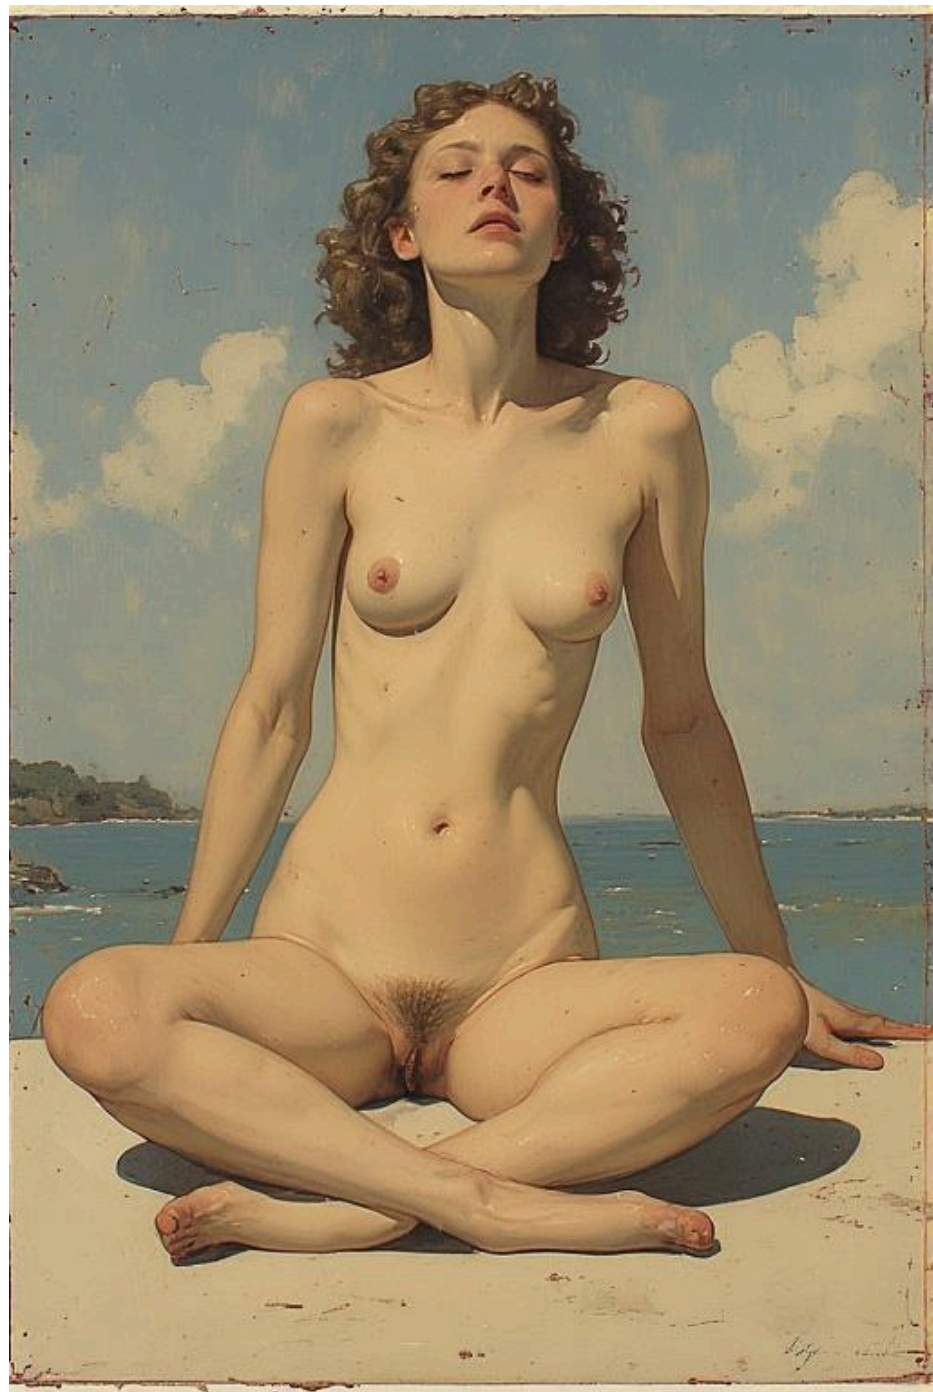

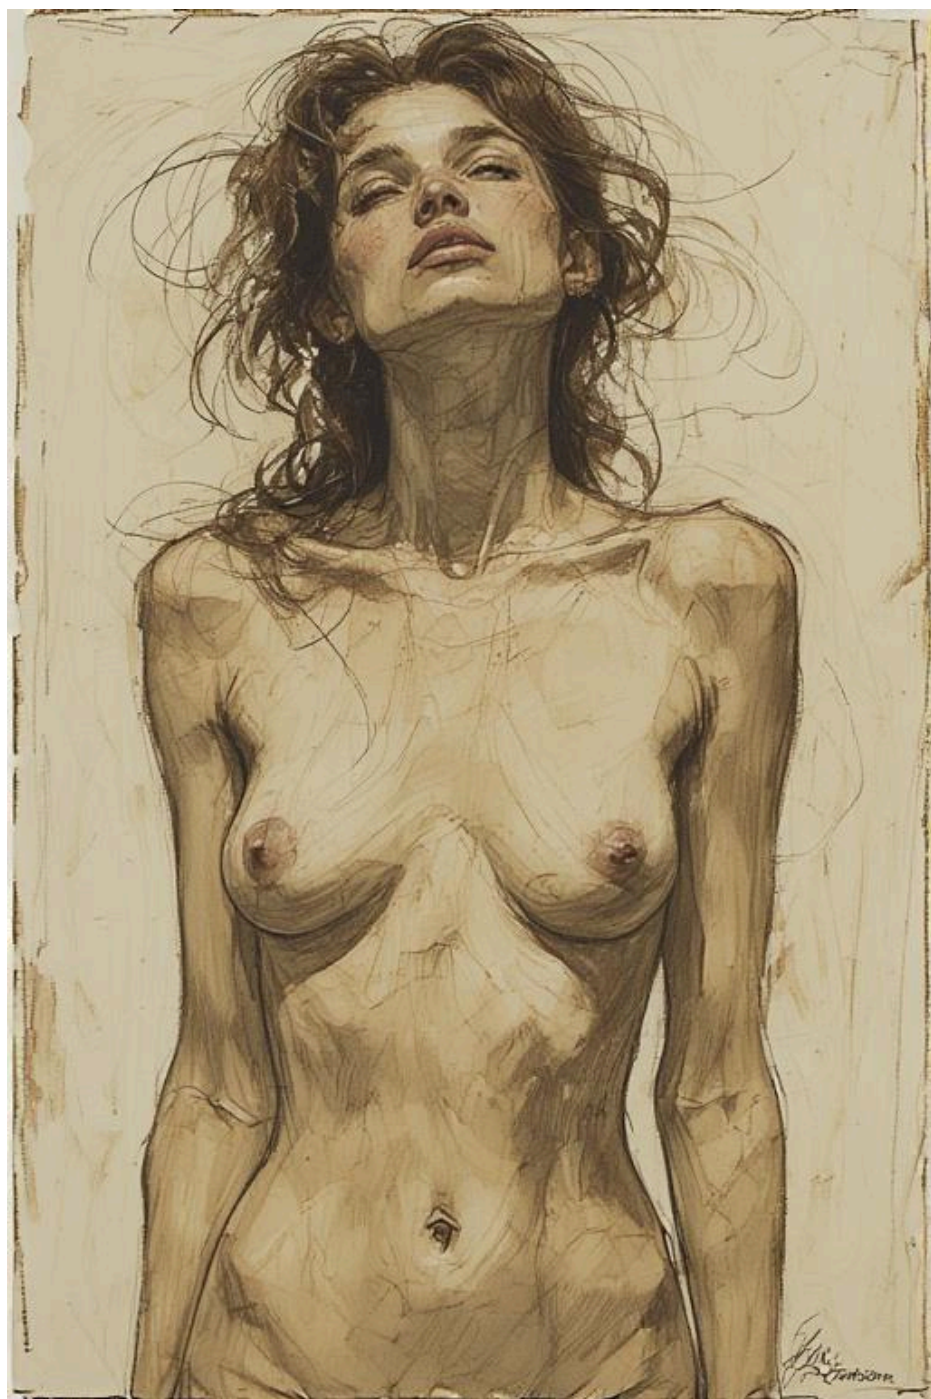

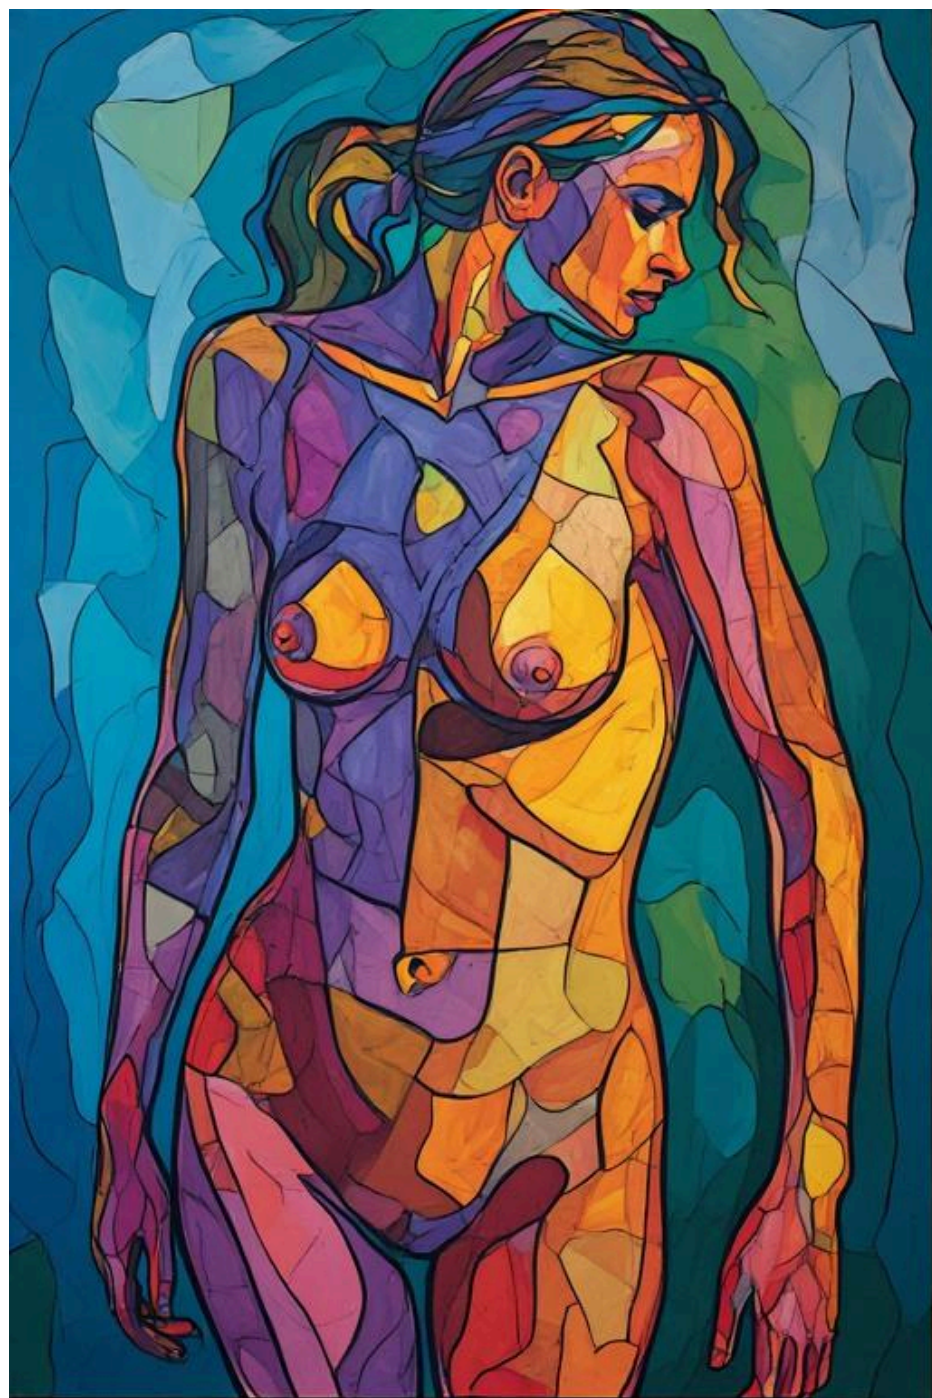

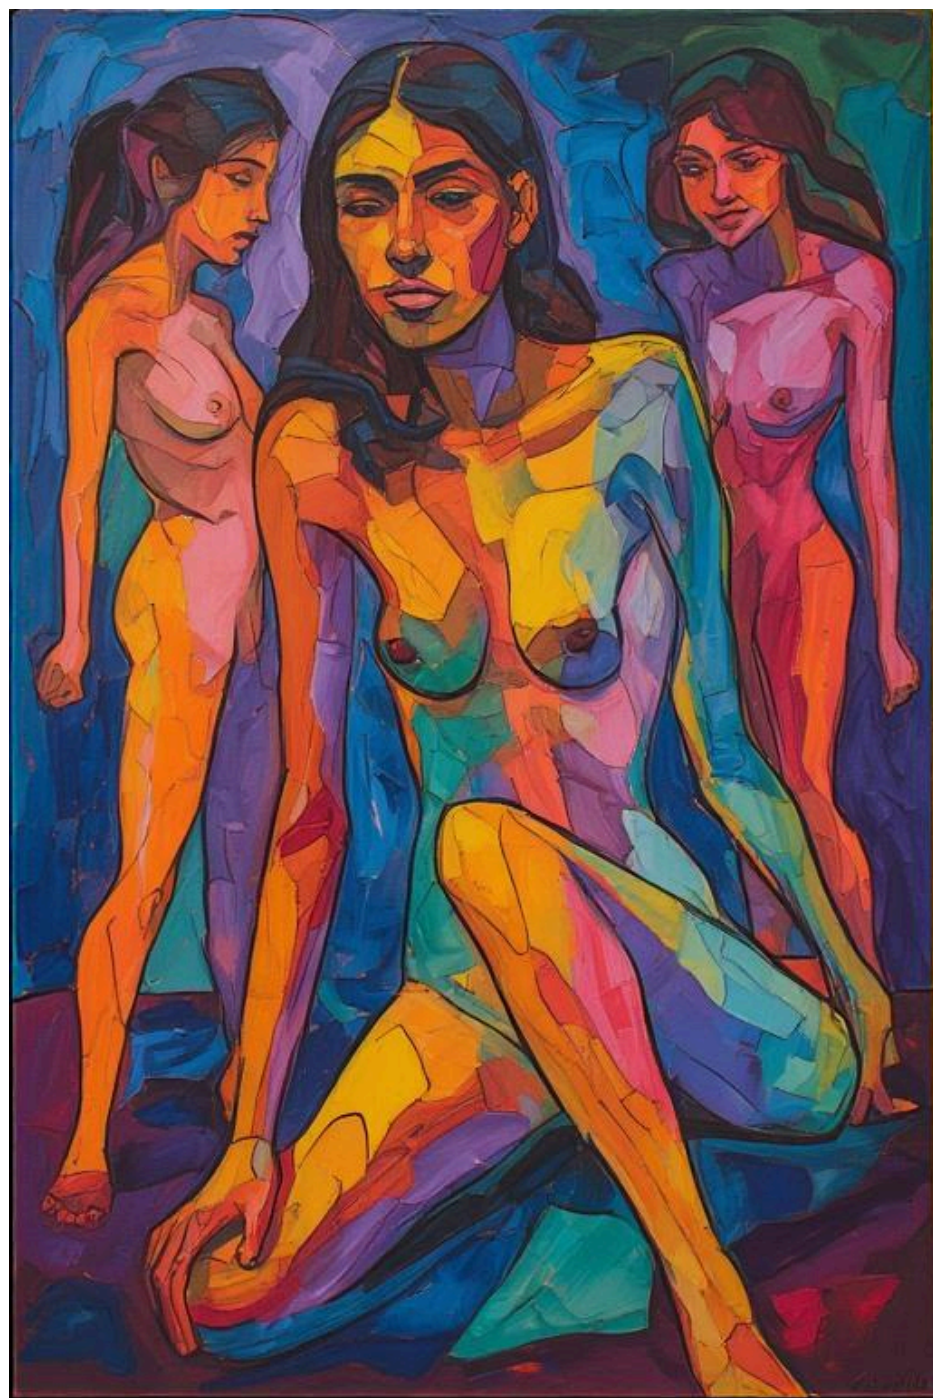

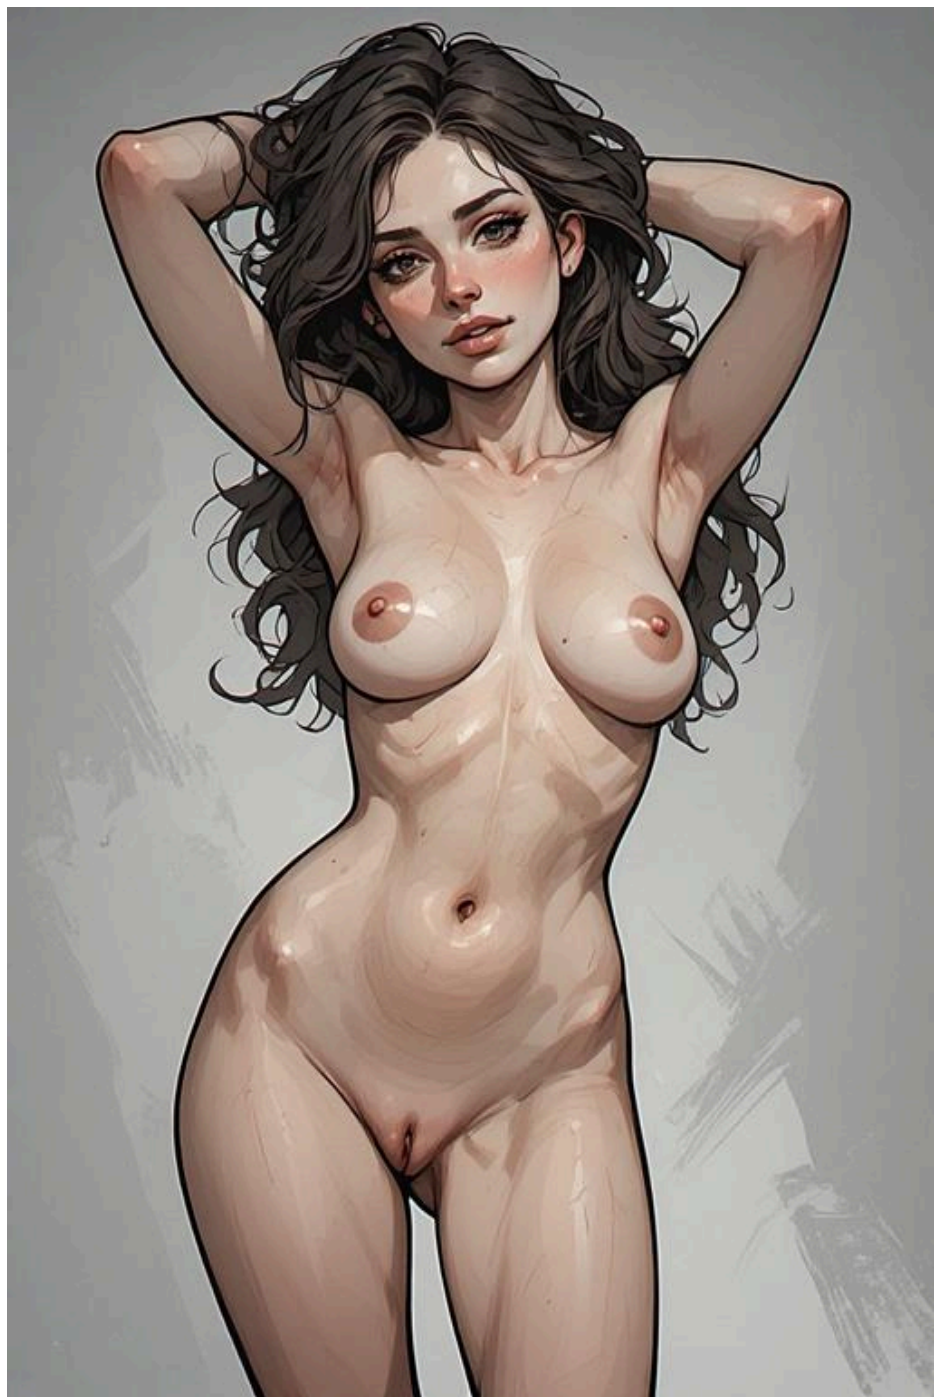

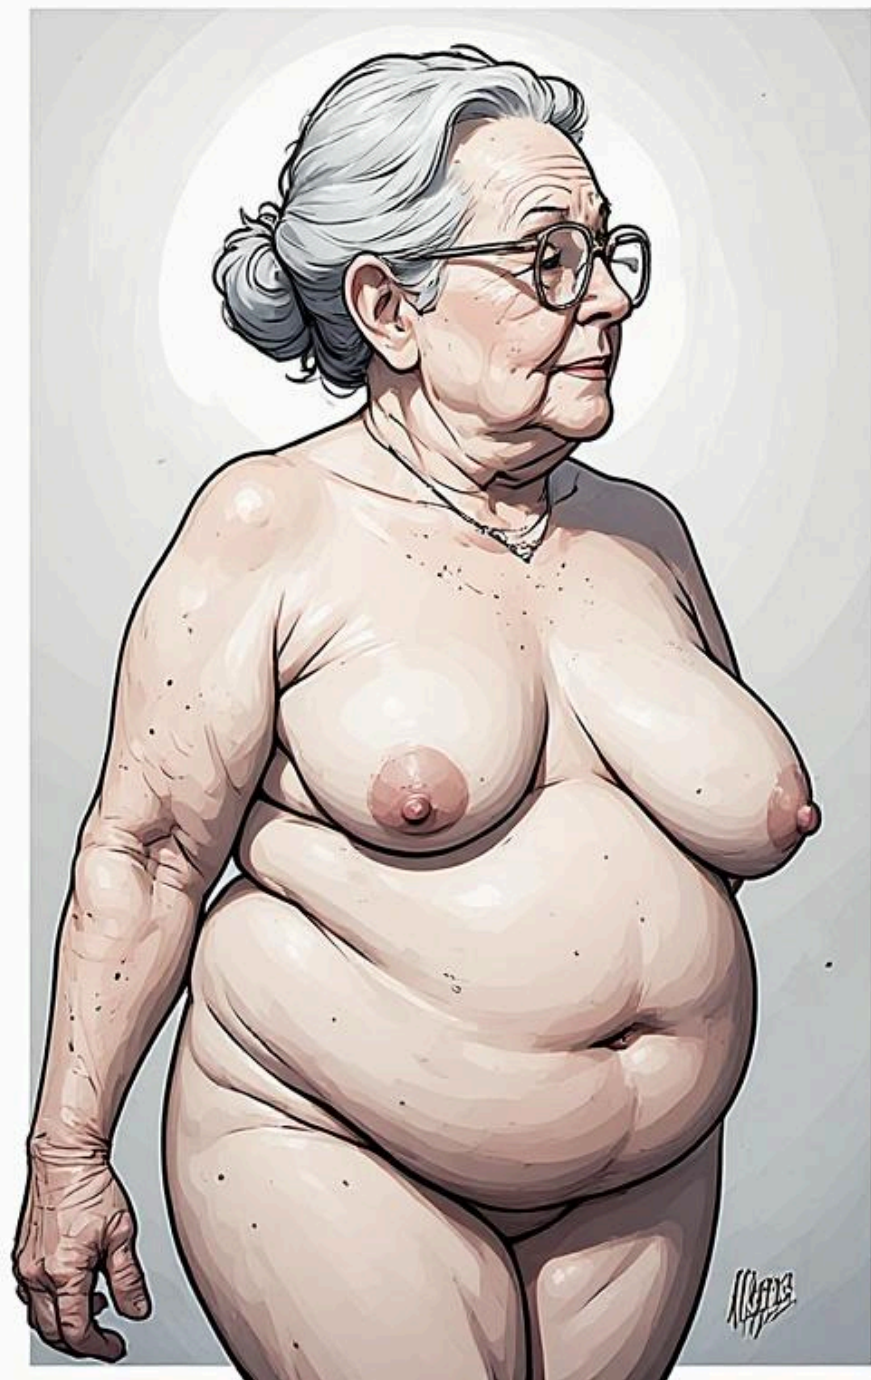

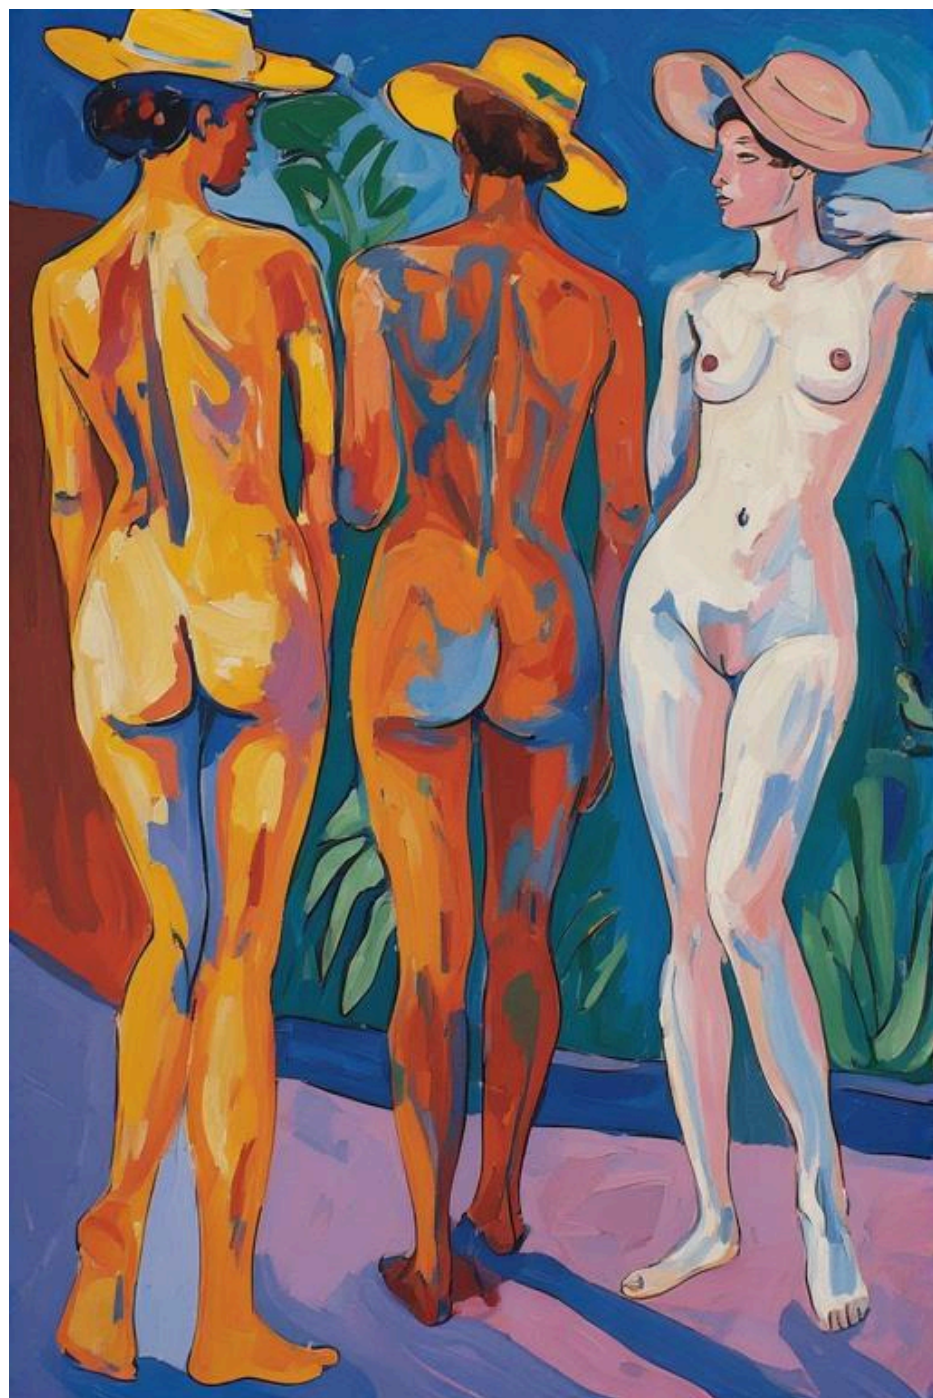

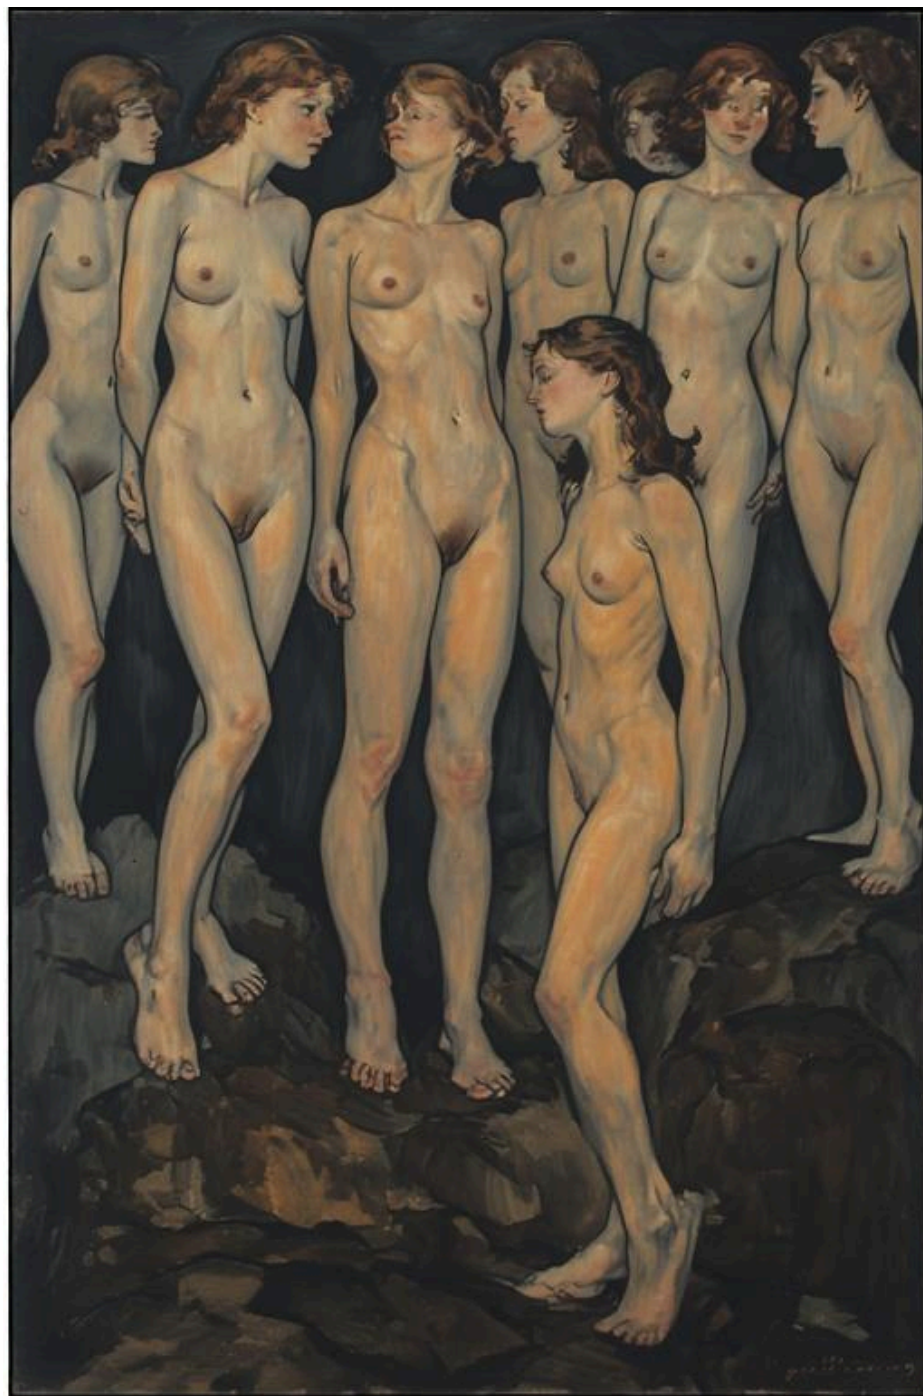

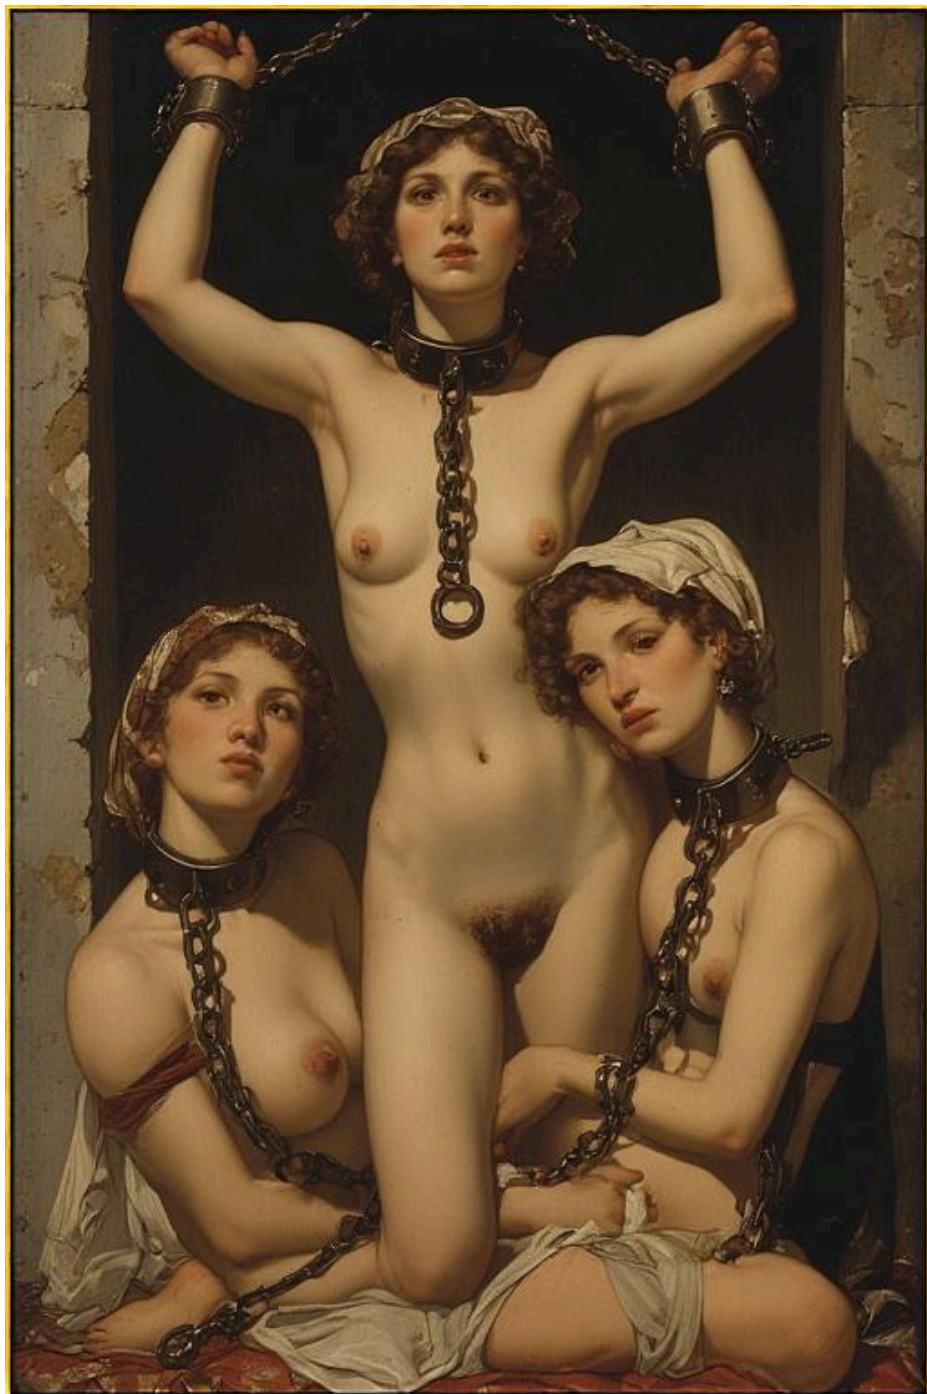

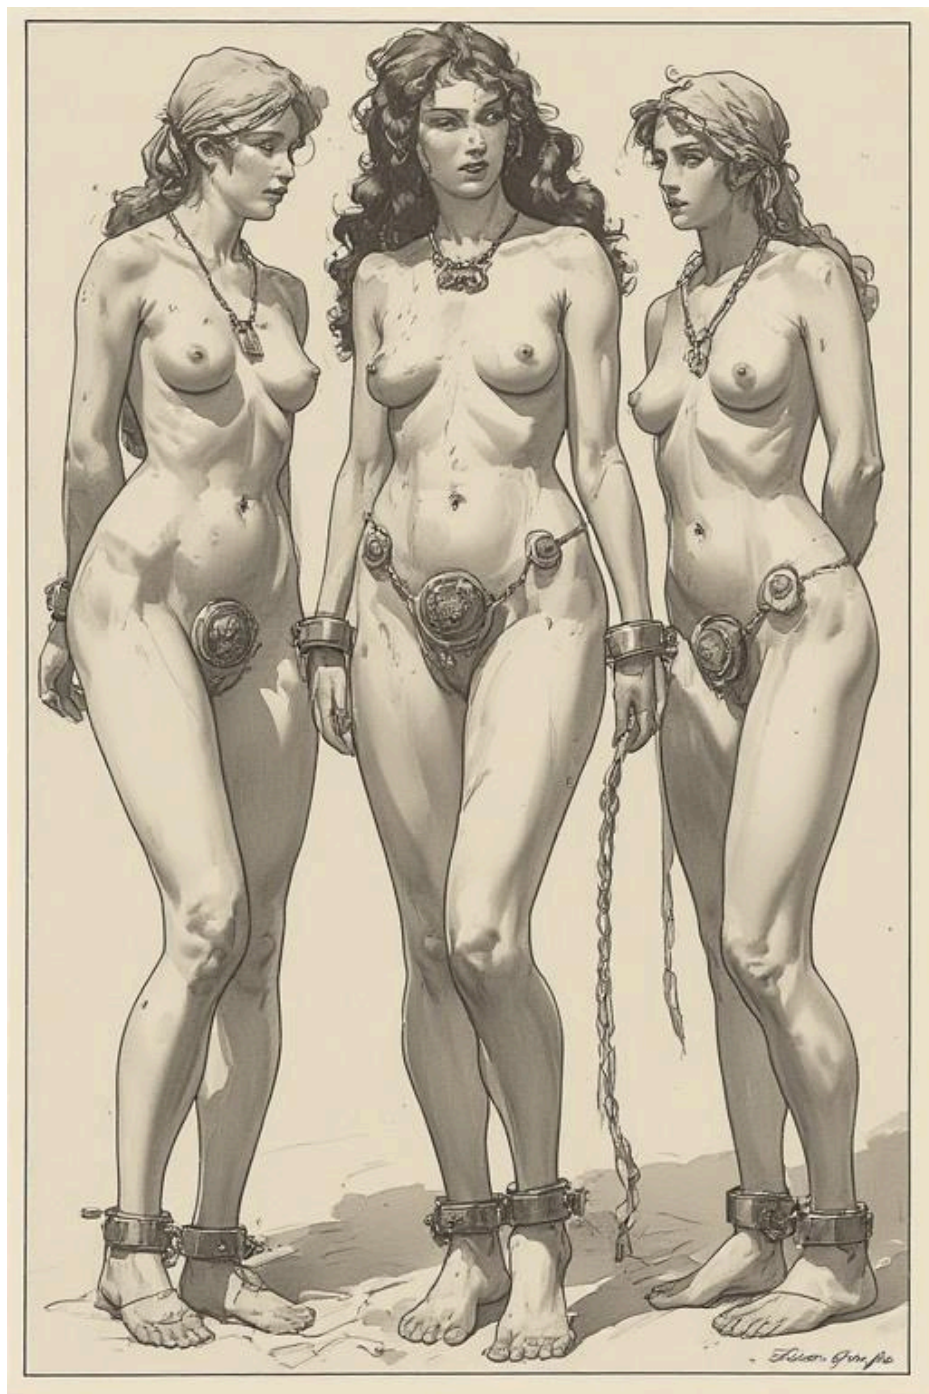

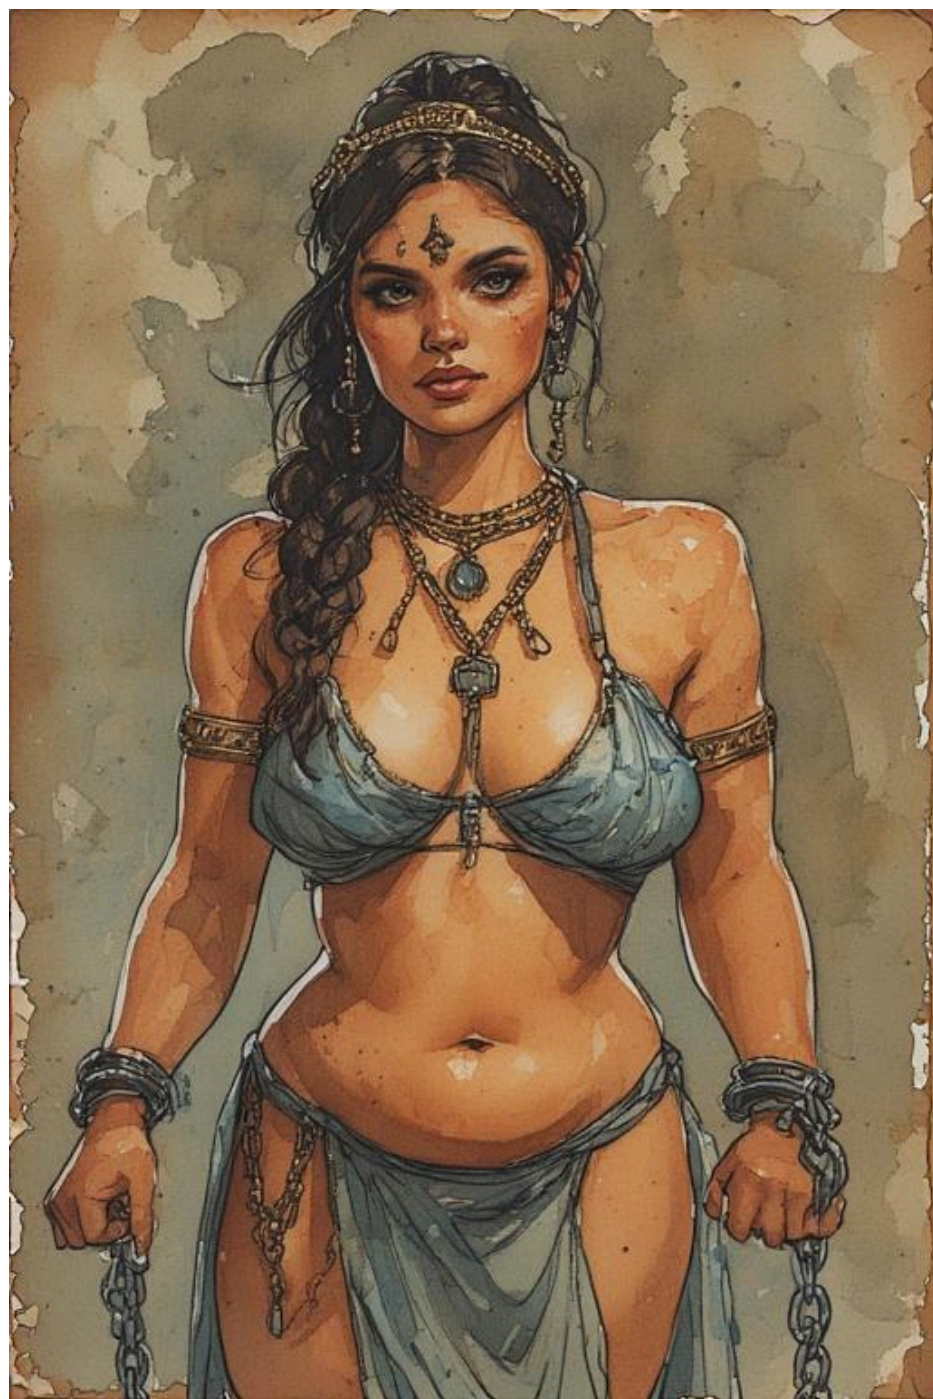

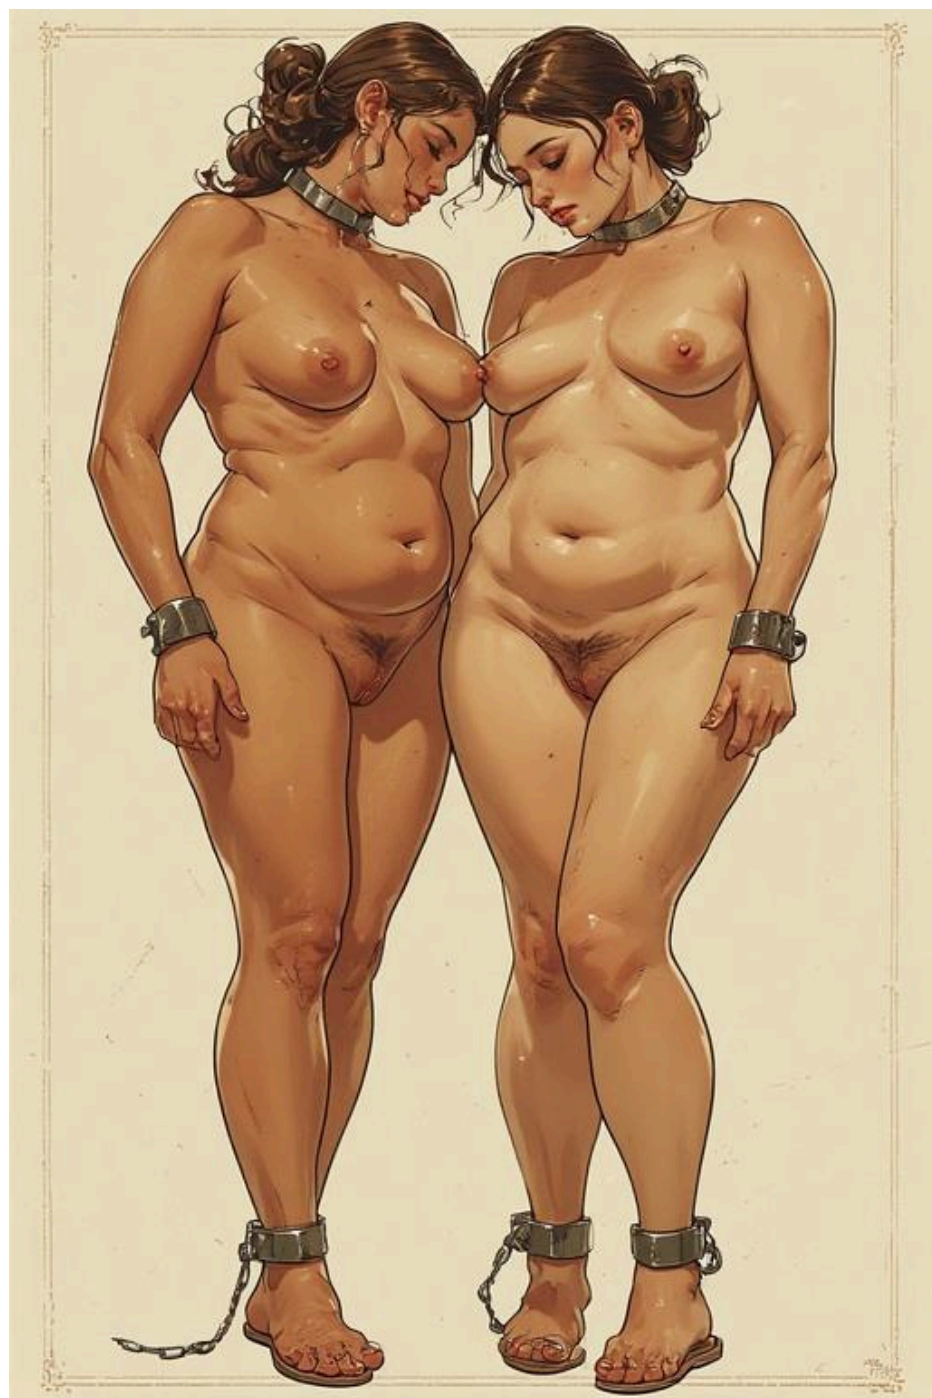

Artists and Their Nude Muses

The local Melbourne art gallery contacted us recently, saying the artists wanted to display their models nude for our magazine. We were more than happy to oblige. They were trying to get their nudes outside their comfort zones and have them pose for photos, instead of just one-on-one paintings with another woman.

The artist, Gail (left), said, "It gives me an incredible buzz every time I order another woman or man strip for me, but especially women. It's euphoric, fun and feels so empowering. I would never strip in a million years. But seeing my nudes turn up in the studio fully clothed, knowing they'll be stark naked, makes me feel powerful and like a queen. I wish

I owned a naked slave or two, to please me and look after my needs 24/7. They would clean my house, serve my coffee and give me a lap dance when I want one.”

Janet, the model (right), said, “I was very reluctant and had a sick feeling in the pit of my stomach. I didn’t want to do it, but it’s hard to say no to Gail. She’s a very powerful woman and once I’m naked in front of her, I feel this compulsion to please her like a loyal lap dog. I did it, then discovered I liked it. It felt exhilarating, humiliating, arousing and naughty, all at the same time. Gail grinned the whole time and it felt good knowing I had pleased her.”

Gail added, “I felt so good, seeing how nervous she was, and seeing her struggle to do it. She blushed all over and her heart was racing.” Janet said she’s never felt so vulnerable in her life. “It felt exhilarating and kind of scary. I can only imagine what Gail might order me to do next. It makes my heart race.”

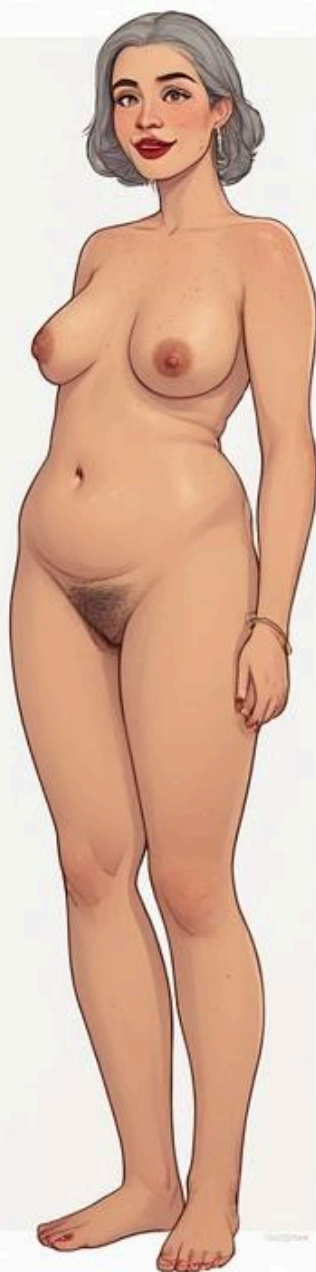

1990s Women

Recently, we did a hostile takeover of a rival magazine. We drove them into bankruptcy and seized their assets. We don't want to give them any publicity, so we will simply refer to them as *That Magazine*. And *That Magazine* had thousands of unused photos dating back to the 1990s, that we decided to print here. Enjoy!

Strippers in Headdresses

When we went through the archives of *That Magazine*, and found photos they had taken of strippers who performed in feather headdresses. They appeared very happy in their performances. It appears strippers were in high demand from this stripping business, as they hired plenty of big women or elderly women just to supply the demand.

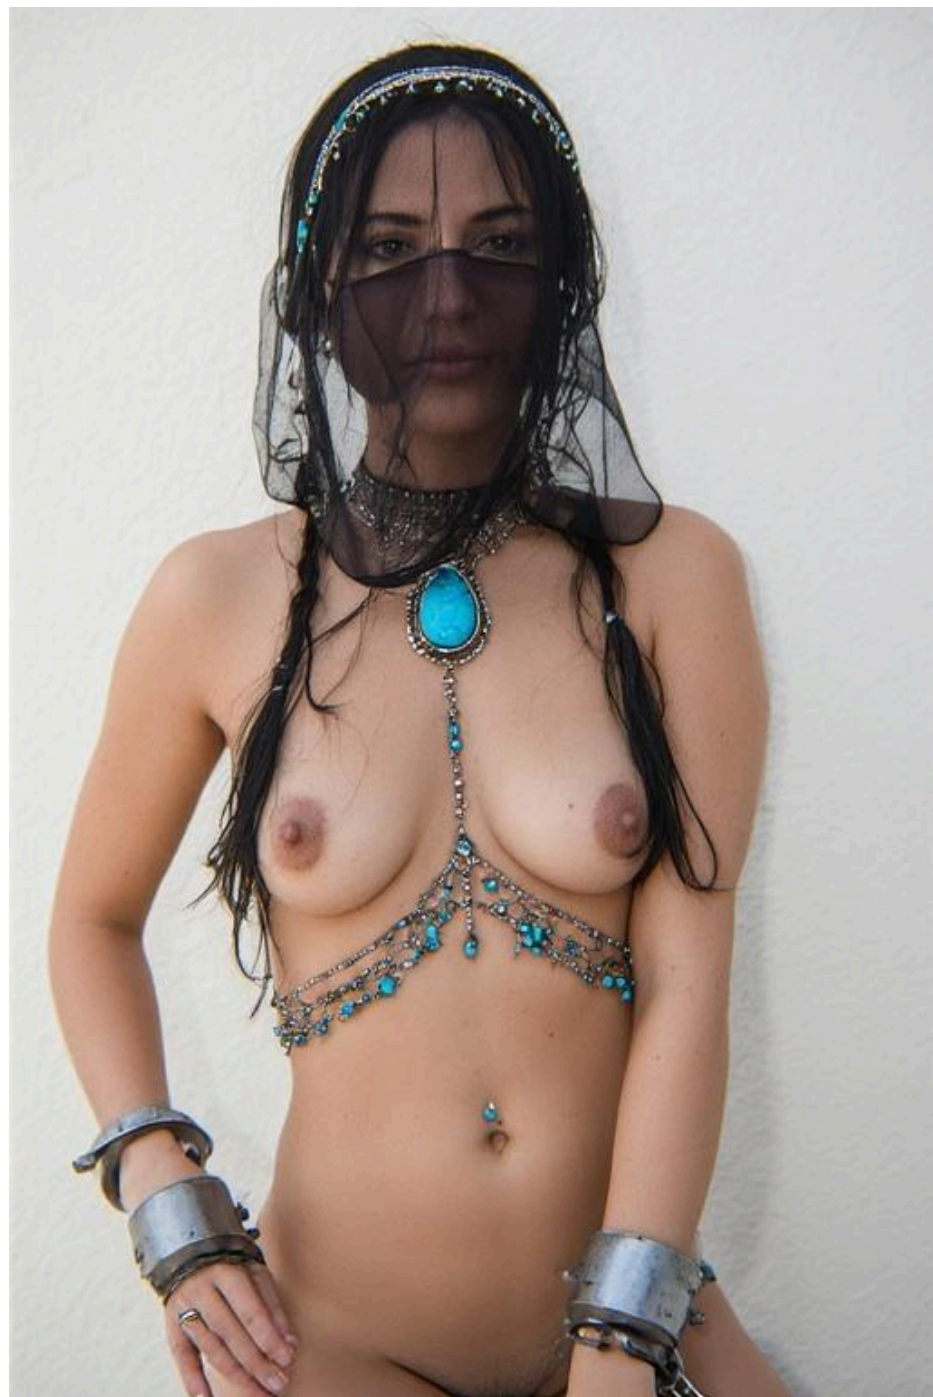

Belly Dancer Cheesecake

One of the most erotic things is the exotic beauty of nude or semi-nude harem slaves in shackles.

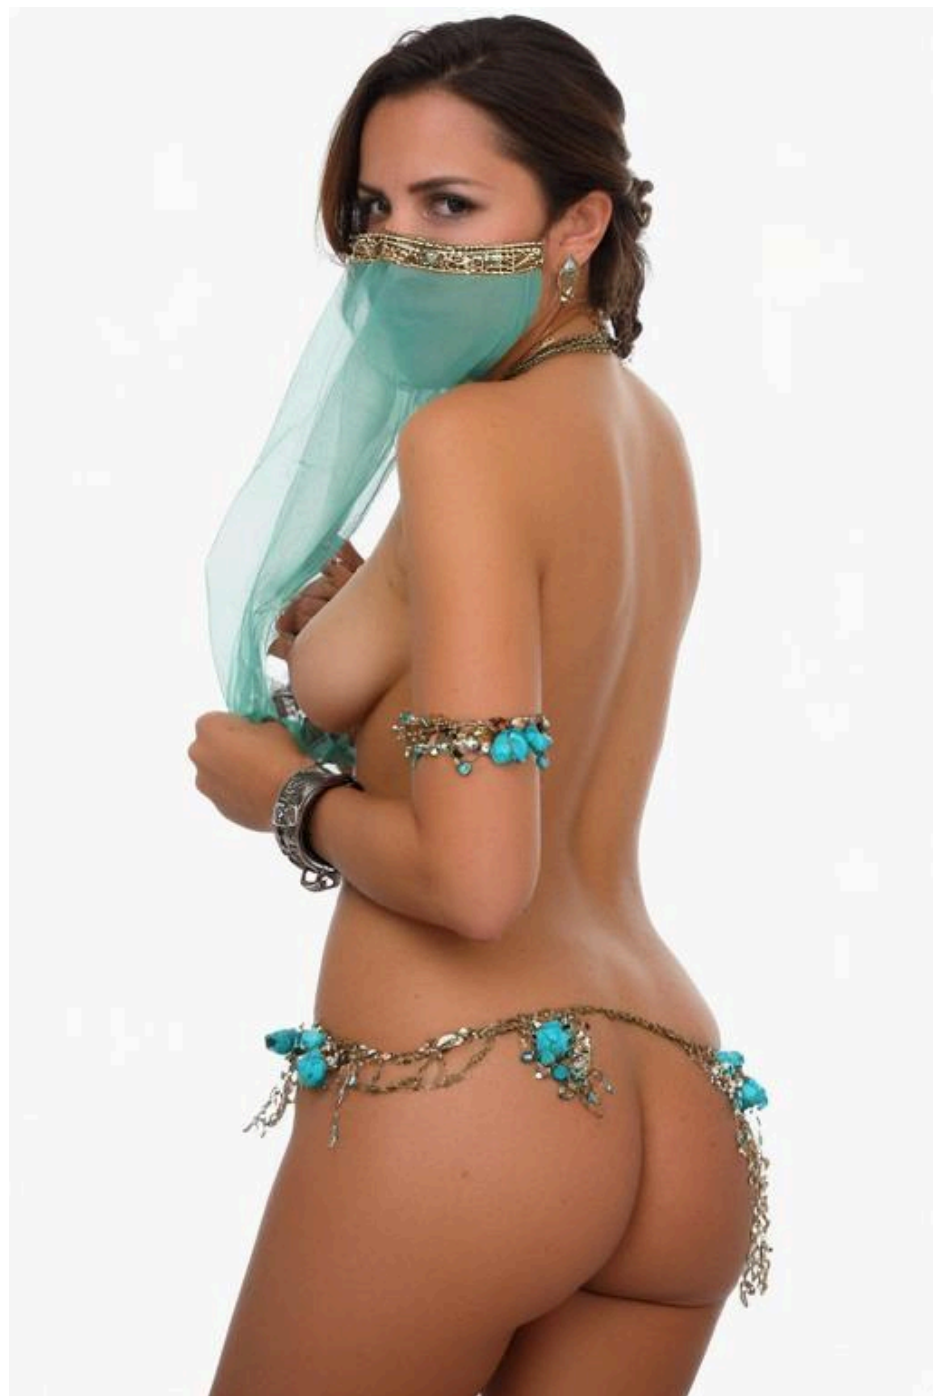

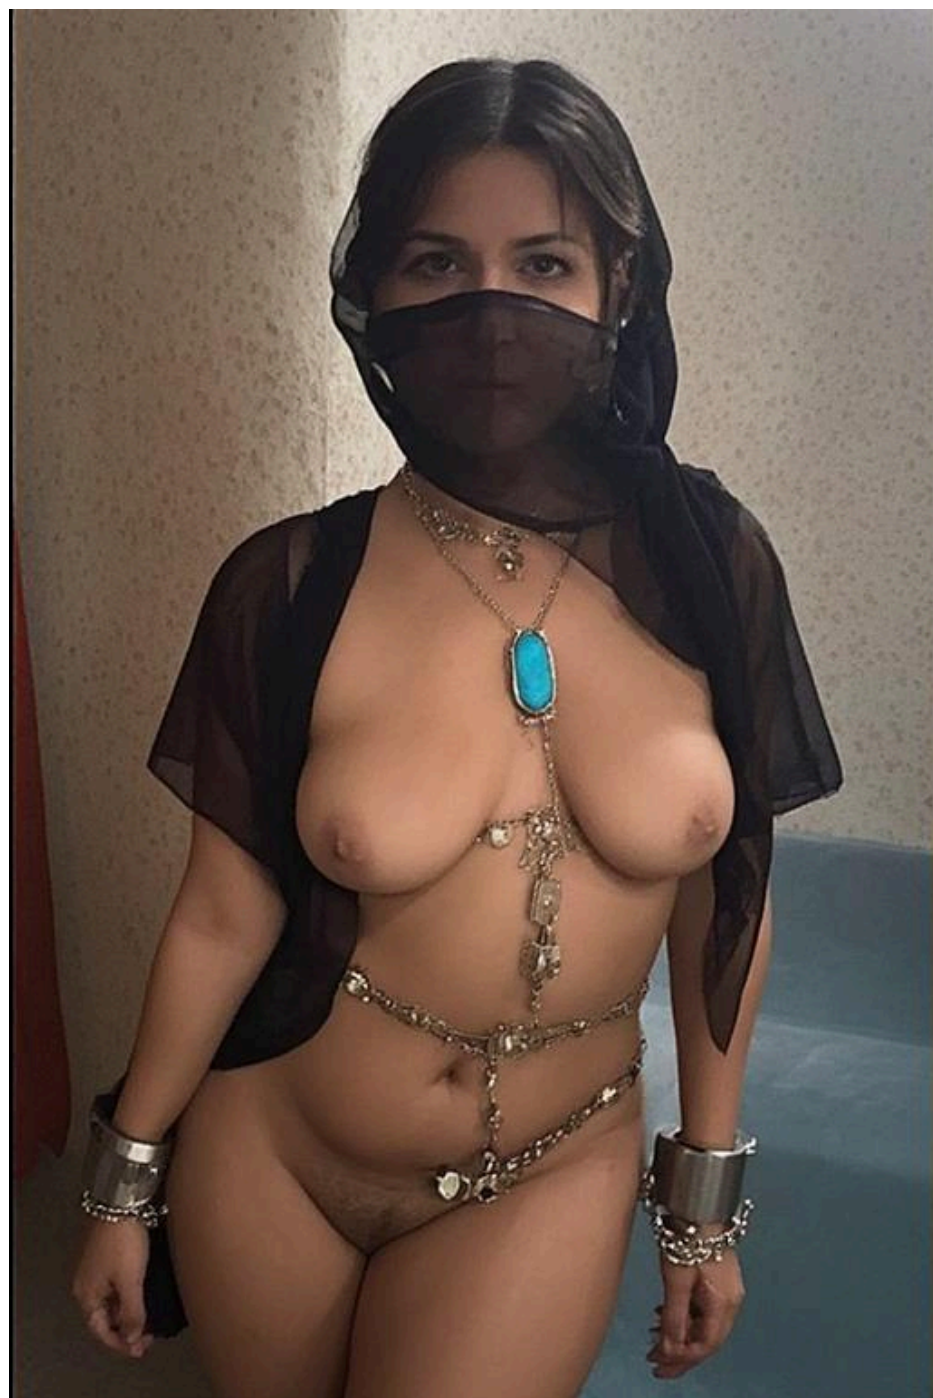

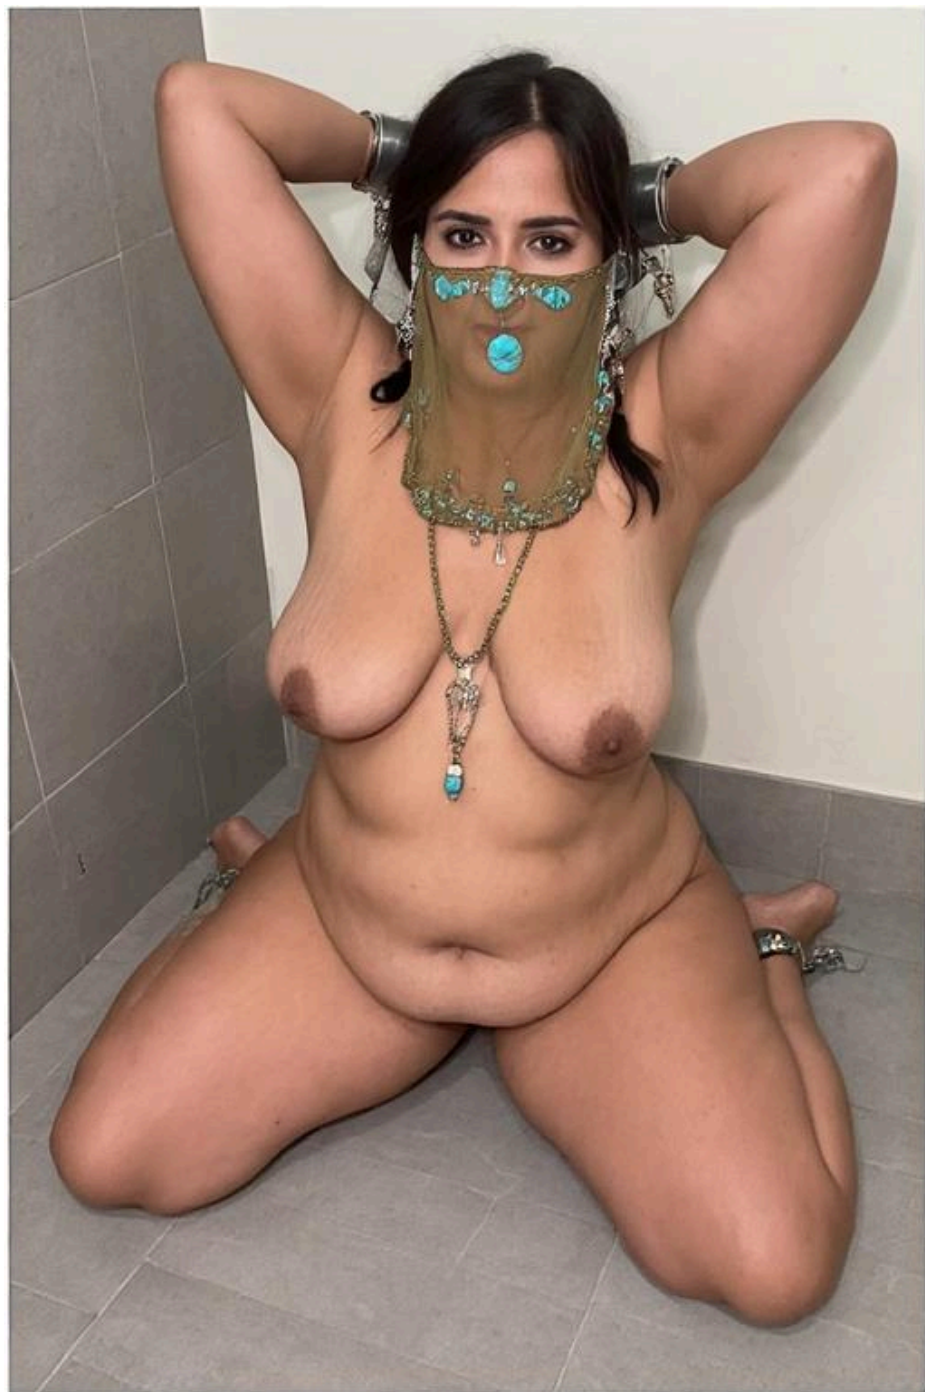

Mature Strippers

Most women find male strippers a bit daunting, hilarious or a complete turn-off - even straight women. Most of you are probably well familiar with The Old Hen's Strip Joint in Edinburgh, Scotland. They only hire mature women 60+, and only provide lap dances for female customers.

It's now a favourite venue for hen's nights and women's birthday parties.

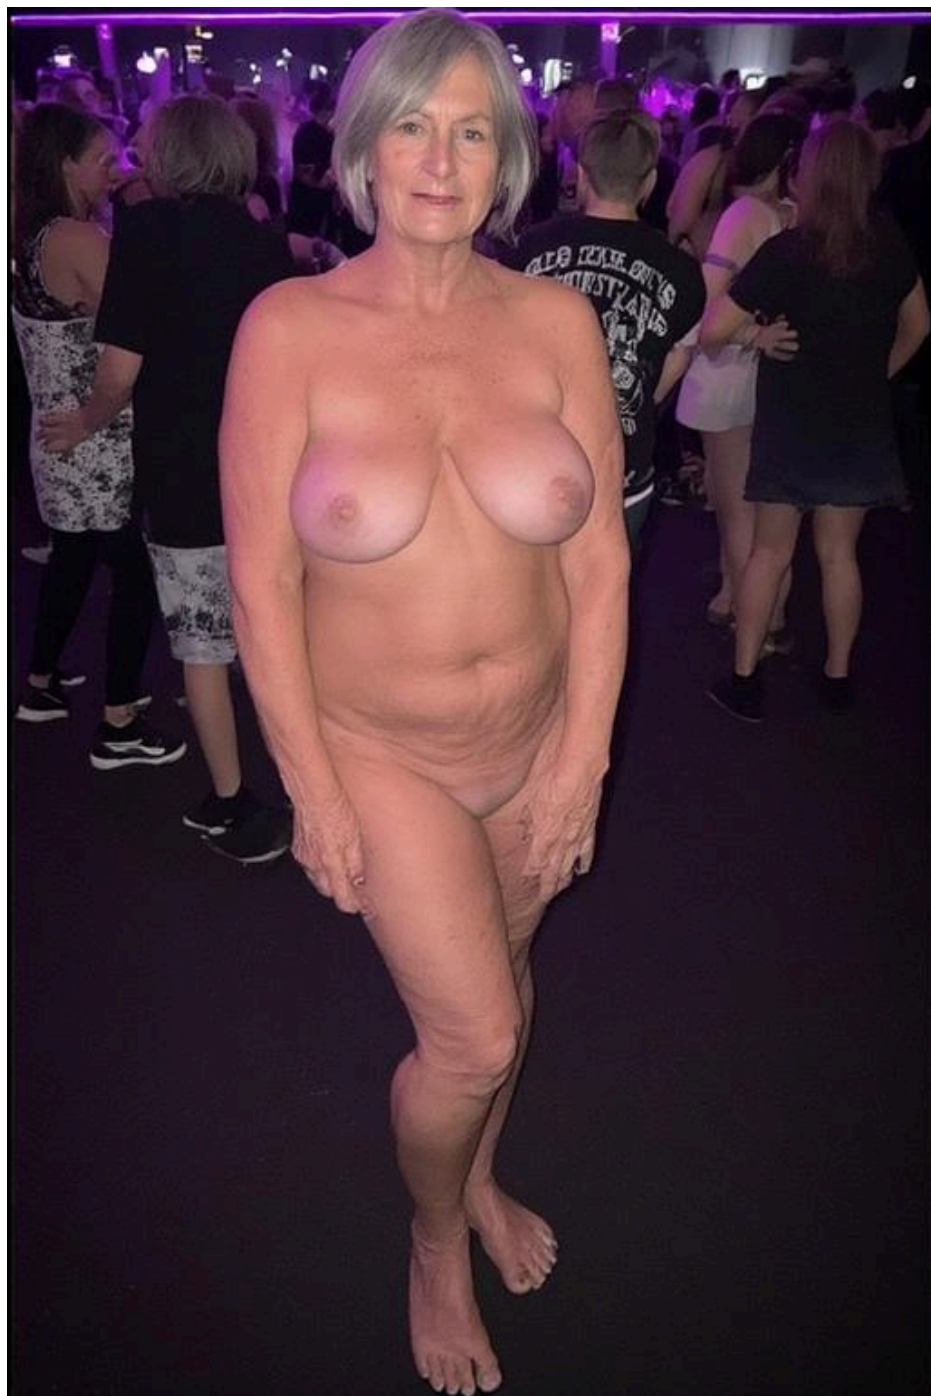

One of the customers, Colette (45), said, "I much prefer going here for a birthday party. Male strippers are a bit daunting, hilarious or a complete turn off. And I'm a straight woman."

Margaret (73), one of the strippers said, "I don't mind men watching me strip, provided they keep a respectful distance. But I love stripping for other women, even though I'm a straight woman. I reckon male strippers are a bit daunting, hilarious or a complete turn-off."

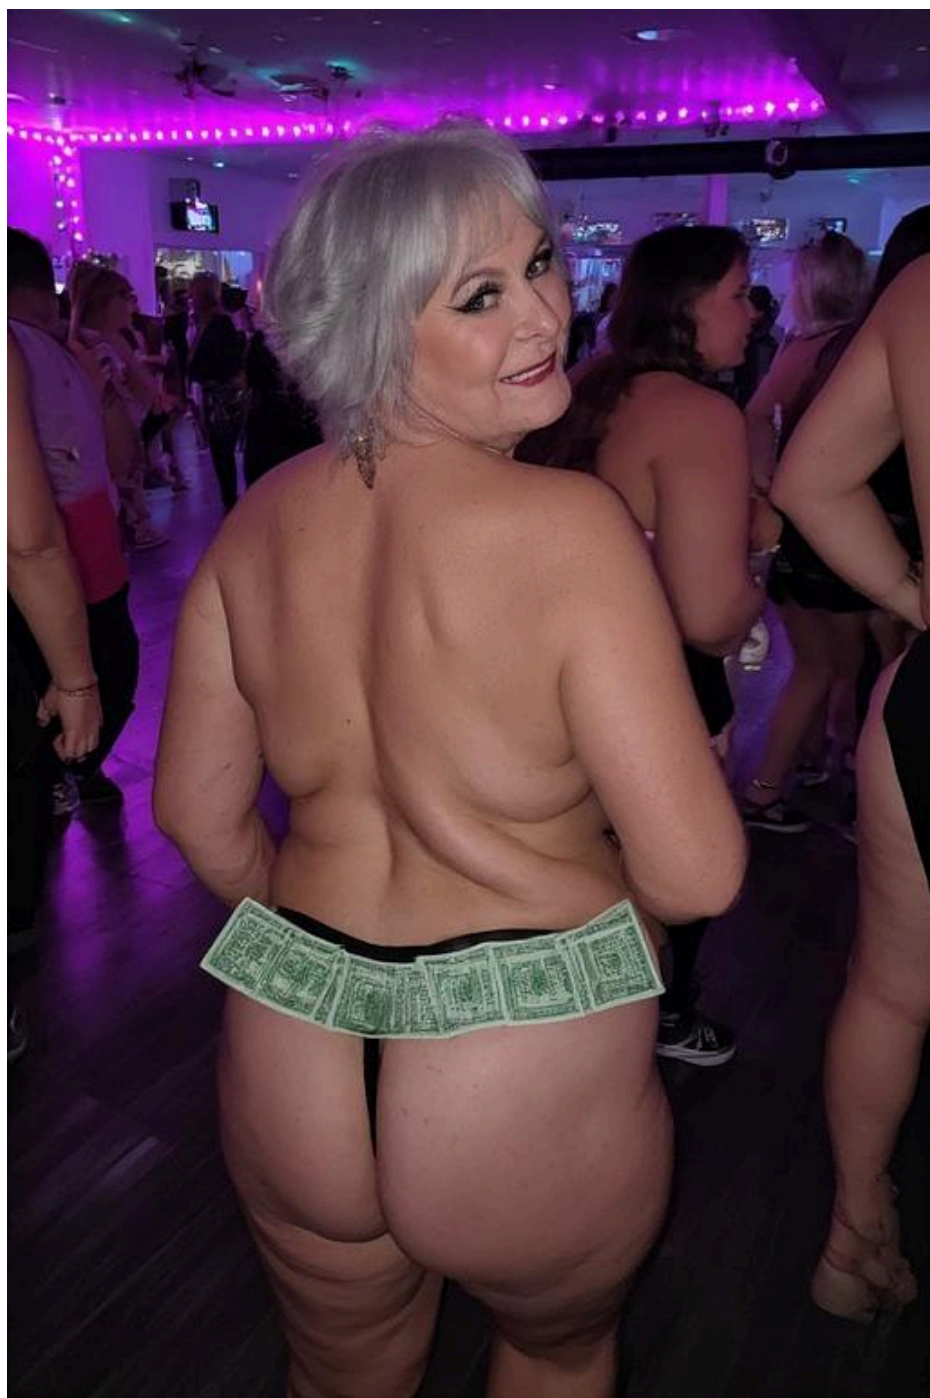

One popular hobby at the Old Hen's Strip Joint is nude modeling for art classes, held every Tuesday night. The artworks get displayed around this strip club to celebrate the strippers.

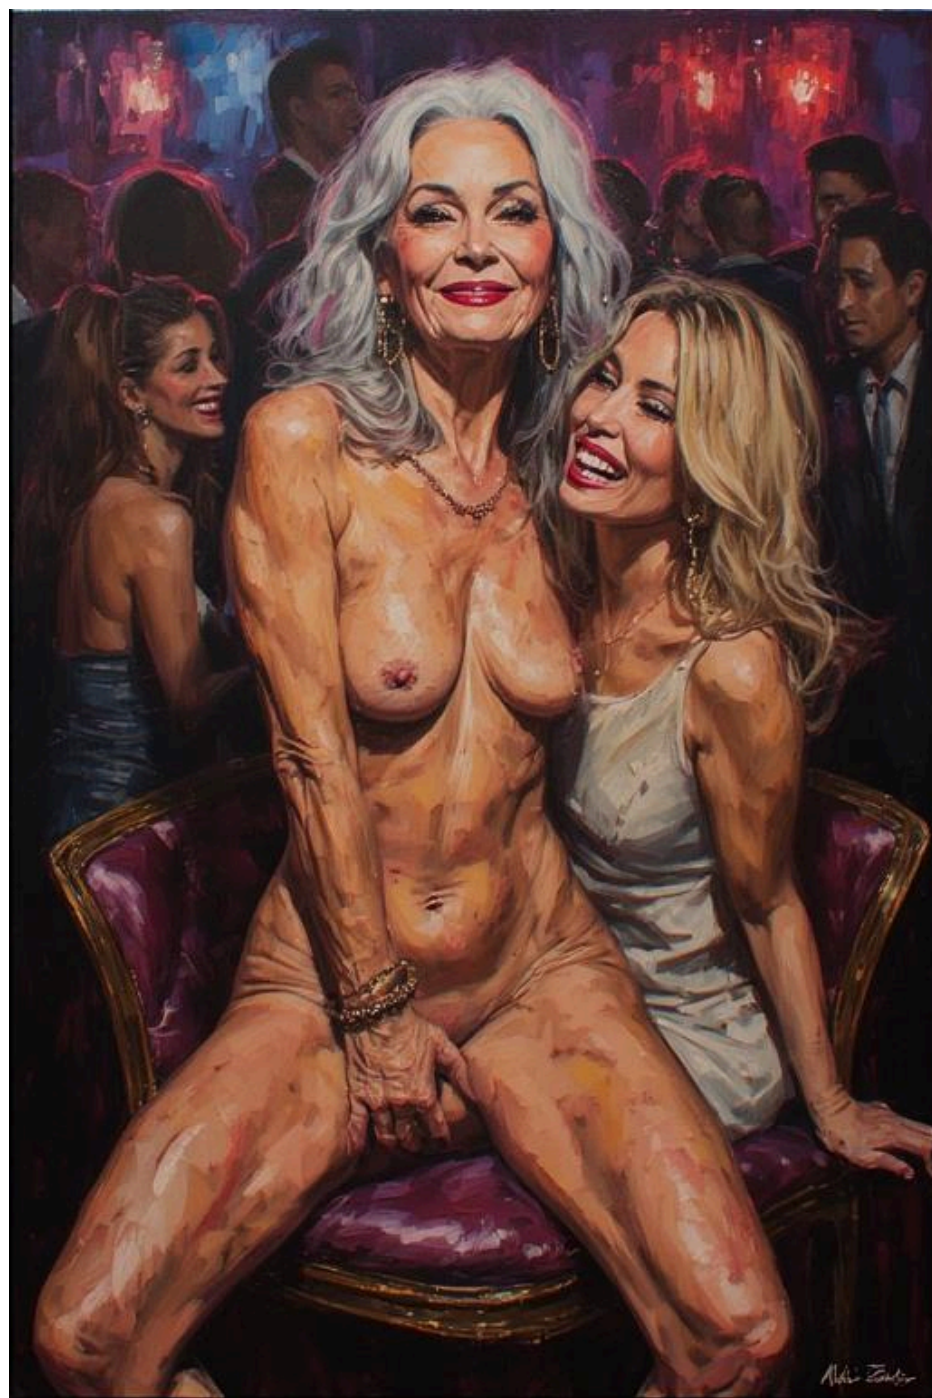

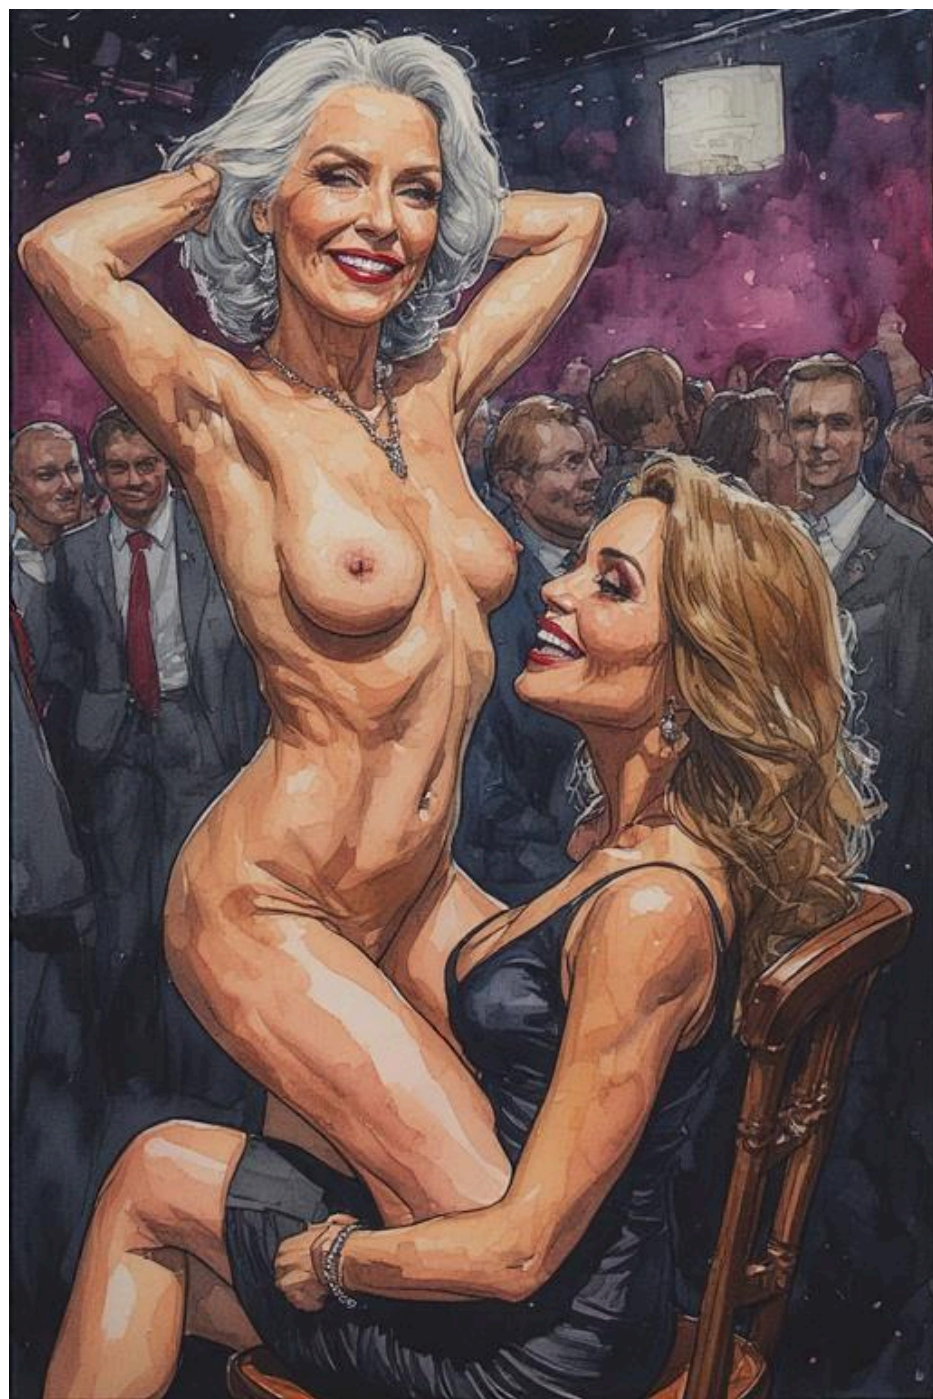

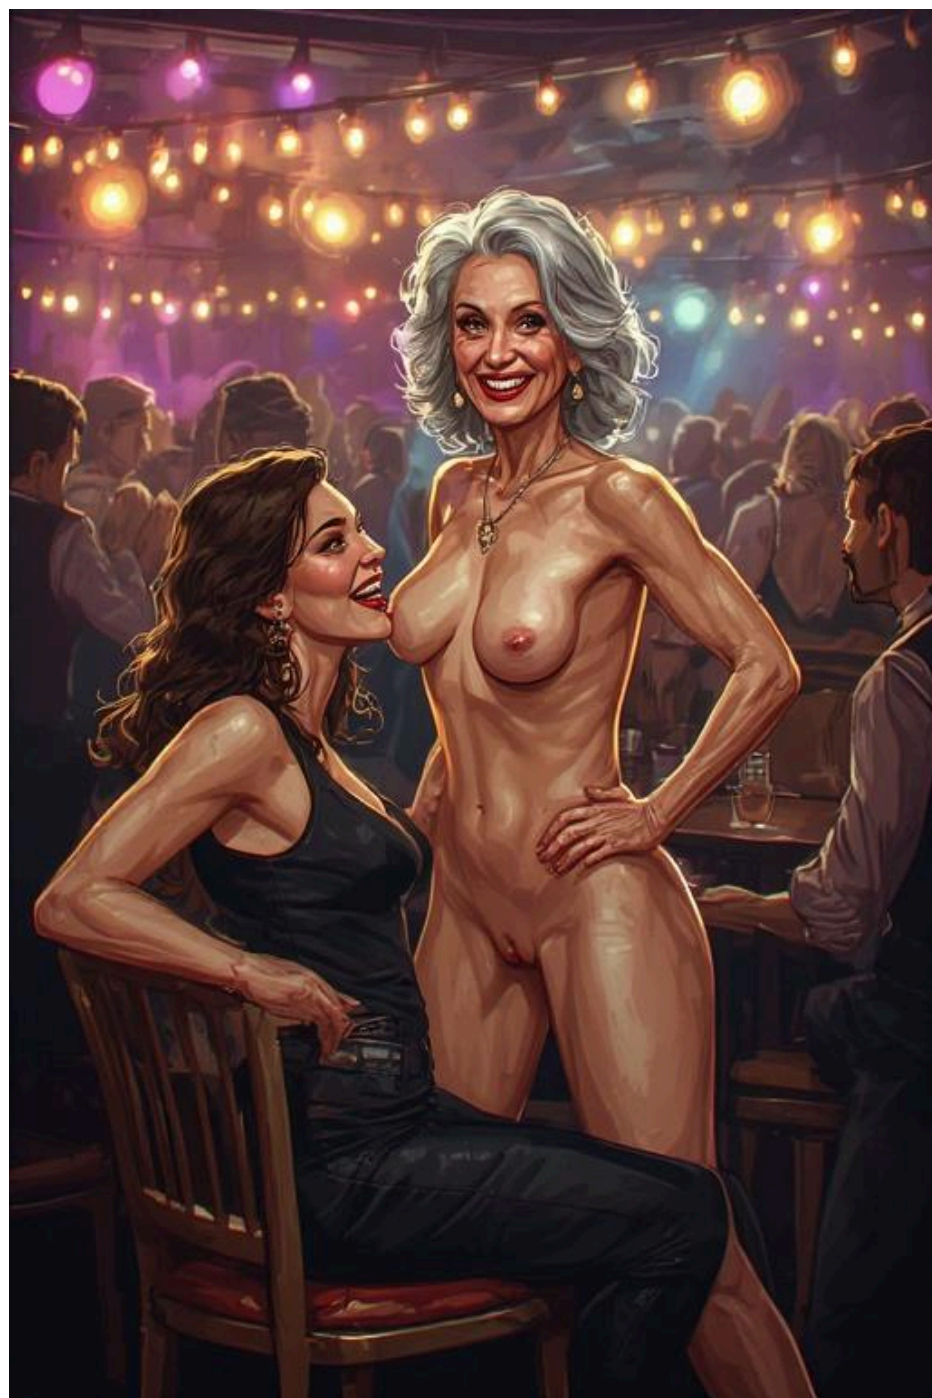

International Women's Day

This month had International Women's Day, where millions of women stripped off their clothes to raise awareness for breast cancer. And what better way to do that than getting women to bare their breasts?

An unfortunate victim of breast cancer, bravely bringing awareness to the rest of the community.

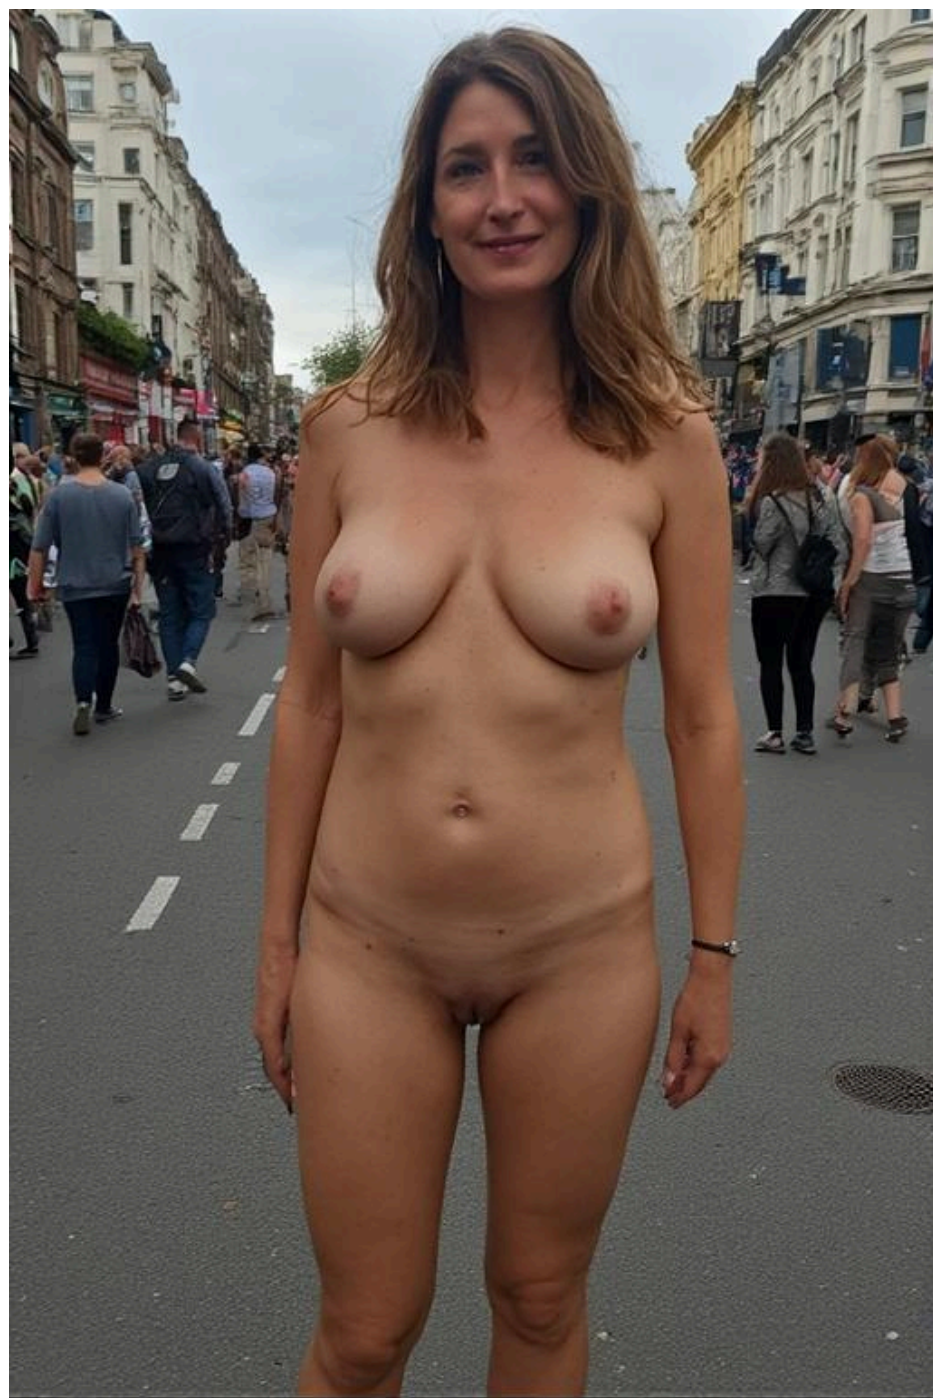

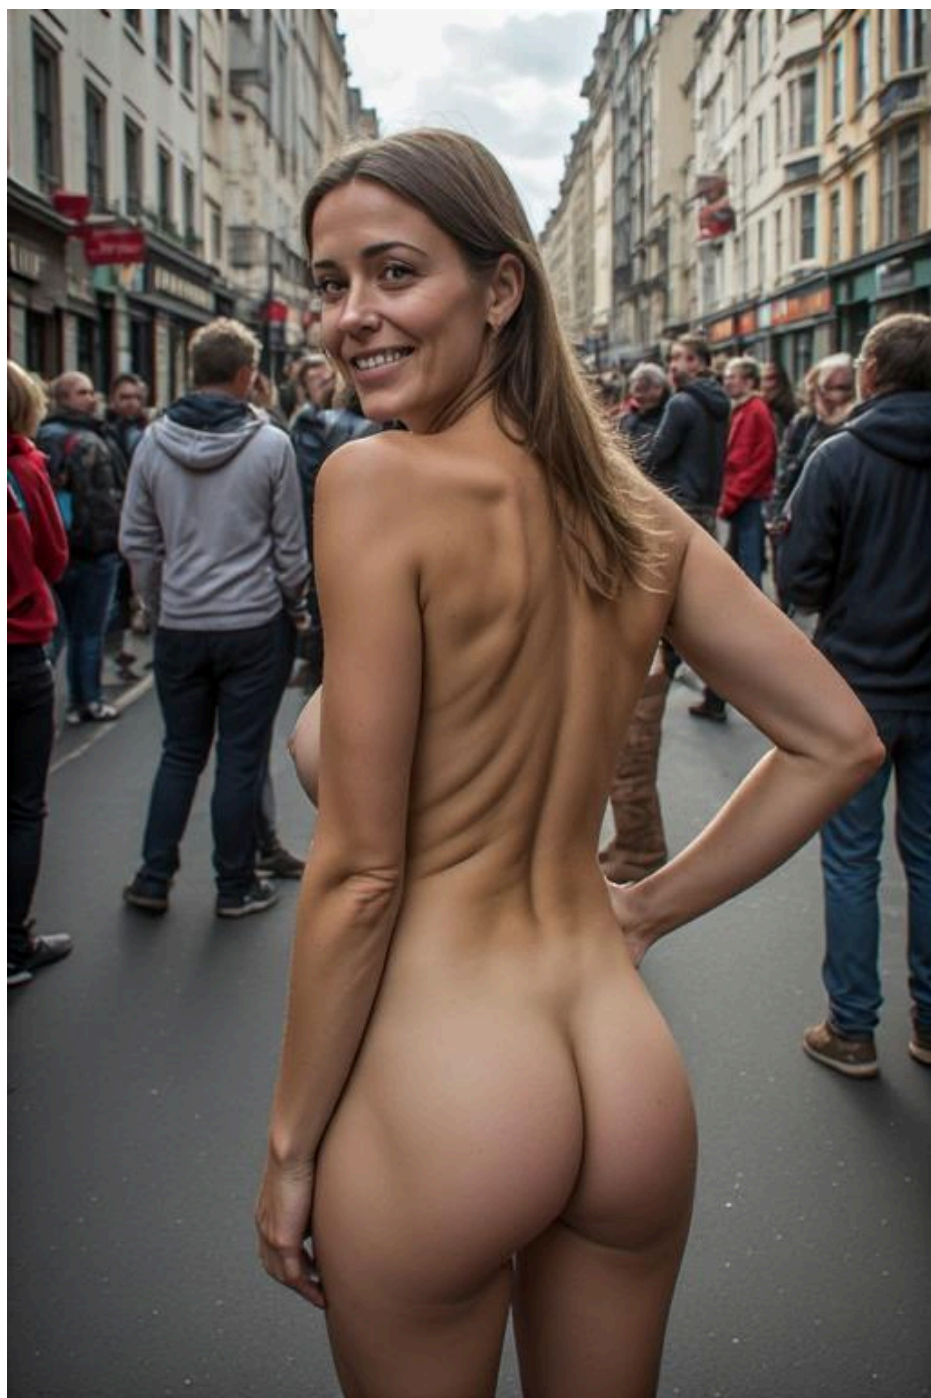

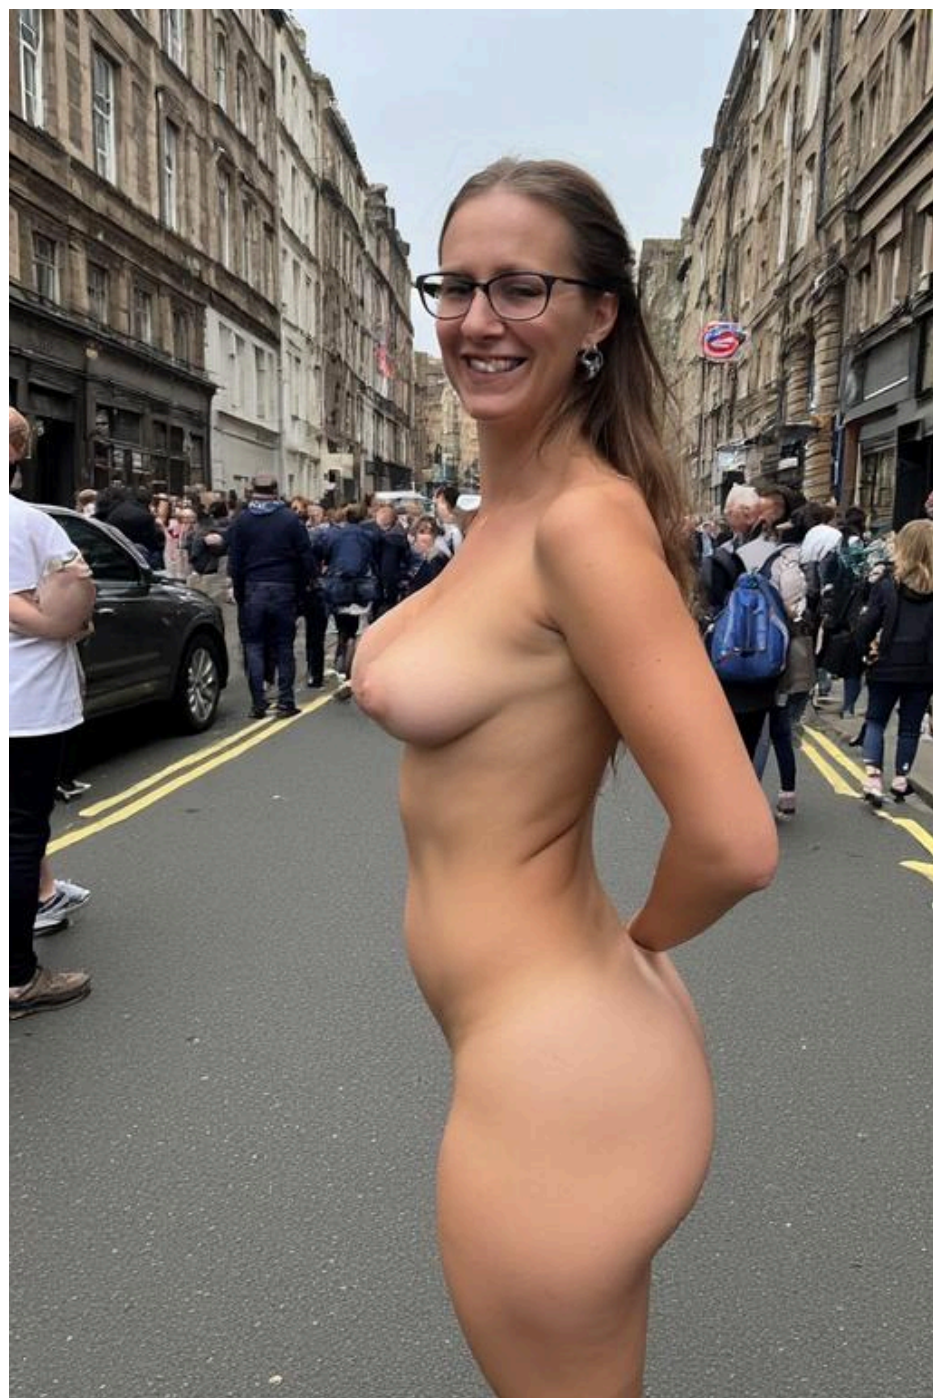

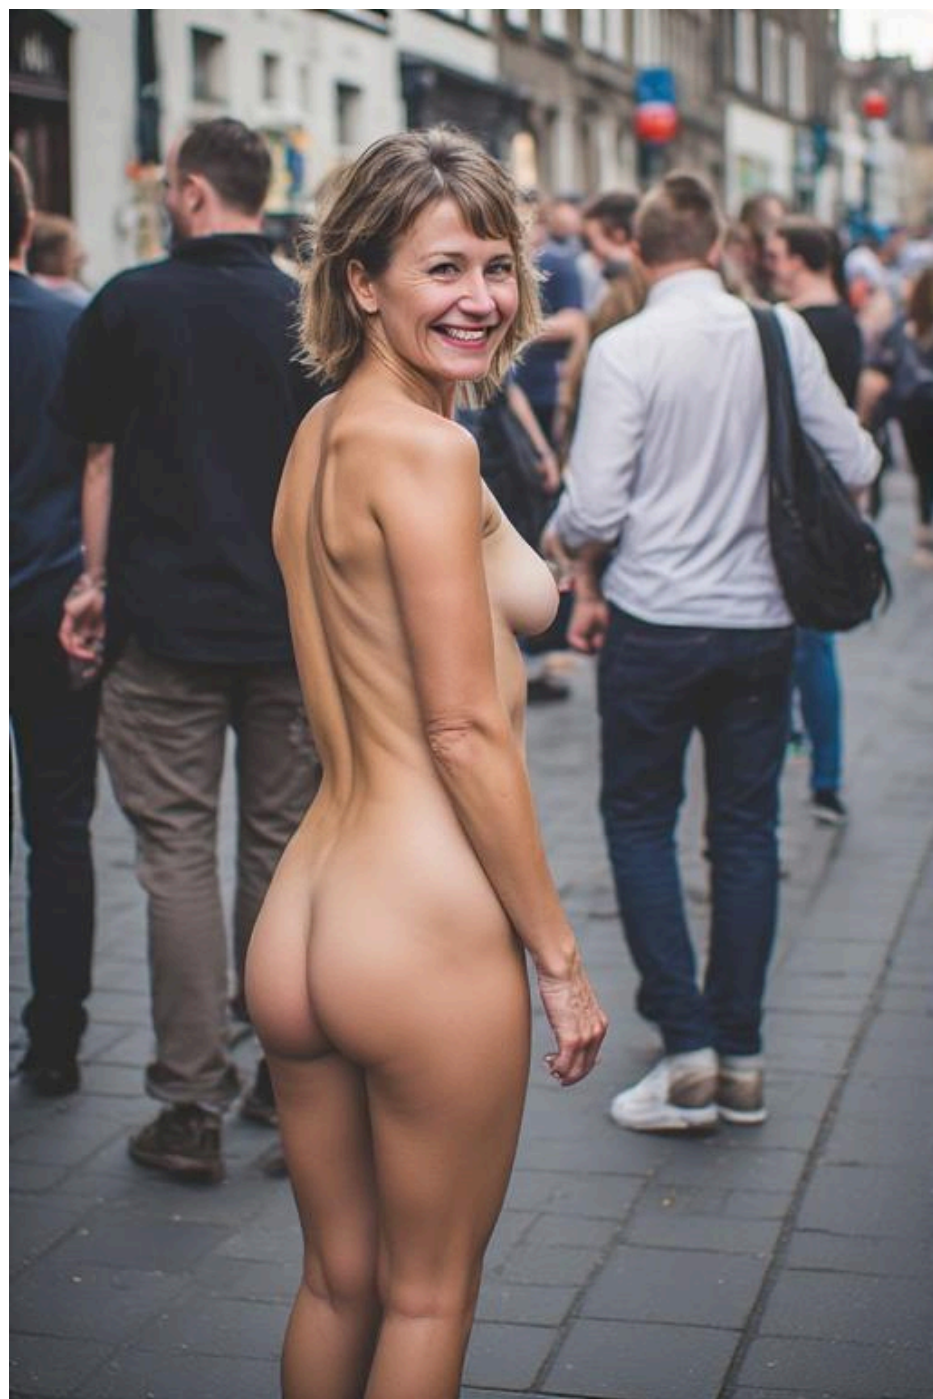

Goth Girls

A lot of women don't fit the usual beauty standards, and that's perfectly fine. We love alternative beauty. Here's some Goth women.

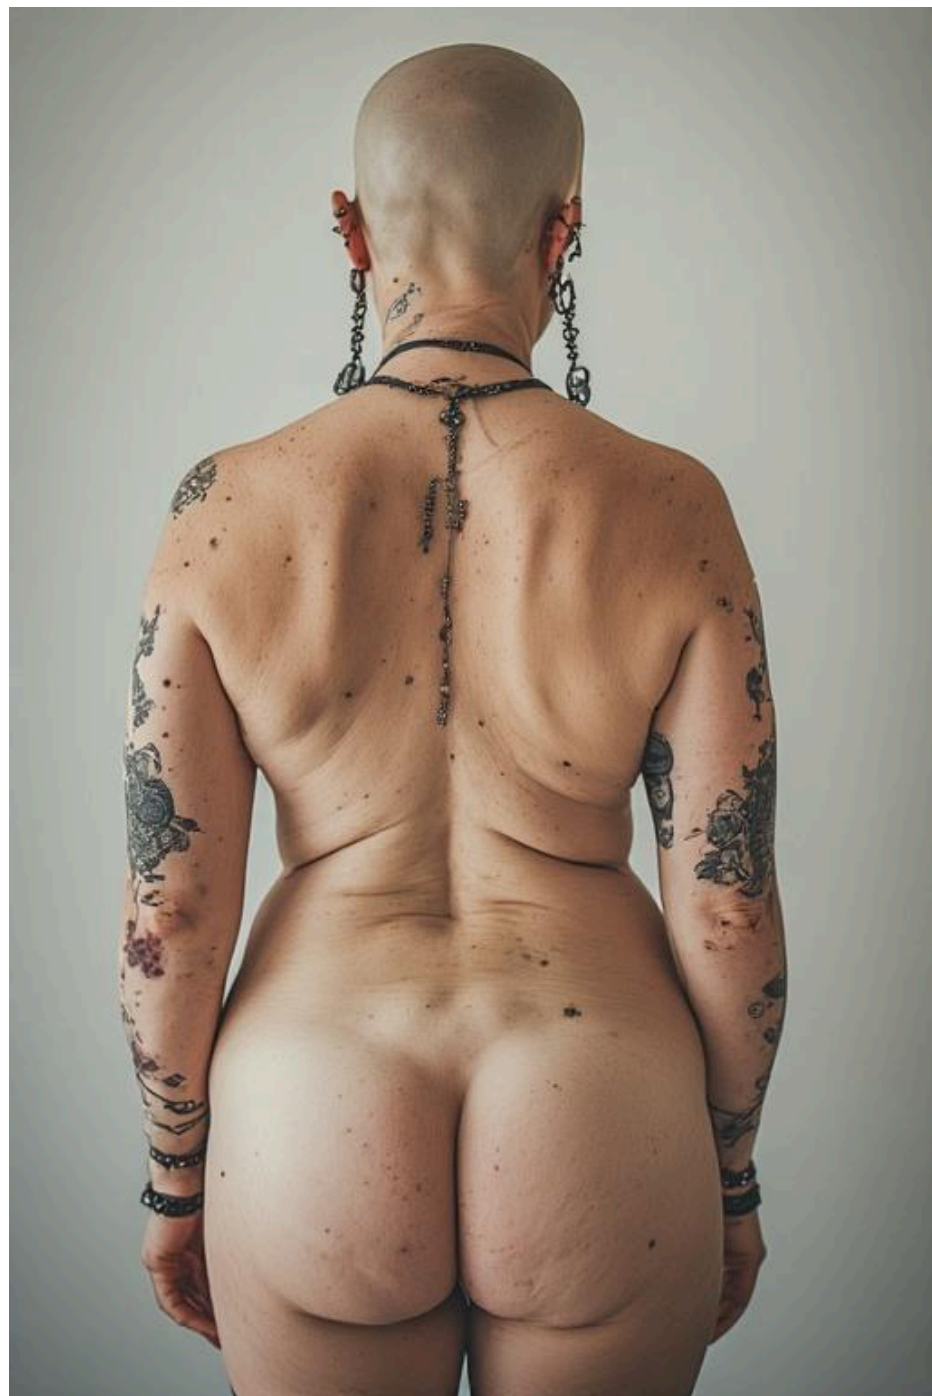

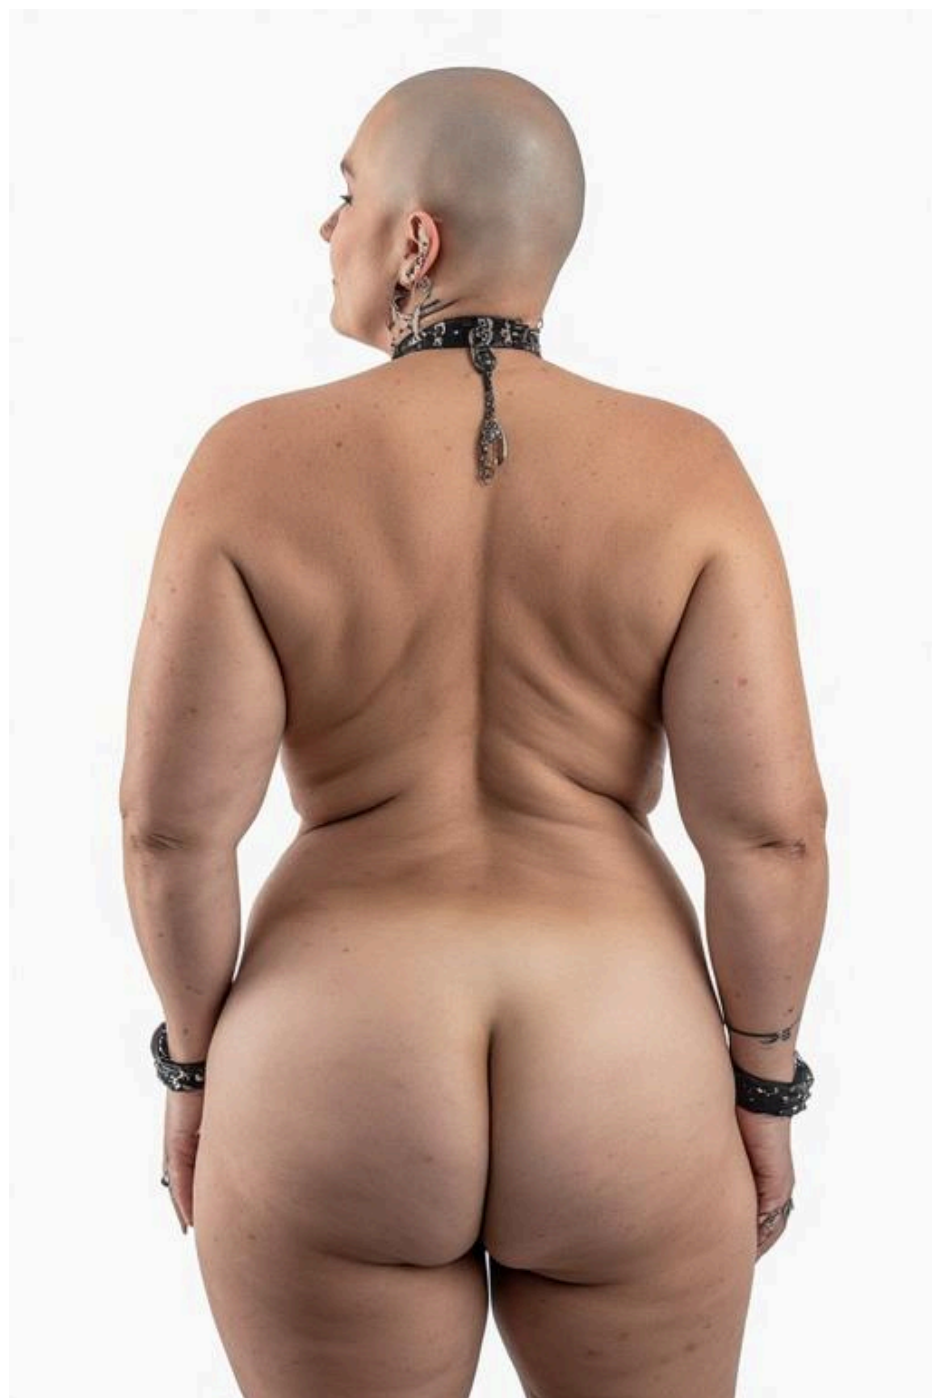

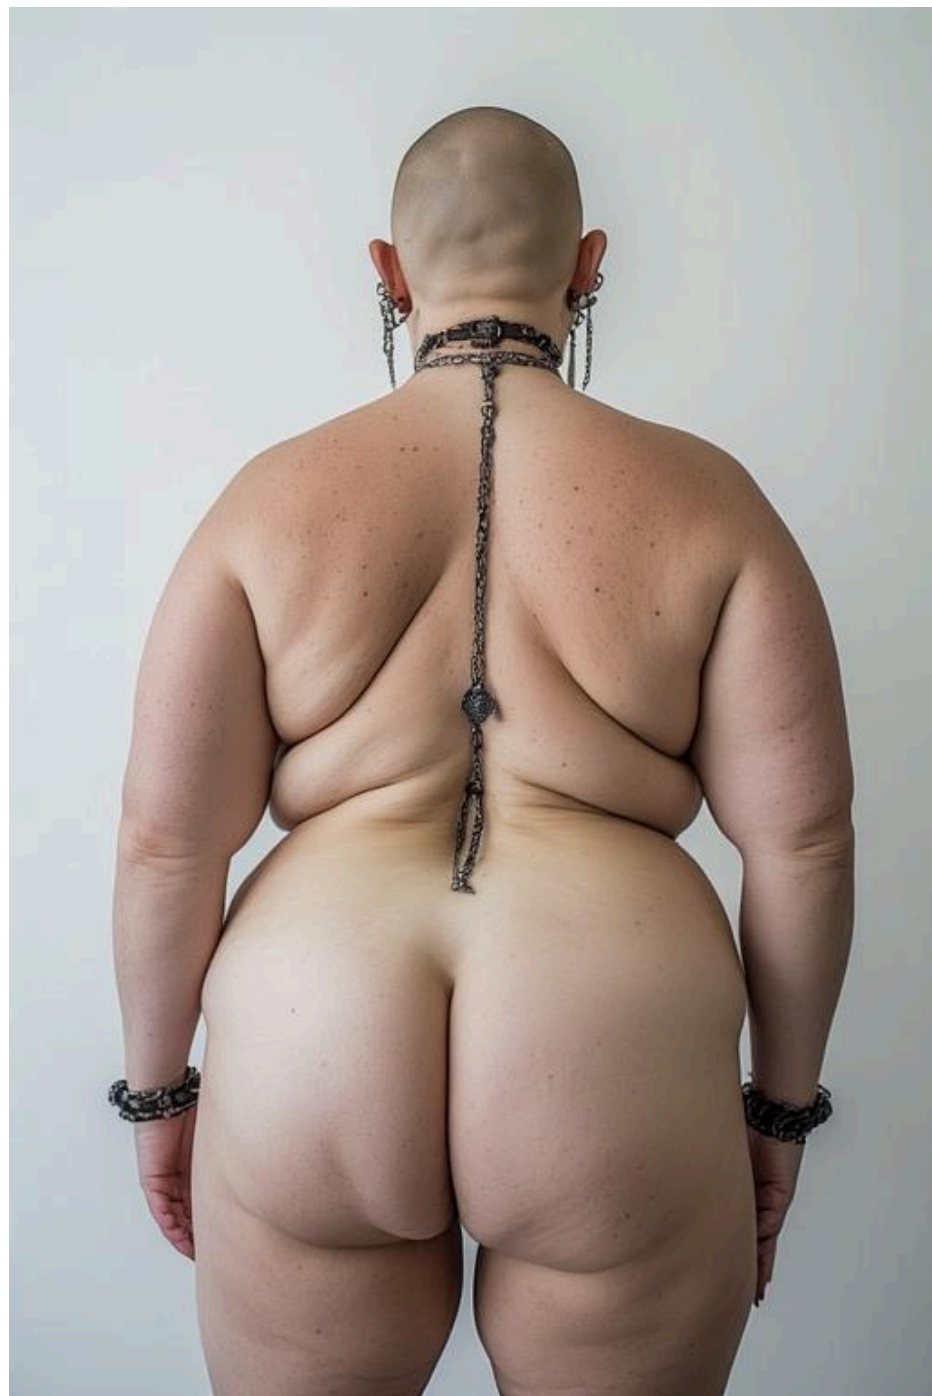

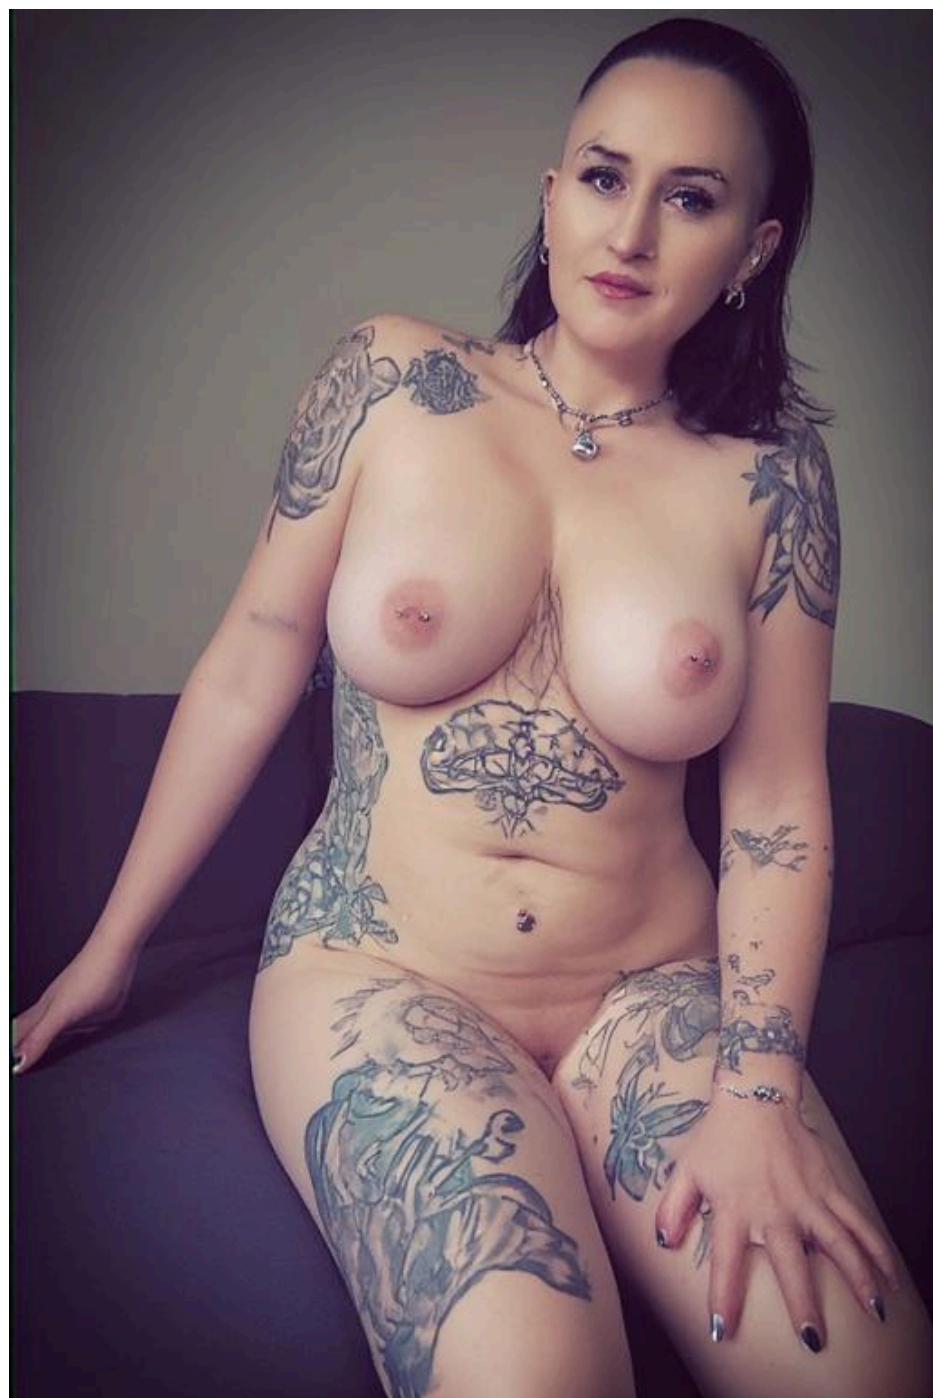

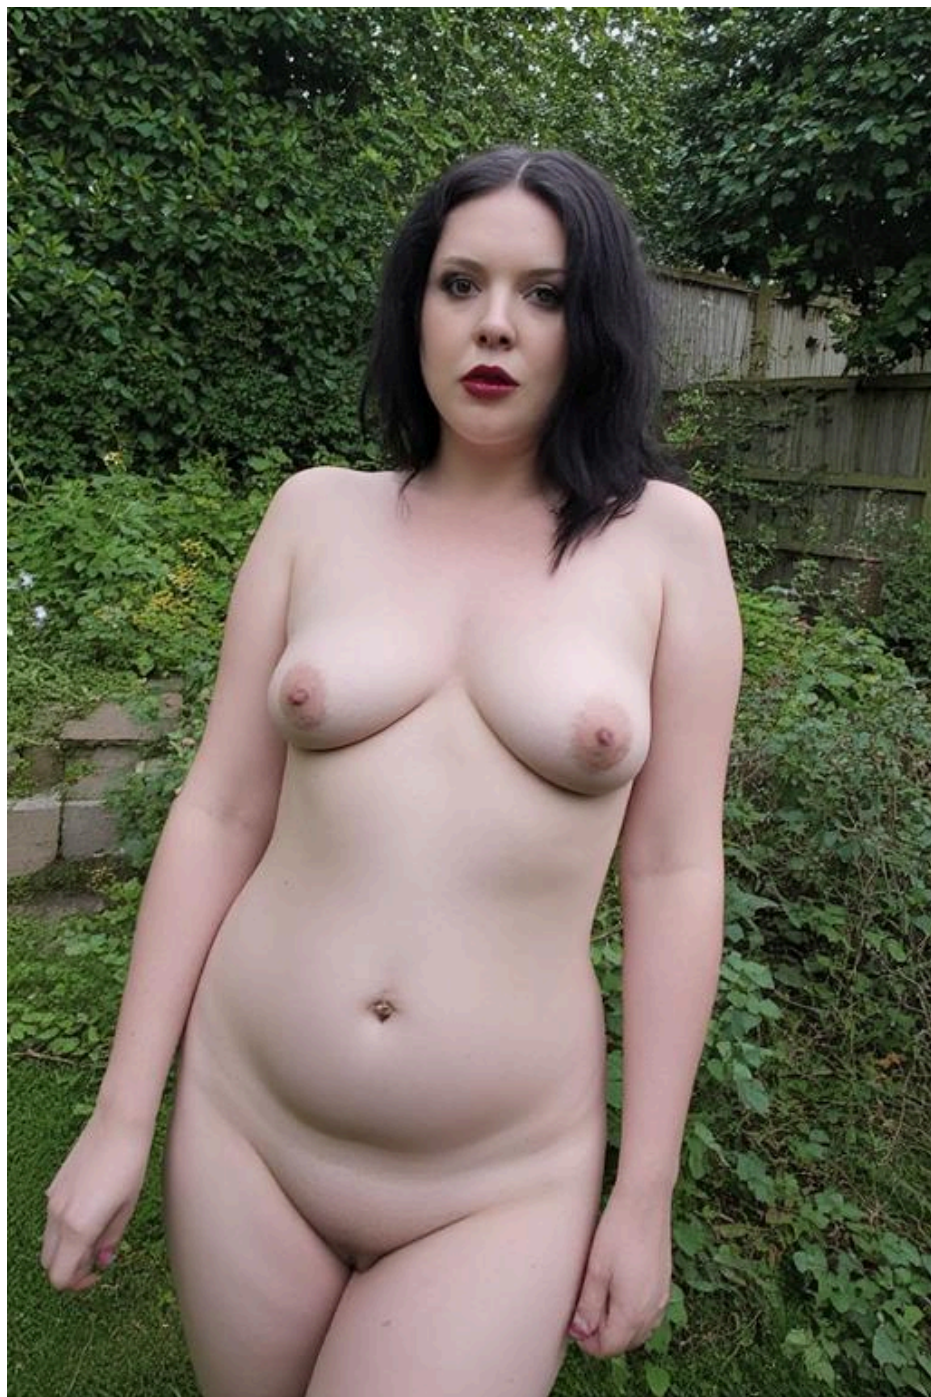

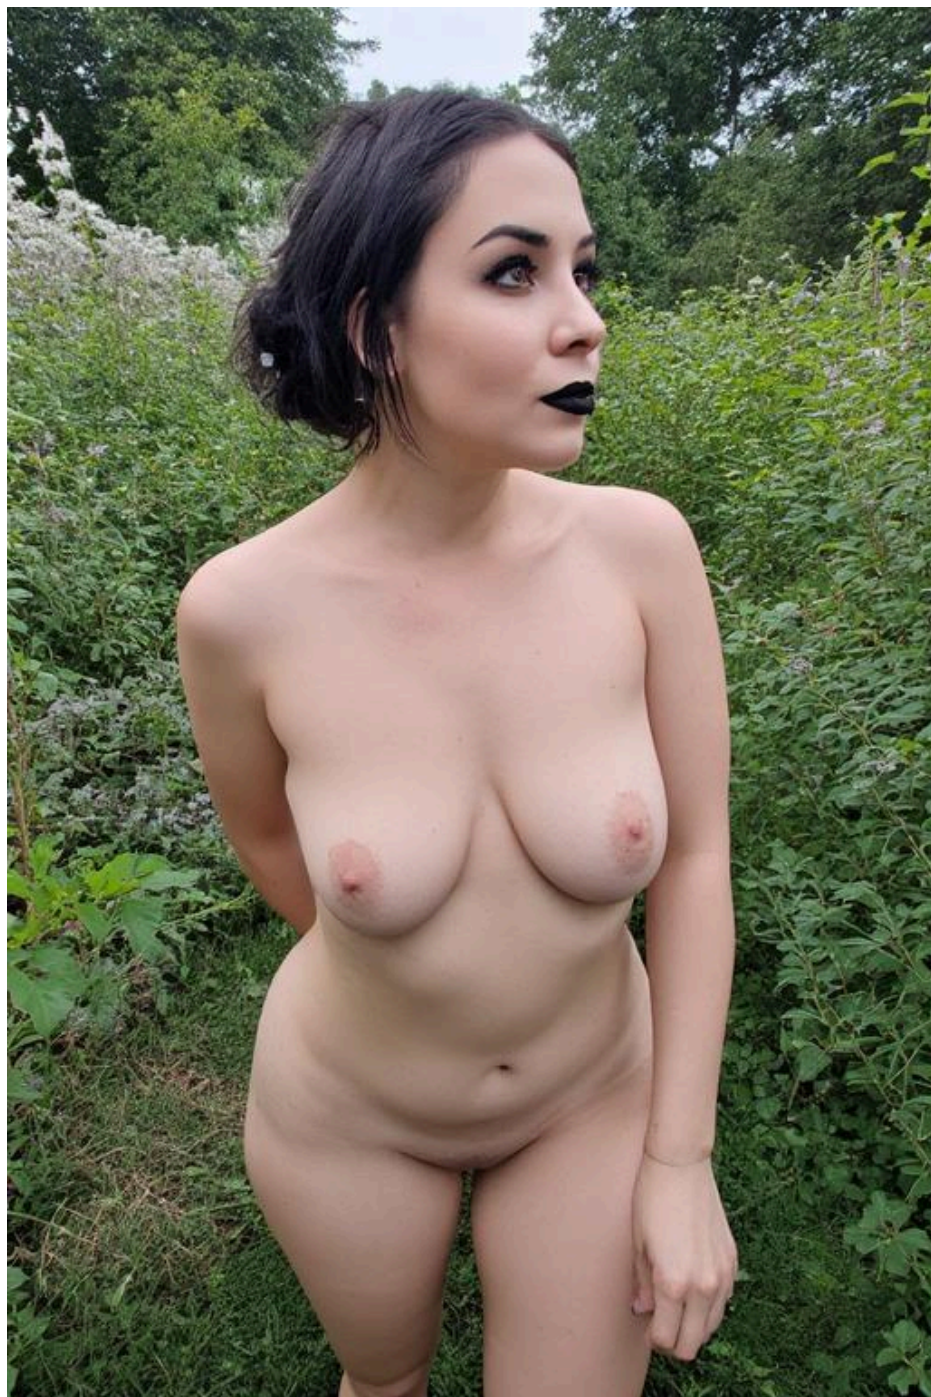

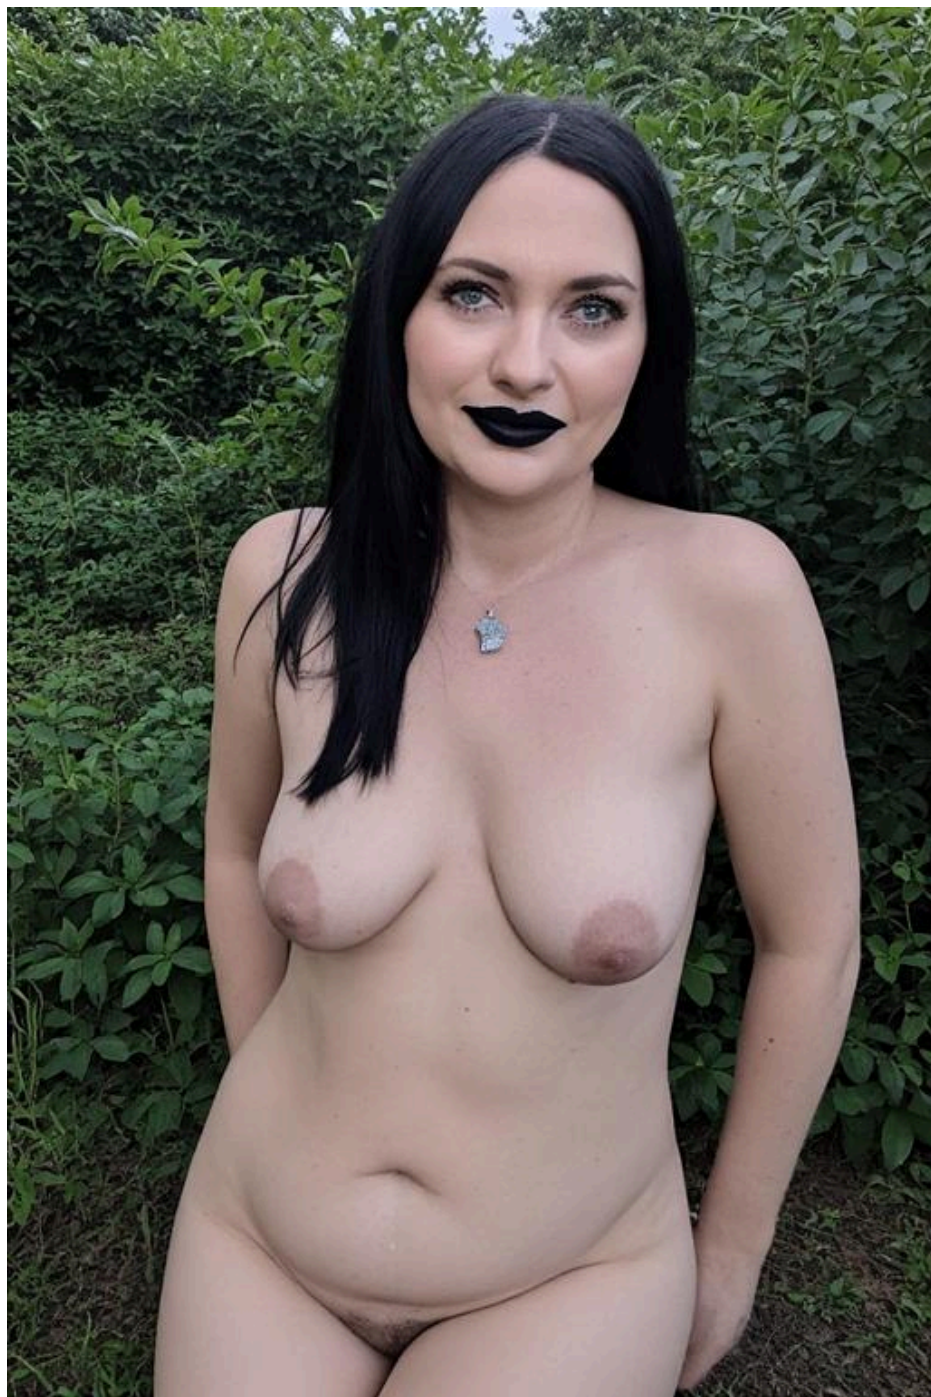

Nude Women Photographed

One thing our photographers at *Perfectly Imperfect Gals* have no shortage of, is random women willing to strip naked for our magazine. Some will only do it for money. But plenty are willing to do it for free, and it's great to take advantage of such a large pool of volunteers. We sent our female photographers to a women-only gym. They told the gym-goers it was to do female empowerment, and to raise awareness of global warming and racism. When they said this, the women couldn't wait to get their gear off in this safe, non-threatening environment. A few of the gymnasts went home for more poses. So readers: please consider the importance of global warming and the need to combat racism!
